EDITORIAL NOTES.

Durell, of New Orleans, re-
 signed and another man was ap-
 pointed Judge in his stead, but the
 new appointment does not appear
 to please the complainers any bet-
 ter than the old one, and they ac-
 cordingly "go for Grant" fiercely.
 The Philadelphia *Times* says, "It

was thought, when Durell resigned,
 that the President could not possi-
 bly appoint a worse man in his
 place. But the public has never yet
 appreciated Grant's capacity in
 that line. Nobody else could have
 done it, and it has taken even
 Grant a whole year; but he has ac-
 complished it at last. Billing is
 just this much worse than Durell,
 that Durell, in the rare instance
 of scholastic, did occasionally have
 some compunctions, and it was
 necessary to get him very drunk
 before he would sign the famous
 midnight order. That order Bil-
 lings wrote, and, drunk or sober,
 Billings was never known to hesi-
 tate at any rascality."

According to the Washing-
 ton correspondence of the New
 York *Tribune*, the current action of
 the Senate relative to continuing
 Mr. Ferry President *pro tempore*
 arose out of fear of the Democrats,
 the Vice-President being dead and
 the Senate having met after the re-
 cess without electing a President
pro tempore, the Democrats claim-
 ed that in the event of the death of
 President Grant, Speaker Kerr
 would become President of the
 United States.

Now the Bishop repudiates
 the nomination. In a letter to the
 New York *Tribune*, Bishop Haven
 says he did not nominate Presi-
 dent Grant, he only exhorted the
 audience to "pray, brethren for the
 re-nomination of President Grant."

The Smith family are numer-
 ous and are frequently heard from.
 In the aggregate they have done a
 good deal for their country. An
 eastern paper compliments them
 in this way—"The Smith family,
 with which rumor a couple of
 centuries ago associated the name
 of a certain Miss Pocahontas, has
 from first to last had a great deal
 to do with peopling and enriching
 this continent, and it has perform-
 ed its full share of philanthropic
 and patriotic actions."

There are hogs and there are
 hogs. Some of them are really
 costly, while many others not so
 high priced "eat their heads off."
 The St. Louis *Republican* says that
 Mr. N. H. Gerry has recently
 bought in Canada, for his stock
 farm near Sedalia, three imported
 swine, for the aggregate sum of
 \$1,700, thus distributed—Lord Liv-
 erpool \$700, Sovereign Lady \$600,
 Royal Duchess \$400. Think of a
 male hog costing \$700 and being
 called a lord, or of a female hog
 costing nearly as much and being
 called a sovereign lady, or a royal
 duchess! Is this like casting pearls
 before swine?

EASTERN. More Gossip About the House Com- mittees.

CHICAGO, 21.—A Washington
 special says that a republican
 speaker has ever succeeded in stir-
 ring up half as much tumult over
 the committee as Mr. Kerr. The
 republicans are not so satisfied,
 and have every reason for con-
 gratulation; counting ability in debate
 and experience, both in the com-
 mittee and on the floor, they are
 fully equal to, and in most cases
 decidedly stronger than, the demo-
 crats on each of the important com-
 mittees—Ways and Means, Appro-
 priations, Banking and Currency
 and Judiciary. The selection of
 Morrison, of Illinois, is exceedingly
 distasteful, although he is an ex-
 cellent man. Cox and Fernando
 Wood are both very angry,
 and denounce the Speaker in
 harsh and unmeasured terms.
 The committee is decidedly hard
 money, and at the same time, on
 the question of tariff, is in favor of
 a tariff for revenue. The banking
 and currency committee is also
 strongly against inflation, and is
 probably in favor of hard money.
 The Pacific railroad committee
 could not have been selected so as
 to be stronger in favor of the Texas
 Pacific, and many democrats de-
 clare that it is a mistake. They
 have been understood that it should
 be thus constituted, and it is occa-
 sionally much remarked in view of
 the vote of the House on the Holman
 anti-subsidy resolution, the Holman
 anti-subsidy resolution, the Holman

Stopped Business.

Directors of the Commercial Loan
 Co., yesterday, decided to wind up
 the business, not on account of
 financial troubles, but because of
 personal disagreement in the man-
 agement. The liabilities with the
 capital are \$550,000, which amount
 is secured by assets. The suspen-
 sion caused no excitement in
 commercial circles.

Burned.

POTTSVILLE, 21.—The new Phila-
 delphia Coal Company's Colliery at
 New Philadelphia, owned by
 the Pottsville Coal Company, was
 burned this morning, insured.
 \$100,000 Fire.

More Thieves Sentenced.

MILWAUKEE, 21.—Jno. S. Fort,
 gambler, convicted of conspiring to
 defraud the revenue, was to-day
 sentenced to five months imprison-
 ment in the state prison, and to a
 fine of two thousand dollars and
 half the costs of the trial. Phillip
 Welmar, convicted of the same of-
 fense, was sentenced to eight
 months imprisonment in the coun-
 ty jail, to a fine of two thousand
 dollars and half the costs of the trial.

Looks Like More Official Stealing.

TORPEKA, Kas., 21.—John Trusey,
 State superintendent of public in-
 struction, has been indicted for
 secretary of state, and A. M. P.
 Randolph, attorney general, con-
 sidering the State's commission-
 er of the permanent school fund,
 have made a statement to Governor
 Osborn, that at different times
 since Sept. 23, they have purchased
 certain Kansas school bonds, pur-
 porting to have been
 issued by districts in Mitchell,
 Jewell, Republic and other coun-
 ties, amounting to nearly eighteen
 thousand dollars. Suspicious cir-
 cumstances connected with these
 bonds led the commissioners to ex-
 amine into the matter, and they
 have just discovered that the bonds
 were fraudulent, and issued with
 the design to perpetrate a swindle.
 It also appears that State Treasurer
 Lappen, who had for these bonds
 the orders of the commissioner of
 the school fund, was not careful
 to identify the persons to whom he
 paid the money, and suspicion is
 aroused to such a pitch, that the
 governor has demanded his resig-
 nation, which has been tendered.

Indians Fighting.

A fight occurred three days ago
 between two hunting parties of
 Cheyenne and Arapahoes, about
 fifty miles west of Camp Supply,
 in which many on each side were
 wounded. The fight grew out of
 the Arapahoes Indians taking the
 rights of the others. The 4th Cav-
 alry is now with the Cheyennes
 and part of the 5th is with the
 Arapahoes to keep the peace.

Excommunicated.

SUXNADABO, 21.—At the services
 in the Catholic Church at Ma-
 honey Place, the Rev. Daniel
 O'Connor, pastor, read a letter from
 Archbishop Wood, of Philadelphia,
 which was a formal excommunication
 of the society known as the "Mollie
 Maguires," otherwise, "The ancient
 order of Hibernians."

WILL OPPOSE LINDBERMAN'S RECOM-
 mendation.
 NEW YORK, 21.—A Washington
 dispatch says that, very strong
 pressure will be brought to bear to
 secure the rejection of the recom-
 mendation of Dr. Linderman for
 the location of a new mint at Indi-
 anapolis or St. Louis; the south-
 and south-western members will
 oppose a bill to place the mint at
 either place, unless an appropriation
 is passed to re-open the mint at
 New Orleans for coinage.

Suit Commenced.

The suit of H. C. Bowen against
 the Brooklyn *Eagle* began to-day
 in the same court room in which
 the Tilton-Beecher case was tried.
 Withdrawn.

NEW HAVEN, 21.—The Yale boat
 club has voted to withdraw from
 the Rowing Association of Ameri-
 can Colleges.

Committed Suicide.

GRAND RAPIDS, 21.—George N.
 Cady, formerly a prominent busi-
 ness man of Albion, Mich., suicide

 sou.

WESTERN. News from British Australasia.

SAN FRANCISCO, 21.—The follow-
 ing is from the Sydney *Herald* of
 Nov. 19—

The New South Wales parliament
 opened on the 10th inst. There is
 fair activity in the mining districts,
 but water is scarce in many places.
 The copper and tin mines produc-
 ing well. The rainfall at Sydney
 and the Coast District has been
 very light and the crops are poor;
 in the Southern country the season
 is favorable, and from the pastoral
 districts the return is generally en-
 couraging. A heavy yield of wool
 is anticipated.

Victoria.—The ministerial elec-
 tions are over. The new Commis-
 sioner of Mines and the Solicitor
 General were defeated by the Cath-
 olic vote, not coming up to the
 standard required by the priest-
 hood. The Chinese question con-
 tinues to attract much attention,
 particularly from a moral and
 social standpoint. The Chamber
 of Commerce recommend the adop-
 tion of the postal card system, and
 it will probably be soon introduced.
 The exhibits for the Philadelphia
 Exposition will be sent per *Skerry*,
 direct to New York, at the
 end of the month, and those
 South Australia and Tasmania at
 the same time.

Queensland.—Railroad surveys
 are being pushed vigorously. Mac-
 kay, commissioner for the centen-
 nial, at a farewell banquet, stated
 that he proposed to travel exten-
 sively in the U. S., and to become
 thoroughly acquainted with the
 producing interests. New paying
 quartz lodes are reported daily.
 South Australia.—The Parlia-
 ment opened on the 10th inst. Port
 Adelaide proving insufficient for the
 shipping requirements of the col-
 ony, measures are being taken for in-
 creased harbor accommodations.
 The prospects of the coming har-
 vest are unusually promising. The
 Government has prohibited the
 importation of vines from Europe
 and America.

Tasmania.—The parliament open-
 ed Oct. 28, and rejected the public
 works scheme; it was prorogued on
 the 3rd inst.

New Zealand.—The parliament was prorogued on the 21st of Oct.

The session was unsatisfactory,
 and scarcely anything was done of
 public benefit. A serious disturbance
 with the Maoris has taken place at
 Auckland.

Raid and Murders in Texas.

GALVESTON, 21.—Advices from
 Eagle Pass state that 300 Lipons,
 Jillico and Comanche Indian war-
 riors are reported by a Mexican
 trader to be at the cañon of San
 Rodrigo, forty miles above Remilo.
 It is thought that the object of the
 gathering is depredation in Texas.
 Despatches from Fort Clark say
 that Mexicans crossed the river
 twelve miles below San Felipe,
 surprised Pond's rancho and killed
 three men, captured all the arms
 and horses and six hundred cattle.
 Companies of citizens were organ-
 ized to follow, and much trouble is
 feared.

Merchants' Exchange Dedicated.

ST. LOUIS, 21.—The Merchants'
 Exchange in the New Chamber of
 Commerce building, was dedicated
 this a.m. with elaborate and im-
 presario ceremonies. The ex-
 change was called to order in the
 old building, which had been occu-
 pied for twenty years, at 11 a.m.,
 by President Rowland, and a beau-
 tiful and affecting farewell address
 was delivered by Wayman Crow-
 nover, one of the old merchants.
 procession was formed under the
 Grand Marshal, Wm. Hamilton,
 and several aids. After the great
 crowd had entered the spacious
 new hall, the assembly was called
 to order by the Hon. O. E. Starnard,
 and Mayor Francis, ex-officio, of
 the building, was introduced, and,
 in a brief speech, he surrendered
 his trust and delivered the keys of
 the hall to R. L. Lockard, Presi-
 dent of the Chamber of Commerce
 Association, who gave, in turn,
 possession to D. P. Rowland, Presi-
 dent of the Merchants' Exchange,
 who then delivered a congratula-
 tory address.

NEW TERMS OF UNION PROPOSED.

TORONTO, 21.—A minute of the
 Council of the Dominion govern-
 ment to the government of British
 Columbia, proposing new terms of
 union, is published; it proposes that
 the British Columbia should have
 the government of obligations to
 build the Canadian Pacific Rail-
 way, accepting in lieu thereof, and
 as compensation for any delay,
 that may take place in the con-
 struction of the Pacific Railway, a
 cash bonus of \$750,000, to be ap-
 plied either towards a local rail-
 way or to other public works in Canada;
 also surrender any claims to
 lands which may have been re-
 served in Vancouver Island for
 railway purposes. If this proposal
 is accepted the government will be
 prepared to submit to parliament,
 at its forthcoming session, the
 measures necessary to give it effect.
