THE INDIAN WAR

No News from the Milk River Coun-

try.—Evart's Patrioticist.

NEW YORK, 4.—The Herald's

Washington special says: Schurz

will arrive to-morrow. It is un-

derstood he will at once prepare a

statement showing that the out-

break was provoked so far as the

conduct of his department is con-

cerned. The attempt by the civil

authorities in Colorado to arrest in-

diators upon their reservation, is un-

derstood to be assigned as one of the

reasons for embittering the Utes

against the Government authority,

in connection with the invasion of

their reservation by prospectors and

others.

The Herald publishes a corre-

spondence between the War and In-

dian Departments, and says, by

mistake the request of the Indian

Department, was sent by

Adjutant General Whipple at

Chicago to Pope, when it should

have been sent to Crook, command-

ing the Department of the Platte.

The agency being in the very

north-western part of Pope's depart-

ment, it has been found necessary,

on the ground of economy, to draw

the troops from the Department of

the Platte when required for emer-

gency. When the order to send

troops to the Agency, Pope, he

promptly sent it to Crook. The re-

quest of the Indian Office for troops

was dated September 15th.

Chicago, 4.—Gen. Sheridan re-

ceived the following this morning:

via Fort Leavenworth, Kansas:

Morrow came up with Victoria and

his band on the 23rd of September,

near Ojoaliento, and so far, after

two days, reports having been re-

ceived, several companies of the

seventh infantry, under Col. Gilbert,

and Company B of the Third Cavalry,

under Lieut. Hunter, arrived to-

day, and will go forward in the

morning.

Gen. Crook will probably reach

here on Monday evening. The

mail from the South is due to-

night, and we confidently expect

to receive important news.

New York, 4.—A French publi-

cation here seriously announces

the report current in Washington

that Grant has offered to conduct

the campaign against the Utes. It

says: Finding himself in close prox-

imity to the theatre of the rebellion,

the general naturally occurred to him

like a good patriot, to place his

## THE INDIAN WAR

Nothing has yet been heard of

the missing battalion, and the

anxiety for their safety is on the in-

crease. The theory that they de-

scended voluntarily or involuntarily

in the Macouni bottom, Illinois,

has gained numerous vocales

and, John Wise, son of the

Professor, and W. T. Marsh, of the

Times Journal, left to-night for

Macouni Station on the Chicago

and Alton Railroad, not far from

where it is said the balloon was

seen, and if they obtain infor-

mation to justify it, they will organize

a search of the Macouni wilder-

ness.

Wm. E. Burr, president of the

St. Louis National Bank, brother of

Col. Burr, who accompanied Prof.

Wise, will to-morrow offer a re-

ward of \$250 for the recovery of

the body of his brother, or for infor-

mation which will lead to its recovery.

Yellow Fever.

MEMPHIS, 4.—Three more cases

this afternoon and one death. The

rest of cases of fever at Dean's

island is a mistake.

Grant on his Hamble.

SAN FRANCISCO, 4.—Grant and

party reached Yosemite on the

evening of the 3rd inst. On cross-

ing the lower bridge over the Mer-

cado River, a salute of explosives

was fired. The population and

tourists of the valley turned out

to greet the new-comers. The hotels

were decorated with flags and ever-

greens, and the band, brought to

the valley for the occasion, played

hall to the Chief. Another salute

of gun powder cartridges was fired

at Union Rock.

After getting rid of the dust of

travel, the General sauntered about,

taking a view of the surroundings,

and later held an informal recep-

tion. The party left Glacier Point

to-morrow. He returns to Clark's

Station on Sunday, and will visit

the Mariposa big trees on Monday.

General Foreign Notes.

LONDON, 4.—The correspondent

of the Manchester Examiner pro-

poses to have found out that the

Californian presentation of the

primer was not more than an

elaborate joke. Nobody of the de-

## ment have been sent to reinforce

him. This is probably an exagger-

ated version of the report from

Sinla.

Communications with the Huch

troops had been cut off that day by

tribes on both sides of Shatgarda

Pass.

The fifteenth anniversary of the

publication of the first work of

Joseph Ignatius Krazewski, a Po-

lish author and poet, was celebra-

ted at Cracow, on Friday. Numer-

ous addresses and valuable presents

were sent from America, France,

England and Turkey.

The son of the evicted Irish ten-

ant has been arrested, suspected of

being engaged in the attack by a

party of disguised men near Castle

Bar on the agents of the Marquis of

Siligo.

A Russian official charged with

an important mission from the Em-

peror of Russia to the Emperor of

Germany, is expected shortly at

Baden Baden.

News from Over the Border.

QUEBEC, 4.—The steamship Cy-

bela from Glasgow, reports the loss

of Captain Stevens, who was swept

overboard during a heavy gale.

A renewal of trouble among ship

bachelors in New Liverpool is ap-

prehended. While a party of French

Canadians were sitting in front of

their boarding house, they were
