ALSO OF SALTAIR BEACH CO.

They Elect Officers for the Ensuing Year and Adjourn Subject to Call by Prest. Snow.

At the stockholders' meeting of the Salt Lake & Los Angeles railroad company and the Saltair Beach company held in the president's office at 11 o'clock this morning, no action was taken in regard to the appointment of a general manager for either of the companies.

The stockholders met and in both cases elected the directors; the latter then met, qualified and elected the officers for the ensuing season with the exception of the general manager of the railroad and the general manager of the beach resort. The meetings then adjourned subject to the call of President Snow, who will later issue the call when the directors will decide upon the future policy of the companies and who will fill the two important positions. With the excep-tion of the substitution of the name of L. John Nuttall for that of Nephi W. Clayton in the directorate of the Saltair Beach company there were no changes made at the meeting. The directors and officers elected at

the two meetings were:

STREET CAR FRANCHISE.

County Commissioners Refuse to Grant Salt Lake Company's Petition.

After the "News" report closed last evening the session of the county board, considering the franchise propositions to the street car companies, continued at some length. Attorney E. B. Critch-low, in speaking for the Salt Lake City Railroad company, held that the Rapid Transit company, in allowing its fran-chise to remain unused for eleven years, is conclusive evidence of its abandon-ment. Continuing, he said: In 1890 the county commissioners granted the Rap-id Transit people their first franchise; in 1892 J. B. JOHNSON DISCHARGED.

Federal Court Contempt Prison r Taken from Jail-Other Items.

The Federal court was in session this morning. Several important matters were brought to the attention of Judge Marshall.

Another event in the case of the Southern Pacific Railroad company vs. Wm. E. Johnson, was enacted this morning. Johnson has been ordered several times to appear before the elerk of the district court in Brigham City to give testimony as to his property. Each time he failed to appear, except the last, when he came in such an intoxicated state that no business could be done. Last Monday he was sentenced to 20 days' confinement for contempt, but was brought before Judge Marshall today, and after making promses to appear before the referee in Brigham City on the 27th of this month and to give evidence as to his property, the prisoner was discharged.

In the case of Earl M. Cranston, as ecciver for the People's Bank of Denver vs Chas. E. Richards, the findings of the court were in favor of the plainiff. The case was a suit to recover \$2,400, the amount of the assessment levied by the comptroller of the cur-rency on the 48 shares of the stock owned by the defendant in the defunct Mational bank National bank.

A decree was issued in the case of the United States vs the Gilson Asphaltum United States vs the Glison Asphaltum company, restraining the defendant company from operating on certain property in Wasatch county, to which they have no title and upon which the material gilsonite is found. A stipulation was filed today in the case of the United States vs the As-syrian Asphalt company. It was in respect to the written opinion on the

syrian Asphalt company. It was in respect to the written opinion, on the Uncompaghre Indian reservation boundary line, recently handed down by Judge Marshall. The defendants claim the line decided upon to be er-roneous, but it has been agreed by the parties concerned that the injunction may be dissolved as to the property west of the line. However, the stipu-lation is made with the understanding that the defendants can appeal from that the defendants can appeal from the court's recent decision as to the boundary line.

A lengthy written opinion on the me-its of the claims of creditors of Je-rome Hirshman, who appealed from the decision of Referee Baldwin re-

rome Hirshman, who appealed from the decision of Referee Baldwin re-garding the expungement of their claims on the grounds of having re-ceived preference within the 4 months limit, etc., was handed down today by Judge Marshall. He uphoids the referee on many of his decisions. In the case of S. M. Jarvis and R. R. Conklin vs the Bear River Irrigation and Ogden Water Works company re-garding the matter of water rentals, the receiver was ordered to pay \$8,-718,98 of the money received from rent-als during the six months, ending Dec. als during the six months, ending Dec. 31, 1900, upon the payment by the Og-den Water Works company of \$10,000, the interest due upon the bonds of the said company.

that it was gradually evolving into a form that would soon become detrimental to the schools. A committee composed of Prof. George A. Eaton, of the High school; President J. H. Paul, of the L. D. S. college, and Prof. Harvey Holmes, of the University, was appointed to issue a circular letter to the schools and colleges of the State and to draw up a set of rules governing the athletics of the State educational in-stitutions. Following is the letter:

My Dear Sir:-At the recent session of the State Teachers' association, the subject "Use and Abuse of Athletics" was the most prominent topic of debate in the second prominent topic of debate in the secondary department meeting. The opinion was unanimous that school theletics should be encouraged within all reasonable limits, but that proper upervision by the school authorities vas absolutely necessary to eliminate the harmful and growing tendencies towards professionalism. It was deemed desirable, too, that some concerted action looking towards uniformity in matters of eligibility of players, financial management, etc., be undertaken. In pursuance of this end the sense of the meeting was expressed asking that heads of the representative schools of

the State meet on the following Satur-day, December 29, at the University, to draw up articles of agreement for the government of athletic sports in the schools of Uath.

schools of Uath. This meeting was duly convened on the above date. Many features of in-terest respecting local conditions in various schools were developed. A committee of three, consisting of Prof. J. H. Paul, L. D. S. college; Mr. Harvey Holmes, State University, and Princi-Holmes, State University, and Princi-pal George A. Eaton, Salt Lake City High school, was then appointed to

ormulate a code of regulations following as nearly as possible the views expressed by the speakers. The commit-tee was further empowered to forward a copy of these regulations to the heads of all representative schools in the State, and to invite all such to enroll their schools as members of this assoiation, to the end that a common basis of agreement in matters of athletics might thereby be attained.

Although the committee is aware that its work in the compilation of the prescriti ent articles may not lack of just cism, it nevertheless believes that the adoption of these regulations will be a long and strong step in the right direction, and that though they are not s far-reaching in some respects as might be desirable, this very fact will insure be desirable, this very fact will insure more readily the co-operation of all schools, while matters of minor detail may properly be left to the manage-ment of the individual institution. Herewith is enclosed a copy of the

regulations. Will you kindly inform the chairman of this committee, at you earliest convenience, as to your accept-ance of the conditions and the enroll-ment of your school in the league.

AMUSEMENT'S. 2......

The largest house which has assembled during the Modjeska engagement came out last night to see the performance of "Mary Stuart." While the play belongs to the old class of tragedles.and is at times rather slow in its movement, it enchained the interest of the audience to the close, the most artistic portion of the whole being the finish, where Mary goes to the scaffold, repeating in Latin the prayer of her church. Miss Hassett, as Elizabeth, Mr. McLean, as Leicester, Mr. Johnstone, as Burleigh-a most excellent characterization-and Mr. Von Mitzel. as Mortimer, all shared the favor stowed upon the star. Tonight "King John" will be repeated. The engagement closes with a final performance of "King John" tomorrow afternoon, and "Macbeth" tomorrow evening.
