

LOCAL AND OTHER MATTERS.

TITLED VISITORS.—The members of the British and Italian Legations to Japan and Countess De la Tour, accompanying her husband, the chief of the Italian Legation, all returning from Japan to their native countries, spent yesterday in visiting the various places of interest in our city, and left by this morning's train for the East.

REFRESHING.—"Long looked for, come at last." That shower that has been pending several days, came this morning in the shape of hail and rain intermingled. The rain is much needed, and its refreshing effect will be visible in our gardens and fields. The moisture in the atmosphere which has hung around us has spread several miles, for during the past week, rain, hail or snow, and sometimes all three, have fallen in the territory north, west and east of us.

MULES MISSING.—Some two weeks since, several citizens of the 17th Ward of this city, turned their mules—some fifteen or twenty head in all—upon the mountains north of the city. When the mules were wanted they could not be found; a diligent search has been made for them since without avail. A few days since one of the mules returned, bearing marks of having traveled some distance, and it is now thought the mules are stolen. The circumstance of a young man of this city, meeting in the vicinity of Centerville, during the night that the animals were supposed to have been stolen, a band of mules driven by some men who seemed anxious to elude detection, adds strength to the suspicion that they were, and men have started north in search of them.

There is no doubt but that there are plenty of men who are inclined to steal pawning around in our midst; we would advise those who own horses and mules to look out for them.

A new fashion, or rather an old one revived, now in vogue in New York, is that of powdering the hair. "Young ladies," it is said, "appear in the street with hair as snow white as an old man of eighty. The process of putting it on is a great operation. But the removal of it is indescribably difficult. Young misses, even girls, wear the gold powder, and the silver powder, which is said to contain a poison that will destroy the hair. But it is all the rage, and will be adopted generally this season."

What next? We have some in our community who have striven hard to follow up the fashions to the present time. We wonder if they will arrive this one?

NOTICE.—The members of the "Eureka" B. B. Club are requested to meet at the club rooms at 8 o'clock this evening.

MUSEUM.—We understand that Brother J. L. Barfoot will have charge of the mineralogical department of the Museum. From what we know of that gentleman's scientific abilities, we have no doubt that the arrangement and classification of the minerals will be properly attended to.

SUCCESSFUL.—On Tuesday morning the waters in the canal running from Cottonwood to the eastern part of this city, reached its terminus in the 11th Ward. If the banks can withstand the torments of water that sometimes pour over the benches at the time of storms, almost amounting to floods, it will be a gratifying success; and in the coming Fall, we may see navigation upon the face of the waters.

CHANGING QUARTERS.—The store heretofore occupied by Bassett & Roberts has been fitted up with large show-windows, and will hereafter be occupied by the Drug department of Zion's Co-operative Mercantile Institution. The shelves are being filled to-day with, apparently, a very large and splendid stock of drugs.

WOMAN'S RIGHTS.—It is well known that this Territory was only the second in the Union in granting the right of suffrage to women; but the State of Iowa surpasses us in the honor of having the first lady deputy sheriff. The wife of Sheriff J. H. Latty, of Des Moines county has been acting in that capacity for some time and has won laurels for herself by the nerve and vim she has evinced, in the performance of her duties.

The Burlington Hawk Eye says of her: "At one time a desperado confined in one of the cells, attempted to escape by making a man of straw, reclining upon his couch as usual, while the flesh and blood prisoner secreted himself in an empty cell and awaited the advent of Mrs. Latty, who in the absence of her husband, entered the jail room to lock up the prisoners for the night. When she came to the cell containing the man of straw, a very clever imitation of a man at sleep, she called his name, and getting no response, entered in and detected the cheat. Instead of calling for outside help in an emergency which plainly indicated a plot, and a determination upon the part of one or more prisoners to break jail, Mrs. Latty quietly proceeded to the other cell and marched the prospective fugitive back to his cell and locked him up. As he was a heavy muscular man, and the deputy sheriff a slender, light built woman, it is evident that nerve triumphed over muscle. Womanly courage was more than a match for brute force and the desperado of the criminal seeking to flee from the hands of justice."

On another occasion two young men in a cell refusing to cease their profane and boisterous language, the deputy entered the cell and gave them a sound flogging with a whip until, with tears in their eyes, the rascals promised better behavior.

That's plucky.

AT OMAHA.—From the Omaha Herald of May 17th, we learn that W. C. Staines, Esq., was in that city the day previous, on his way east. The same paper says: "Something like forty Mormon missionaries arrived in Omaha yesterday en route to various parts of the world to proselyte for the church of the Latter-day Saints. Mr. Eldredge, Mr. T. W. Ellerbe, and other prominent citizens of Salt Lake, were in the party."

RYMER.—The following has been sent to our Local, and we publish it entire:

Dear Local:—In last night's News, the fourth briefly in the "Brevity" column states that "Month" is unwhimsical. A flapping friend of mine says: "That ain't tho, for

When I lived in the East I loaned a fellow on the dollar for a month."

And he kept it for a month."

It can't be "tho" after that, can it?

A Typo.

ARRIVALS at the TOWNSEND HOTEL.

MAY 20th, 1870.

J. M. Gibson, Wash.
T. M. Gibson and wife, Chicago
Wm. H. Hall and wife, San Jose, Cal.

ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

READY FOR

SPRING TRADE.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER,

So constructed as to enclose the works, and form a protection against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without this protection.

The company feel confident, after having had their Watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Eastern Pacific and the Pennsylvania Central, and officers of these roads, as well as the Western R.R. officials, endorse them as the best watches for the use of R. R. employes and travelers yet introduced.

The following are presented as specimens of these testimonials:

TESTIMONIAL.

UNION PACIFIC R.R., OFFICE OF GEN'L

SUP'T, OMAHA, Dec. 16, 1869.

Hon. T. M. AVERY, President National Watch

Co., Chicago, Ill.

Dear Sir:—During the month that I have carried one of your "Elgin" Watches

it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping,

beauty of movement and finish, your Watches challenge my admiration, and arouse my

pride as an American, and I am confident that in all respects they will compare successfully in the markets of the world, with similar

manufactures of older nations. They need only to be known to be appreciated.

Yours respectfully,

C. G. HAMMOND, Gen'l Sup't.

OFFICE OF THE HUDSON RIVER RAIL

ROAD, Gen'l Sup't, New York, Jan. 17,

1870.

T. M. AVERY, Esq., President National Watch

Co., Chicago, Ill.

Dear Sir:—The Watch made by your company which I have carried the past two months, has

kept excellent time. I have carried it frequently on engines, and have been on the road with it almost daily. During this time it has run

uniformly with our standard clock.

Truly yours

J. M. TOUCHEY, Gen'l Sup't.

The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the company have advertised them as, better finished, more correct and durable, than any in market of similar price, and that they have great confidence in recommending them to the public, on account of their general merit.
