DISTRICT COURT.

Trial of David Russell for Murder Nearly Concluded.

Special Correspondence. Price, Carbon Co., Feb. 13.-The evidence in the David Russell murder case had all been introduced this evening and the arguments before the jury commenced. It has taken two days to hear all the witnesses. The state's case has been in the hands of District Attorney W. D. Livingston and J. W. Warf of Price, while that of the defense has been handled by J. A. Woodward, C. Hoffman and an attorney named Marks. The state has been seriously handicapped in this case because of the manifest disposition on the part of the witnesses to the prosecution to favor the defendant.

The tragedy occurred in the fatal night of Oct. 7 last at Nine Mile, in this county, when Peter Francis was shot twice in the head in his saloon. There were several witnesses to the killing. Gun, Gus, J. Banning and Will Smith. Banning only testified for the state, Smith is in parts unknown, and Gurr testified for the defendant.

The arguments will probably be concluded before noon tomorrow.

EMPEOR WILLIAM DISCOVERS

American Buckwheat Cakes and Sends His Chef to Learn to Make This Delicious Breakfast Dish.

From the New York Herald.

That good old American buckwheat cakes, with maple syrup, can tickle an imperial palate is the latest discovery made by William II., of Germany.

The emperor, who has been appetizing qualities of American cookery during a visit to the new Hamburg-American yacht, Princess Victoria Louise, to which, for the occasion, the noted chef of the crack steamer Deutschland, Herr Fahrenbreit, had been transferred.

An American breakfast was prepared for the emperor, which he liked so well that he stayed for another. His majesty especially praised the buckwheat cakes, which he declared had proven extremely palatable, and finally sent his own chef to the Deutschland, where he took a two days' course in American cookery, during which, the Deutschland's chef says, he was taught how to make American buckwheat cakes and other typical American dishes.

The American buckwheat cake as served on the Deutschland, and which is to be hereafter a part of Emperor William's menu, is made in the following manner: Two cups of buckwheat, one-half cup of wheat flour, two tablespoons of Royal Baking Powder, one-half teaspoon of salt, all sifted well together. Mix with milk into a thin batter and bake at once on a hot griddle.
