Parker, Ida., May 21.—The early part of this month was marked by extreme-ly hot weather and the ground became quite dry. This was succeeded by a rain which gave promise of germinat-ing all the seeds which had to be sown shallow, this, however, was followed by three cold windy days and two freezing nights. Tuesday night loe formed to the thickness of three-eights of an inch. Fears were entertained that some of the younger beets were ruined. Later investigations, however, have proven that slight damage has been sustained. There is every prospect of high water this summer, which means prosperous times for the farmer. There is some alarm felt in our neighborhood regard-ing out in countless numbers. The scare ing crickets, which are said to be hatch-ing out in countless numbers. The scare of last year proved to be mostly un-necessary, as they can be controlled far more easily than grasshoppers. There are some cases of whoopingcough and one or two childbirth trouble-milk-leg, etc., but generally the health of the neonle is excellent. of the people is excellent. Battling Nelson and Aurelio Herrera to Meet in "Squared Circle."

CHAMPION IS THE FAVORITE.

Fighters Are in Pink of Condition and Each is Confident of Winning

-Their Second Fight.

Will Herrera win? These questions are in the minds of fight fans all over the country, and their attention is attracted to Los Angeles.

Tomorrow night comes a great battle. Aurelio Herrera and Battling Nelson, the champion lightweight of the world, will battle for the second time. The fight is before McCarey's Pacific Athletic club. It is to be a twenty-round affair, straight Queensbury rules, for 60 per cent of the gate receipts and the title. The money will be "cut" (0) per cent to the winner and 40 per cent to the loser. The weight is 133 pounds at 6 o'clock and both fighters are down to the required poundage

are down to the required poundage. This fight will undoubtedly be one of the most victous that has ever taken place between two little follows. There is much at stake for both and as they hate each other there will be little sidestepping. If Nelson wins he will have whilpped every man who has stood in his way to dispute his claim to the championship. He has already beaten Herrera, but the de-cision was given after twenty rounds of hard milling. If he again wins over the Mexican it will be stitled that no man in Nelson's class can beat him. He is the revery the because he did not do his best. He bever fulls to do that. He is always in selendid condition. One day this week he can 14 miles and this heat. He bever fulls to do that. He is always in selendid condition. One day this week he can 14 miles and this heat. He never fulls to do that the fallow with attenuous work in the gennasium. He did not seem to the in the least. Merera has worked mighty hard for this fight. He expects to beat Nelson by means of his famous right hand knockour punch. Can he do H? Is he any better than when Nelson heat him at Butter? Can be stand the griefling the Dane will surely give him? The last two questions can be answered in the negative. But that wallop: It is dangerous. It produces stum-ber. If it lands a time or two there is like-iy to be a new champion tomorrow night. There may be a new American light-weight champion after May 25, but the in-This fight will undoubtedly be one of the

Following is what Oito Floto says about the fight: There may be a new American light-weight champion after May 25, but the in-dications are that there will not. On May 25 Battling Nelson, the present cham-pion, will meet his old rival. Aurelio Her-rera, the Mexican, in a twenty round bat-the at Los Angeles. Cal. There has been much talk of late about Herrera wanting to fight winner take all, but that is pretty much talk of late about Herrera wanting to fight winner take all, but that is pretty much talk of late about Herrera and loser's end when the fight comes off. Herrera and Nelson met at Butte, Mont, Sept. 5, 194 and the Battler won after twenty rounds of hard fighting. Herrera, however, put up a terrific battle and showed that be had the speed and endurance to go the distance. Since that time and it has nover heren the same since. He used to have the knew the last time and it has nover heren the same since. He used to have the knew the last time and it has nover heren the same since. He used to have the knew the last time and it has nover heren the same since. He used to have the knew the last time and it has nover heren the same since. He used to have the knew the last time and it has nover heren the same since to go with the Condition is everything in a contest of that kind and everyone knows that the Battler takes the best care of himself and he can take a world of punish-ment without finching. The Mexican is credited with having a weak stomach, which, if true, will work to his disad-vantage, for Nelson does love to go after an opponent in the breadbasket. the

Seattle, May 23.-Seattle tied Oakland in the ninth on three singles, coupled with an overthrow at second by T. Hackett. In the eleventh hits by Heitmuller and Streib, followed by Frank's fumble, gave Seattle the necessary run. Vickers pitched fine hall with the exception of the third inding, when he forced in a run by a base on balls. Cates was hit hard in the last of the game.

New Haven, May 23.-Yale won her first home game of the Important Inter-collegiate basebail series this afternoon by defeating the University of Pennsyl-vania, 13 to 0. To Parsons, the freshman pitcher, most of Yale's success was at-tributable. Liesides reducing the number of shares, the citik last alight voted to restrict the powers of the officers in disposing of club property, making it necessary to get a resport your on matters of this kind. Harry Margetts, a long time president of the club, and one of its most loval memi-ris from the start, was last night treated to a big surprise. He was handed a life nembership without dues, the same to be honorary, but to carry all club prillecges. It was to show the club's appreciation of the long service of Mr. Merretts for the upbuilding of the club, that this action was taken.

Cincinnati, May 23.-Peace has been priotically restored on the western furf, according to a story published here today. Congressman Joseph L. Rhineck, repre-senting the American Turf association, and Louis Cella, the main supporter of , the Western Joekey club, signed a com-pact which ends the fight. With C. A. Tilles, Harvey Myers and Judge Bond of St. Louis as witnesses. Rhineck and Cella signed the peace compact last Sat-urday. It calls for no clash of interests where they are concerned. This means that there will be no clash between Louisville and Douglas Park and between Louisville and Douglas Park and between City park and the Crescent City Jockey club in New Orleans next winter. The dates will be so arranged that both tracks will race alternately. The Doug-las park meeting will probably follow that at Latonia. The outiew rule is also winod out and hereof. By order of Board. YEARS OF TORTURE. For more than twenty years Mr. J. B. Massey, of 3322 Clinton St. Minneapolls, Minn., was tortured by scialtica. The pain and suffering which he end red during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possi-ble, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If trou-bled with sciatica or rhoumatiem why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it re-lieves the pain. For sale by all drug-gists. PEACE AT LAST.

Western Turf Situation Calms Down And War is Put Aside for Keeps.

at Latonia. The outlaw rule is also wiped out and horsemen can race at either track. La-tonia's meeting will be run independently of the American and Western Jockey clubs. No one will be barred except those who have been suspended or ruled off by their organization. It will not be long before a new organization will be formed to control racing in the west.

be long before a new organization will be formed to control racing in the west. The American Turf association came into existence through the refusal of the Western Jockey club to grant City park racing dates. Mr. Corrigan and Con-gressman Rhineck were behind City park and the American Turf association was organized to fight the Western Jockey club. It has been a long fight and in con-sequence racing in Illinois and Missouri has been discontinued.
