

AN EMERGENCY VOLUNTEER ARMY

President Sends Special Message To Congress on Subject, Accompanied With Bill.

WAR DEPARTMENT FAVORS IT.

Designed to Afford Complete Marching for Turning Enthusiastic Citizens Into Soldiers.

Washington, Dec. 8.—An emergency volunteer army measure was advocated today by President Roosevelt in a special message sent to Congress and the draft of the bill accompanying the message was introduced in the senate by Mr. Cullom. The president says the bill is intended to place the present law, which was enacted in 1901, in a new and improved form. It is designed to afford the complete machinery by which, should we be confronted with a foreign war, the executive power could proceed at once to transform enthusiastic and patriotic citizens into efficient and organized soldiers. "Happily there is at present no cloud upon our horizon, but that very fact affords us the best opportunity to proceed with deliberation and care in the preparation of laws adequate and indispensable for our possible war needs."

It is pointed out by the president that the proposed measure would not call for a dollar's expenditure during the years of peace and its enactment into law now "would merely be to place at the disposal of the executive power machinery whereby should war threaten the means to wage it could be swiftly brought into being."

The proposed bill is elastic; under its provisions a force of 2,000,000 men could be raised as well as one of 50,000.

MRS. LOUIS SCHLOSS.

Case Against Her for Shoplifting Continued Until Friday.

New York, Dec. 8.—After being arrested for alleged shoplifting the case of Mrs. Louis Schloss, the wife of Louis Schloss, said to be a millionaire and the New York member of the firm of Schloss Brothers, wholesale manufacturers of clothing, with three factories in Baltimore, was continued in the night court last night until Friday. The woman had previously been released under bond of \$500. Mrs. Schloss was arrested yesterday in a department store after having been watched by private detectives, who declare that they saw her go from counter to counter and take various small articles, totalling in value about \$16. After the detention the woman said, according to detectives, that she was sorry, but that "she did not know why she took things."

The motive for the alleged thefts is a puzzle, inasmuch as Mrs. Schloss, it is said, was not only liberally provided with funds, but had a charge account at the store in question. Counsel employed by her husband declared in court last night that the charge was absurd, and that there had been a great mistake.

A poorly dressed woman handed Mrs. Schloss a bundle, it was said, and this contained the alleged stolen articles, of which she was ignorant. After being admitted to bail, Mrs. Schloss did not appear in court and adjournment was granted on the plea that it would be injurious to her to be examined.

EXPECTS WAR BETWEEN GERMANY AND ENGLAND

City of Mexico, Dec. 8.—"In my opinion and in the opinion of some of the best versed public and military men in Great Britain, war between England and Germany must come and it will come within the next two years."

Dr. Williams Medicine Co., Schenectady, N. Y.

This was the statement made yesterday by Frederick J. M. Rhodes, cousin of Cecil Rhodes, who is in this republic in the interests of large mine-owners. He just returned from a trip to England.

"While in England, I talked to some of the best versed men in military, naval and public affairs, and I found the opinion unanimous that war with Germany was inevitable," he continued. Mr. Rhodes, "I was in conversation one day with a high official of English forces in China several years ago. It was there I first knew him intimately and in his conversation with me he stated positively that war with Germany is inevitable."

"And," continued this high naval officer, "in the immediate declaration of war. The matter can't be put off. It must come and the sooner it comes the better it would be for England."

"This is but one of many similar expressions I heard during my visit to England. On every hand in the very highest circles, the same opinion was expressed."

TWO SOLDIERS ARE CHARGED WITH MURDER

Seattle, Wash., Dec. 8.—The United States court building was filled today with summoned jurymen and witnesses in the murder case of Henry E. Johnson, an army musician at Fort Worden, whose body was found in the furnace of the band quarters. James H. Holt, a soldier stationed at Fort Worden, and Thomas H. Knight, a post tailor, were arrested charged with the crime. Another soldier named Griable, was arrested in Fort Townsend, was tried by court-martial and sentenced to serve two years in federal prison on a charge of attempting to desert. He is held as a witness on behalf of the government before he begins to serve his sentence in prison.

The murder was after pay day at the fort. Johnson was also a cobbler and was supposed to have money. He had a room and shop in the basement of the band quarters. On the night of May 8 last he was murdered in his room and the body thrown into the furnace in apparent attempt to destroy it. The next morning one of the soldiers detailed to prepare the quarters for inspection discovered the body, which had been partly burned.

SHARP DECLINE IN SOCIETY MARRIAGES

New York, Dec. 8.—Marriages among persons in New York who are socially prominent, are on the decline, according to statistics based on names appearing in the social register for 1909, just out. A decrease of 20 per cent over last year's marriages is shown for New York City, with generally falling off of approximately 7 per cent throughout the country. Pittsburgh was an exception with 69 "social marriages" this year, as against 85 last year, and Chicago was stationary with 125. Compilers of the statistics declare the financial depression was responsible for the decrease. The figures in New York for last year were 763 and for 1908 only 622. Philadelphia's weddings dropped from 222 to 224, and Boston from 167 to 147. St. Louis recorded only 88 for 1908, as against 131 for 1907, but San Francisco showed an increase from 51 to 119. In Baltimore there was a decrease from 116 to 99; in St. Paul from 67 to 59; in Minneapolis from 29 to 27. Southern cities as a whole showed no appreciable change.

TOUGHS HOLD UP STREET CAR IN NEW YORK

New York, Dec. 8.—A score of passengers, a third of whom were women, were helpless spectators early this morning during the operation of a gang of toughs who boarded a south bound avenue car near Tenth street, knocked down and beat the conductor, robbed him of all the money he had with him and terrorized him into an attitude of non-resistance when an officer appeared. The passengers were warned not to leave their seats until the car had worked its way out of the fracas and escaped. In the midst of the fracas the motor-man, who had kept the car moving at its usual pace, blew his whistle for a policeman. When the officer appeared, although the men who had committed the robbery were then on the car, the terrified conductor meekly said they had escaped. When the car had gone a few blocks further the conductor was beaten again and severely bruised. Then leaving the car with their loot the men escaped.

GOV. DENEEN TO BECOME AGRICULTURAL STUDENT

Urbana, Ill., Dec. 8.—Gov. Charles S. Deneen is to become a student of the agricultural school at the University of Illinois. He will attend the state school during the short course which begins in January and will seek special instruction. It is said, in cattle and corn judging.

The decision of the chief executive officer of the state to become a scientific farmer is the result of his attendance at the recent Illinois corn show in Springfield. Mr. Deneen announced at the time that he would take a course in the state university if he could find the time.

STRICKEN BLIND AT PIANO.

New York, Dec. 8.—While playing Greek love melodies and war songs, Anastasio Salachianan, a Greek peddler, was stricken suddenly blind yesterday at his home in Seventieth street. His brother was sitting near him when he cried out: "I cannot see the music!" He arose staggeringly and cried again: "Now, I cannot see at all."

A policeman was summoned and the afflicted man was hurried to a hospital. It was said there that his sight was completely gone. The case is puzzling the physicians.

IT IS A WONDER.

Chamberlain's Liniment is one of the most remarkable preparations yet prepared for the relief of rheumatic pains, and for lame back, sprains and bruises. The quick relief from pain which it affords in case of rheumatism is alone worth many times its cost. Price, 25 cents; large size 50 cents. For sale by all druggists.

INWARD AND OUTWARD.

The inward effects of humors are worse than the outward. They weaken all the organs, inflame the mucous membrane, cause catarrhal troubles, and endanger the whole system. Hood's Sarsaparilla eradicates all humors and cures all their effects. It's the great alternative and tonic medicine whose merit has been everywhere established. Accept no substitute.

FEEDING COWS.

They Like Molasses and It Improves the Quantity and Quality of Milk.

Chicago, Dec. 8.—In an address before the national dairy show at the Coliseum yesterday, W. H. Board of Fort Atkinson, Wis., advocated the feeding of molasses to cows. "Cows like sweets," he said. "I feed my herd a regular ration of molasses every day, and I find that it thrives on it. It makes their flesh fat and their skins glossy. It gives zest to their appetite and helps their digestion. It increases the quantity and improves the quality of their milk."

"Of course, the thing can be overdone. Too much molasses is bad for the cow. But a steady diet of a small quantity is a great thing for a dairy herd. My cows have gone into the habit of looking for it. I feed it to them all the year round, except in the breeding season. The carbons in it are dangerous then."

A BASEBALL OF 1863.

Jackson, Miss., Dec. 9.—What is believed to be the oldest baseball in the world, will be shipped to Gary Hartmann, chairman of the national commission, by Ed Laughlin. It was used Nov. 8, 1863, in a game played at Williamsport, Pa., for the state championship which ended 61 to 35 in favor of Williamsport.

PROHIBITION IN MASSACHUSETTS

Boston, Dec. 8.—While the total number of cities voting for license remains unchanged as the result of today's elections in 21 municipalities of the state, 13 voting against license and eight for it, there were some radical changes in alignment. While Fall River voted no license for the first time since 1903, and Gloucester also went over to the no

CALIFORNIA FRUIT SHIPMENTS.

San Francisco, Dec. 8.—According to figures obtained from the Southern Pacific railroad, the fruit growers of California shipped 12,917 carloads of fruit out of the state during the season which has just closed, an increase of nearly 100 per cent over the shipments for the season of 1907.

Following is the record by carload: Table grapes, 3,815 cars; pears, 2,701; apples, 2,301; peaches, 1,589; plums, 1,763; apricots, 231; cherries, 208; miscellaneous, 15.
