"The Last Rôse of Summer" was beautifully rendered by a quartet of pupils from the Springville high school.
Principal Vance, supervisor of music for Lincoln district, presented a paper, "Should Music Take Its Place in the School Curriculum, and If Not, Why Not?" and also conducted a class in music. "The School as a Factor in the Promotion of Civilization" was the subject of an able paper presented by State Supt. A. C. Nelson. He took the position that, in addition to the regular course of study, the teacher should inculcate patriotism and the principles of good citizenship in the pupils. The paper Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe. angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that

she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and

Weakened digestion, thin blood and poor circulation soon start, functional powers and vitality on the wane, and then the symptoms of old age quickly appear. You know a man is us old us he feels. "On the other hand," continued Mr. Druchl, "that old feeling may be ward-ed off, and I wish every person in Salt Lake City who feels old, whether they are so in years or not, would try the great discovery.
