

DANIEL DONOHUE COMMITTS SUICIDE

Was Husband of Alice Donohue,
Who Was Murdered in Emeryville,
a Suburb of Oakland.

ONLY DEPENDS THE MYSTERY

Left a Note Declaring His Innocence,
Accusing Another Man of Com-
mitting Crime.

Oakland, Cal., Sept. 3.—Daniel Donohue, husband of Mrs. Alice Donohue, who was murdered and buried in Emeryville, a suburb of Oakland, and whose body was found last Sunday, who killed himself in his home last night. His body was found in the afternoon by Deputy Public Coroner Flood, who had gone to search for him. Gustav Ahlstedt has been in jail since Sunday on suspicion of having had a hand in Mrs. Donohue's murder.

Donohue was to have been forced to prove his innocence of the murder of his wife. He had already made application for the \$50,000 life insurance policy which he had taken out on his wife. He was in the hospital at the time of the murder, and he was not allowed to see his wife. He was not allowed to see his wife until she was dead. He was not allowed to see his wife until she was dead.

The officers called at the Donohue home in Emeryville and knocked on the door. Receiving no answer, they forced an entrance and found Donohue's dead body. His hand was on the trigger of a revolver. He had just fired the shot which had ended his life. On a table was found the following unsigned note:

"I am innocent of this crime. If you find Joseph Berry you get the man." The police are trying to locate Berry.

The suicide of Donohue leaves the murder further than ever from solution. The note left by him will change the attitude of the police toward Gustav Ahlstedt, alias Arkell, who had been on suspicion.

Search of the Donohue home this afternoon disclosed the fact that the woman who was killed was a Miss Alice Stewart of Birmingham, Pa. Her father, or a brother, J. R. Stewart, resides at that address.

A BRUTAL ATTACK.

Made on Mrs. Lillian Fay by John W. Foster, in New York.

New York, Sept. 4.—Told by two women that a woman was being beaten in the tenement house in West Ninth street, last night, Policemen Soderburg and Sullivan went to the house and found Mrs. Lillian Fay, 29 years old, lying on the floor of her apartment on the second floor with a dozen stab wounds in the face, breast and arms, while a man, whom she accused, was sitting on the edge of a bed.

This man said he was John W. Foster, a carpenter. He was locked up. Mrs. Fay was removed to St. Vincent's hospital, where it is said she was in a serious condition. She was hysterical for some time, but when the police that Foster entered her home and said he had purchased her from her husband for \$2, Foster refused to make any statement, except to repeat to the police that he had purchased the woman for \$2 from her husband.

OPIUM CONGRESS.

Turkey, Persia and Russia Are Invited To Participate.

Washington, Sept. 4.—Turkey, Persia and Russia have been invited by Secy. of State Root to participate in the international opium conference to be held in Shanghai, China, beginning with the new year. France, Germany, the United States, China, Japan, Portugal and Great Britain already have named delegates to the conference. Originally the idea was to have representatives from all the nations which have territorial possessions in the far east, but as opium is produced only in Turkey and Persia, it was regarded as desirable that those countries be asked

CURED ITCHING PAINFUL HUMOR

Which had Spread Over Face, Body and Arms—Swellings were as Large as a Dollar—When they Broke, Sores would Not Heal—Suffered 3 Years.

MADE SOUND AND WELL
BY 3 SETS OF CUTICURA

"My trouble began about three years ago with little black swellings scattered over my face and neck. They would disappear but they would leave little black scars that would itch at times. I couldn't keep from scratching them. Larger swellings would appear in the same place and they were so painful I could hardly bear it and my clothes would break at the neck. The first doctor I went to said it was a disease of the skin, but the trouble only got worse and spread. By this time it was all over my arms and the upper part of my body in big swellings as large as a dollar. It was so painful that I could not bear to lie on my back at night. The second doctor pronounced my disease inflammation of the lymphatic glands. He stopped the swellings, but when they would break the places would not heal. He tried everything that he could but to no effect. He said I might be cured but it would take a long time. I bought a set of the Cuticura Remedies and used them according to directions and in less than a week some of the places were nearly well. I continued with the Cuticura Remedies until I had used three sets, and now I am sound and well. The disease lasted three years from the time it commenced until I was cured. Before Christmas something broke out on my seven year old brother's hands in the form of large sores. I tried everything I could think of but to no effect until I happened to think of Cuticura and one application cured him. Ah, my sister got a bad burn on her ankle. I have been using Cuticura on that and it gave her scarcely any trouble. O. J. Wilson, Puryear, Tenn., Feb. 8, 1908.

to join in the work of the international commission. The whole subject of the opium traffic is to be discussed from an economical, moral and scientific point of view, with the object of reaching a possible agreement for the control of the traffic in the far east. Good results already are apparent, from the agitation for the suppression of the vice of the opium smoking habit. The international conference is an outcome of the suggestions of Secy. Root and the cordial manner in which the governments have responded to the invitations to take part in its deliberations is very gratifying.

THAW'S CASE.

Justice Morschauser Decides That He Must Remain in Jail.

Poughkeepsie, N. Y., Sept. 3.—Justice Morschauser refused today to grant an order transferring Harry K. Thaw from the Dutchess county jail to some other institution. Application for the order was made by counsel for Sheriff Robert W. Chanler, who alleged that the jail was not a proper place to keep a prisoner who was committed as insane. Judicial comity restraining him from interfering with the order of the justice who committed Thaw to the jail was the reason given by Justice Morschauser.

SALMON ARM INDIANS.

Trouble With Them Settled and Dangerous Situation Averted.

Victoria, B. C., Sept. 4.—The difficulty with the Indians at Salmon Arm has been settled by Supt. of Provincial Police Hussey, without appeal to force, and a dangerous situation was averted through the act and skillful handling of the western police officer.

Rescued by their fellows when sent to jail for an infraction of game laws, the Indians of the district assumed a threatening attitude. Chief Hussey was sent out by the government and on his approach the Indians fled. He sent out runners informing them that

they must come in and hold a pow-wow and such was their confidence in him that the delinquents came. The chiefs have agreed to pay a fine, the bravest implicated in the rescue surrendering themselves to the law and all have promised to respect the fishing regulation in future.

The Indians who effected rescue, in view of their surrender, will not be prosecuted by the crown attorney-general, Bowser has announced.

**SANTA FE SUEDE
FOR OVER CHARGES**

Prescott, Ariz., Sept. 4.—Papers have been filed with the interstate commerce commission at Washington, in a suit brought by the Arizona Brewing company, of Prescott, against the Santa Fe and Santa Fe, Prescott & Phoenix railroads to recover \$3,782.06 alleged overcharges for shipments of material from Los Angeles, Kansas City and Chicago, and praying for a cessation of what are termed grossly unjust discriminatory tariffs against Prescott and in favor of Los Angeles, El Paso and Albuquerque. Commissioner Lane is soon to hold a session in California and an effort is to be made to have the commission meet in Prescott to hear the case. The complaint contains in the neighborhood of 10,000 words and makes a sensational allegation against the two companies.

**HELEN CULLEN, WEALTHY
GIRL, COMMITTS SUICIDE**

San Francisco, Sept. 3.—Eviding the vigilance of her nurse today, Miss Helen Cullen, a young woman of wealth, who has been ill for some time, swallowed the contents of a bottle of iodine, made her way to a third story window at the Waldemar apartments and, without a word of warning, leaped to the courtyard below. She died a few hours later from injuries sustained in the fall.

Miss Cullen had had apartments at the Waldemar for about two months, and has been under the constant care of a trained nurse. She was a native of Ireland, and came to this state for her health. Of late she had been very despondent, but it was not thought she had any idea of suicide. Her case resembles in many respects the tragic death of Miss Bertha Dolbeer, at the Waldorf-Astoria hotel in New York City, several years ago. Miss Dolbeer was worth more than a million dollars and the contest of her estate was only recently settled in this city.

JOHN D. ROCKEFELLER.

Announced at Family Reunion That He is Born of a Noble Race.

Albany, N. Y., Sept. 3.—John D. Rockefeller, who, during his lifetime, has accumulated one of the greatest, if not the greatest, individual fortunes in the world's history, is the offspring of a noble race, according to an announcement made at the annual reunion of the Rockefeller family here today. The announcement followed the report of Dr. Aaron Lewis, who last year was commissioned by the Rockefeller family association to trace the family history in Europe. Dr. Lewis asserted that in his researches he found that the family, of which John D. Rockefeller is a member, is of noble lineage. He also reported that several members of the family at one time held the title of baron in southern France. Members of the Rockefeller family association who are in Albany to attend the annual reunion of the association left today for their homes. William Rockefeller, Sunbury, Pa., was chosen president; and David Rockefeller of Wynote, Pa., and Samuel L. Rockefeller of Tombstone, Ariz., vice presidents.

KENTUCKY DEMOCRATS DIVIDED

Lexington, Ky., Sept. 3.—James Campbell Cantrell of Georgetown was this afternoon nominated by the Democrats of the Seventh congressional district to succeed W. P. Kimball of Fayette county, the incumbent, who is also a candidate for renomination. A bolting convention of 34 of 104 delegates participating nominated Frank Johnson of Franklin county, after offering the nomination to Kimball, who declined it.

**ARRESTED FOR OPERATING
FAKE INSURANCE SWINDLE**

Chicago, Sept. 4.—Operating a "fake" insurance swindle is the charge against William A. Devolt, arrested yesterday on complaint of Mrs. Nathan V. Kennedy.

Mrs. Kennedy and her husband became members of the Reliance Mutual Benefit league, three months ago of which Devolt is said to be president, secretary, treasurer, chief medical examiner and board of directors.

She was told that in case of death the company would pay \$1,000 and that disability from injury \$10 a week.

Some time ago Mrs. Kennedy met

Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15, were always subject to sick headache until we began using these Pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I heard of a lady friend who was sick. I went to see her. She was down with LaGrippe, and she was crazy with awful backache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with fluency on both sides, and I know he would have died if it hadn't been for the Pills. In less than 24 hours he was sweating, and went to bed and slept."

with an accident, and yesterday she went in search of Devolt, whose business address was given on the insurance policy as 34 Washington street. No one at that number had ever heard of Devolt or the "Reliance Mutual Benefit League."

After several hours' hunt Mrs. Kennedy found Devolt in a tumble-down boardinghouse at 155 Nineteenth street.

When she demanded the sick benefit Devolt, it is said, told her the club of which she was a member was in good standing, and that Mrs. Kennedy was the first to find fault with his business methods.

A WIDOW'S WOE.

Weeps Over Dead Body of Old Man She Was to Wed.

Chicago, Sept. 4.—A dispatch to the Tribune from Dubuque, Ia., says: Falling across the body of William Hintrager, 82 years old, who was found dead Wednesday, Mrs. Barbara Forster, a widow of 50 years, cried out in her grief that the aged man was to have been her husband. The woman asserts she will appeal to the courts for a share of his estate. Hintrager was of miserly habits and his fortune is estimated at \$200,000. He had been obtaining by purchasing tax titles. He boarded at a house where Mrs. Forster is employed and she says she only worked next to him to satisfy him. The old man left no will and the widow's threats to start suit for a share in the estate may cause a long legal battle over the fortune. In a room which Hintrager occupied alone \$200 in gold has been found. That he ever was attentive to Mrs. Forster none of his friends knew, but she says they were to have been married had not his relatives objected.

**CONFEDERATE MAJOR
SENT UP AS A VAGRANT**

New York, Sept. 4.—A movement has been started to obtain the prompt release of Maj. Francis D. Walker, a confederate veteran, from Blackwell's island, where he has been sent recently as a vagrant for six months.

The homeless old man's commitment followed his application for a night's shelter at a police station.

Thomas Murray, a member of U. S. Grant post G. A. R., became interested in the case and wrote to Edward Owen, the commander of the only confederate camp in New York City, saying that he and other Grand Army men in Brooklyn stood ready to help the old confederate veteran if it could be shown that he was deserving.

Mr. Owen then made an investigation

and found that Maj. Walker appeared to be a southern gentleman who has outlived all relatives and friends and is thrown on the charity of strangers. It has been decided to have the old man transferred to an institution where he will receive medical attention, but if this is impossible, the confederate camp will care for him.

DYNAMITERS OF FISH.

Idaho Officers Bring Forty-Six Prisoners Into Wallace.

Wallace, Ida., Sept. 4.—Game Warden Lou Wilson and Deputy Sheriffs A. C. Barnhart and Crutts Lightner, arrived in Wallace yesterday, mounted on cayuses armed to the teeth and driving before them the footsore army of 46 prisoners arrested today for dynamiting the fish in the North Fork of Coeur d'Alene river. The expected arrival of the cavalcade had been announced and practically the whole city turned out en masse to escort the prisoners to the county jail. All of the men have been lodged in the Shoshone county jail and will come up for trial today.

**SPERRY'S FAREWELL TO
THE AUSTRALIANS**

Melbourne, Sept. 4.—On the eve of the departure of the American battleship fleet from Melbourne, Rear Admiral Sperry has sent this farewell message to the people of Australia:

"The reception given the American fleet in Australia is pleasing not only to myself and the officers and men of the fleet, but as representing the feeling of the people of the commonwealth towards those of the United States. The welcome which has come from the commonwealth, the states, the municipalities and the crowds in the streets, has been generous and kindly beyond belief. The heartiness between the people of the two great English-speaking nations must tend to the preservation of the peace of the world."

TWO CONVICTS ESCAPE.

When Working in Quarry Managed to Hide and Elude Guards.

Chicago, Sept. 4.—Clarence Wise and James Kaiser, two Chicago convicts, escaped yesterday from the Joliet penitentiary.

The men were working in the quarry, being part of the regular gang of 183 men. In some way they eluded the vigilance of the guards and hid themselves until they could make their escape. When the convicts were counted at the prison gate it was found there were out 181 men, this being the first intimation to the five guards that any had got away.

Wise was sent to the prison from Chicago on Oct. 13, 1907, for robbery, and Kaiser was sent down the previous month of that year for burglary, both under indeterminate sentences. They are of the same age, around 30 years.

The convicts wore the regulation blue prison uniform. Only once before have two convicts ever escaped from the prison quarry, and they were recaptured.

"CITY PROBLEM" FOR CHURCHES

Chicago, Sept. 4.—In an effort to solve the "city problem" which has confronted the various downtown churches for the last few years, the property of La Salle Avenue Baptist church, one of the richest in Chicago, was transferred yesterday to the City Mission society. Financial straits—a mortgage of \$10,000 held by the Providential Life & Trust company, which was unable to handle the mortgage—led to the transaction.

The name of the church will be retained, and it will be conducted along practically the same lines as before. But the property will be owned by the Mission society of the Baptist denomination and not by the church congregation.

Interest and a part payment amounting to \$751 in all was paid to the Philadelphia concern by the city. The property, which is valued at \$45,000. All future payments on the mortgage will be made by the society.

It is the opinion of many that the churches so near the business district cannot support themselves, and that if they are to be sustained, a great part of the money for their support must come from the wealthy outlying churches.

**OLD MAN OF 82 YEARS
WEDS YOUNG WIDOW OF 50**

New York, Sept. 4.—Nels Avidson, 86 years old and six feet, four inches in height, was wedded yesterday, at the city hall. His bride was a widow, Eliza Wilrus, petite, comely and only 50 years old.

There was a strange blend of sadness and joy in the nuptials.

Avidson is an old sea captain who left the quarter deck late in life to

Mrs. Wilrus has been his housekeeper and nurse.

Arm in arm they visited the city hall and applied for a marriage license. The bride was radiant, and the old man beside her smiled and patted her hand.

Alderman Cavanagh performed the ceremony, and the strange couple, hand in hand, started for home.

On the journey up to One Hundred and Sixty-sixth street, Capt. Avidson was taken ill and last night he was in the care of a physician and nurse in the house of the bride.

Avidson was once rated as a man of great wealth, but much of his fortune was lost in mining ventures.

SUBMARINE BOATS.

Flag Indicating Their Presence Will Be Black Fish on White Ground.

New York, Sept. 4.—Hereafter ship captains entering and leaving harbors will keep a sharp lookout for a craft flying a flag with a black fish on a white background surrounded by a red border. The flag will indicate that a submarine boat is working in the vicinity.

The secretary of the navy has sent to the customs officers of the various ports a notification with a description of the flag for the benefit of the merchant marine.

The flag will be flown from the mast of the "tender" of what is known as "a parent ship" which always attends a submarine during experiments. It will mean that if a sailing

vessel or steamship does not give the locality a wide berth there is a possibility of the submarine coming up underneath the merchant vessel and doing all sorts of damage.

It is said that the official notification just issued will precede the holding of a series of trials by submarine boats in New York harbor. No submarine has yet dived in the waters of New York bay.
