

T. OTWAY SADLER COMMITTS SUICIDE

Was Manager of West End
Branch California Safe De-
posit and Trust Co.

WAS DELIBERATELY PLANNED

He Blew the Whole Top of His Head
Off With a Sawed-Off
Shotgun.

San Francisco, Dec. 11.—Bloody tragedy has developed from the fearful crash of the California Safe Deposit and Trust company. T. Otway Sadler, manager of the West End branch of the defunct institution at 1531 Devisadero street, blew out his brains last night while locked in his office.

No examination has yet been made of Sadler's accounts, but it is known that he was heavily involved personally in the failure. Ever since it was known that the bank could not survive he has been greatly depressed, though he mentioned to no one his intention of taking his life.

Sadler's method of suicide was most gruesome. He made his preparations for death deliberately and used a sawed-off shotgun, which was kept in the bank for protection against robbers. Both barrels of this ugly weapon, loaded with buckshot, were discharged, and the whole top of the suicide's skull was blown away.

Special Policemen Pierce, according to his custom, made a thorough examination of the premises, but a few minutes before 5 o'clock. Looking through a window he saw the body of the manager sprawled on the floor in a pool of blood and brains.

The victim was so badly mangled that he could scarcely be identified even from the lower part of the face. The discharged weapon, lying on the floor, told the story.

AMERICAN FILIBUSTERS.

State Department Will Try to Save
Some Condemned to Death.

New York, Dec. 11.—It has been definitely learned that in addition to George Vio of New Jersey, Samuel Parker, 22 years old of New York, is among the filibusters recently arrested and sentenced to be shot at Minas Geraes, Brazil. When young Parker left New York he told his mother that he was going to finish with a mining party and had obtained a good position. The state department has been appealed to, and it is said that the department has promised to do all in its power to save the lives of the young Americans who were concerned in the foolishly attempt to capture a Brazilian state with a force of only a hundred men under the leadership of a man who is said to be a famous Mexican revolutionist.

HARRISMAN HAS A COLD.

New York, Dec. 11.—E. H. Harrisman is suffering from a cold and has not been at his office since Monday. A report that Mr. Harrisman is seriously ill was denied at his office. It is said that he "has a cold and is taking care of it."

TRAMP BEATS UP SALT LAKE ROUTE BRAKEMAN.

Los Angeles, Cal., Dec. 11.—A desperate fight on top of a rapidly moving freight train between Henry Michael, a brakeman on the Salt Lake road, and an unknown tramp, which resulted in probable fatal injuries to the brakeman. The tramp struck the brakeman over the head with a coupling pin and the two men grappled and fell from the train. The tramp landed on top and beat Michael into insensibility with the latter's hammer, after

Catarrh A Blood Disease

Whether it manifests itself in the nose, throat, stomach, bowels or other organs, catarrh is a blood disease because it depends on impure blood.

Therefore it must be treated with a blood medicine for a radical and permanent cure.

Hood's Sarsaparilla is the most successful. It purifies the blood, strengthens the stomach and other organs, and builds up the whole system. It radically and permanently cures.

The most easily developed form of Catarrh is Nasal Catarrh, in the treatment of which Hood's Sarsaparilla is greatly aided by Anisoplets or Cataplasms, which afford prompt relief.

FISH GETS OUT TO BEAT PLOT TO HOLD HIM CAPTIVE

New York, Dec. 11.—The World this morning states that Stuyvesant Fish's sudden departure for Chicago last night was due to his discovery of a plot to hold him in New York until after the election of directors of the Illinois Central railroad, which takes place Dec. 18 in Chicago.

Mr. Fish discovered that a process server was looking for him with a subpoena to appear as a witness in a case now on trial at White Plains. This case, it is stated, will require several weeks to try, and attendance there would prevent Mr. Fish going to Chicago and voting the many proxies which are in his name and which he must vote personally. The fact that the subpoena had been issued, the story says, became known by accident to one of Mr. Fish's friends, who at once telephoned him. Thereupon Mr. Fish and his secretary rushed to Jersey City ferry and caught a train to Chicago. It is said they went without baggage. It had been announced that Mr. Fish would not go to Chicago until a day or two before the meeting.

FOR AN OPEN SHOP.

Seattle, Wash., Dec. 11.—The Master Builders' association last night declared for an open shop, thus renouncing an agreement entered into with the Building Trades council March 20 of this year, by which they agreed to employ only union labor until July, 1909.

The Master Builders contend that the union violated the agreement when the strike on the federal building was ordered several months ago and deny that any agreement now exists. The action will probably result in a bitter fight between the builders and organized labor.

SECOND SENSATION IN WALKER TRIAL

Mrs. Gertrude Hull, a Witness,
Seeks Conference With
Judge Howell.

WANTED CHANGE TESTIMONY.

Judge Admonishes Her to Tell Only
The Truth—Incident Has
Decided Effect.

(Special to the "News.")

Ogden, Dec. 11.—Another sensation was sprung in the Walker murder trial here today when Mrs. Gertrude Hull was on the stand undergoing cross-examination. Mrs. Hull admitted that she had been in conversation with Judge Howell, who is the presiding judge in the case, regarding the testimony in the trial.

When Mrs. Hull was called to the stand this morning, she had to stand the case at bar. She replied she had when questioned as to whom she had conferred with, she said she had talked with Atty. Halverson, Korn and Harris. Asked if she had talked with anyone else, she said she had conferred with Judge Howell.

JUDGE EXPLAINS.

Judge Howell asked permission to explain. The attorneys for the defense objected, but upon agreement between counsel, the court was adjourned for 10 minutes, when the judge explained to the attorneys for both sides the nature of the conference with Mrs. Hull. She had asked him what effect it would have upon her should she tell a different story at this time than she had told at the preliminary hearing. Judge Howell replied that he could only advise her to tell the truth.

The explanation was accepted and the trial was continued. There is no question, however, as to the effect the incident is having upon the jury.

Mrs. Hull contradicted her former testimony in many ways. Her testimony was not concluded at the noon adjournment. An attachment was issued for the person of Clerk Harrison of the European hotel, who is wanted by the prosecution.

THINK THEY HAVE JAILED BAD MEN

Ex-Convict and Other Suspicious
Characters Arrested
By Police.

In the arrest of Joe Sullivan, an ex-convict last night in company with John Owen, who says he is a railroad switchman, and in the round up of numerous vagrants and loafers, the police believe they have one or more of the hooligans who have been operating in Salt Lake for some time, and efforts will be made to have some of the men identified. Chief Pitt stated this morning that there was reason to believe Sullivan has been connected with some of the recent thefts and robberies.

Last night three pistol shots were heard in the vicinity of First and Main West Temple street and the police at once made an investigation. They were unable to secure any definite information, but later in the evening Sullivan and Owen were taken into custody. Both had loaded revolvers on them. The one carried by Sullivan had been recently discharged and the handle of the gun was smeared with blood.

Detectives Shannon and Wilson had been watching Sullivan and Owen for some time and arrested them on Commercial street. When asked to explain why they carried revolvers, and how the blood came to be on the handle of Sullivan's gun, both refused to talk. They had no explanation whatever to make.

Sullivan was sent up from Ogden for a term of five years in the state prison for robbery. He was released on Monday and since that time was closely watched. A man named M. H. Peterson was released at the same time and he too was arrested last night. He had on him a quantity of the silverware stolen from the American Tea company a few days ago. He did not personally participate in the robbery for the reason he was in prison at the time, but the police are certain he knows something about it. All of the men will be held pending further investigation.

NEW OFFICERS ON DUTY.

The new police officers recently appointed by Chief of Police Pitt went on duty today. Former Sergeant Ed Janney is now chief of detectives, and his place as sergeant is filled by Henry Johnson. Officer Schultz goes into the plain clothes squad and the other appointments are patrolmen.

BEFORE JUDGE DIEHL.

Geo. Elliott Pleads Not Guilty—Cochran Gets Twenty Days.

George R. Elliott, the man arrested a few nights ago by Officer Morris Lyon on the charge of burglarizing the Court saloon on State and Fourth South streets, was arraigned this morning in

Judge Diehl's court on the charge of burglary. In the second degree. He pleaded not guilty and the case was set for hearing Thursday, the 19th. Elliott is the man who was shot at by Officer Lyon.

C. B. Cochran, charged with obtaining, or attempting to obtain \$18 from Mrs. C. B. Wood, by false impersonation, was found guilty this morning and sentenced to 30 days in the county jail. The light sentence was imposed for the reason that at times Cochran is mentally unsound.

Mike Lynch, charged with burglary, in the third degree, was held to answer to the district court. He is charged with entering a room in a Commercial street roominghouse and stealing therefrom a suit case. In default of \$350 bail he was remanded to the custody of the sheriff.
