

SULLIVAN'S REPLY TO W. J. BRYAN

He Denies Emphatically the Leader's Right to Question His Democracy.

CAN BE DONE BY HIS DISTRICT

To Allege Fraud Against His Right to Indict Last National Convention.

Chicago, Aug. 15.—Democratic National Committee member Roger C. Sullivan gave out today a statement which he has prepared and mailed broadcast throughout Illinois in reply to William J. Bryan's demand that he resign from the national committee and his subsequent assertion that his opposition to Mr. Sullivan was prompted solely by his belief that "Roger Sullivan and John E. Hopkins had deliberately robbed the Democrats of Illinois of their political right."

Mr. Sullivan in his rejoinder, declines to concede to Mr. Bryan the right to question his democracy or his membership in the national committee. "Judgment as to my democracy," he says, "rests with the Democrats of the district in which I live. My title to membership in the national committee has been confirmed by a higher authority than Mr. Bryan."

Continuing, Mr. Sullivan says: "Mr. Bryan may have written the letters in which my resignation or removal is advised, although the channel through which the letters have come throws doubt on their authenticity."

The purpose of the demand, made by Mr. Bryan Mr. Sullivan asserts to be to create new factional strife in the place of factionalism that has now disappeared.

"Actually," he declares, "this demand emanates from two men—Millard Fillmore Dunlap and Owen P. Thompson of Jacksonville. By misuse of Mr. Bryan's name and popularity they hope to stir up enough discord at Peoria to enable them to pose again as 'leaders' and as 'representatives of Mr. Bryan.'"

"In the letters attributed to Mr. Bryan there is plain statement:

"Mr. Sullivan was elected as national committee member by delegates who were not chosen by the convention."

"If this statement is Mr. Bryan's, then he persists in a contention that was declared by the last Democratic national convention to be a misrepresentation. He cannot in fairness maintain this position. It is true that the seats of certain of those delegates were contested. But these contests were not decided by fraud, and Mr. Bryan knows it. Does Mr. Bryan deny the authority of the Democratic national convention? I can hardly believe it. The national convention by a vote of 694 to 27 confirmed the right of the legal Illinois delegates to their seats. Those delegates elected me national committee member by a vote of 49 to 5. The national convention again confirmed that action."

"To allege fraud against my right to seat in the national committee is to indict the last national convention and its leaders for compounding a fraud. Can even Mr. Bryan sincerely and honestly do this? He cannot if he expects to accept a presidential nomination two years hence, for such a nomination must come from the men I have named and their associates. No man, not even Mr. Bryan, can afford to accept any nomination much less a nomination for the presidency, at the hands of men whom he believes to be authors of high crimes and misdemeanors and perpetrators of fraud."

FIGHTING AT AHIOLU.

Sofia, Aug. 15.—It is alleged that the primary cause of the fighting at Ahioleu on Aug. 12 was the conduct of the Greeks in trying to forcibly prevent a Bulgarian meeting there.

From outlying villages assembling for the meeting being received with rifle shots from the Greeks. The Bulgarians returned to their villages, procured arms and then attacked the Greeks. The Greeks were forced to withdraw and barricade themselves within their church.

Fighting continued around the church the whole day. The police vainly appealed to the Greeks to cease

DOCTOR SHOTS SALOONKEEPER

Calusa, Cal., Aug. 15.—Dr. L. H. Francis shot and fatally wounded S. P. Morton, a saloon keeper at Princeton, this morning. The trouble started yesterday afternoon when Francis presented a bill for professional services to Morton, which act was resented and resulted in Francis being slapped three times. This morning Morton armed himself and went to Francis' office. Francis ordered him to keep outside, but Morton continued to advance with a revolver in his hand. As he stepped inside the door Francis fired his own revolver, the bullet striking Morton in the center of the neck, inflicting a wound that is thought to be fatal.

Ninety-six Used Ball Cartridges But Couldn't Hit Grand Duke Nicholas.

St. Petersburg, Aug. 15.—The investigation into the attempt on the life of Grand Duke Nicholas on Aug. 10 at the guards' camp maneuvers at Krasnoye-Selo has developed that ball cartridges were used in 96 of the shots fired by the sharpshooters. The Krasnoye-Selo incident was preceded early in the week by two occasional occurrences directly due to disloyalty among the troops. Some men of the White Sea regiment fired at one of their officers from ambush and a sergeant of the Onizki regiment, who evidently had become aware that plotting was taking place among the men, was killed.

It turns out that the police made a mistake when they presumed they had captured Capt. Kock, commander of the Red guards of Finland. The captain is now in Christiania, Norway, whence he writes that he escaped disguised as a cab driver and actually drove two detectives who were searching for him.

WHOLESALE MASSACRES

Russian Revolutionists Organize To Kill Policemen, Gendarmes and Infantry Patrols.

MANY SANGUINARY CONFLICTS

Scene of Their Activities Chiefly Poland—People Shot Down Like Rabbits.

Warsaw, Aug. 15.—There were many sanguinary conflicts here today with revolutionists, who have organized wholesale massacres of policemen, gendarmes and infantry patrols. These conspirators shot and killed 17 policemen, four gendarmes and seven infantry patrols, and wounded a score more. Soldiers fired a volley into a crowd, killing 15 and wounding with bullets and bayonets 130.

The massacre is supposed to have been planned by revolutionists in revenge for the arrest recently of 19 Socialist workmen in the iron working suburb of Praga.

It was a Catholic holiday, and no one suspected that a massacre was in preparation. The weather was beautiful, the city was calm, and thousands of people were crowding outgoing excursion trains. Simultaneously the attacks on policemen began at 10 o'clock in the morning. About 1 o'clock in the afternoon news began to arrive from all parts of the city, revealing the concerted nature of the attacks.

Ostrowska street four men attacked a sergeant of police, but the latter was able to capture three of them, who were armed with revolvers. In a fight in Torgovia street revolutionists shot down two soldiers and a Jewish merchant was killed by a stray bullet.

A band of three men invaded a grog shop in Chlodenska street, where they wounded a soldier. The clerk and wife of the proprietor opened fire on the invaders, and a passing patrol, attracted by the disturbance, seized the entrances of the shops, stormed the house and captured all of the band.

In the afternoon strong detachments of infantry, dragoons and Cossacks appeared in the streets, dispersing the crowds with their swords, firearms and bayonets. The streets were quickly emptied and by 9 o'clock all the shops and restaurants were closed. Ambulances and vans were kept busy carrying the wounded to hospitals.

All passersby were searched by patrols and many arrests were made.

A CARNIVAL OF MURDER.

St. Petersburg, Aug. 15.—Acting apparently with a definite plan and at a signal, the Terrorists and Revolutionists today inaugurated a carnival of murderous attacks with bombs and revolvers on the police, soldiers, and various cities in Poland, echoes of which are heard from Samara, Ufa, Yalta, Kiev and even far away Chita, where Acting Chief of Police Gorenichichko was slain almost on his own doorstep. The revolutionists' campaign flamed out with especial violence at Warsaw, where over a score were slain in the streets and many more were wounded. Among the killed, according to the latest official advices, were two sergeants of police, eight patrolmen, three gendarmes, five soldiers were shot down like rabbits in the streets. Their assailants, who traveled in small bands, almost all escaped among the terrorized but sympathetic populace. The only considerable capture was a band of 10 men who had invaded a grog shop and killed a soldier. These were taken by a passing patrol.

Bombs were employed in an attack on the police station of the Volak precinct in Warsaw, where a sergeant, two patrolmen and a soldier were wounded. Other Polish cities singled out by the terrorists were: Lodz, where six soldiers, three patrolmen and the wife of a police captain were wounded by the explosion of bombs in the police station, and two soldiers and two terrorists killed in the streets; Extramont, where a bomb was thrown in the police station and killed the wife and child of a captain; Viotslosk, where a captain was slain, and Plock, where at a given signal the policemen on all the posts were simultaneously attacked and several of them wounded.

Members of both committees refused to make any statement. The conference is to be continued tomorrow. It is understood, however, that a fusion ticket is practically assured, and that most of the time occupied in consultation was consumed in going through a list of 1,000 or more names of men who are regarded as available for trusteeship.

CAPTAIN BURNED TO DEATH.

Buffalo, Aug. 15.—Capt. James Robinson, a veteran lake master, was burned to death; Charles Johnson, and a score of other persons, had narrow escapes in a fire in the building occupied by the Buffalo Ship Chandlery & Supply company. The alarm was given by Johnson, who rushed into the street enveloped in flames. Capt. Robinson's escape was cut off by the fire. The fire slightly damaged the St. Charles hotel adjoining.
