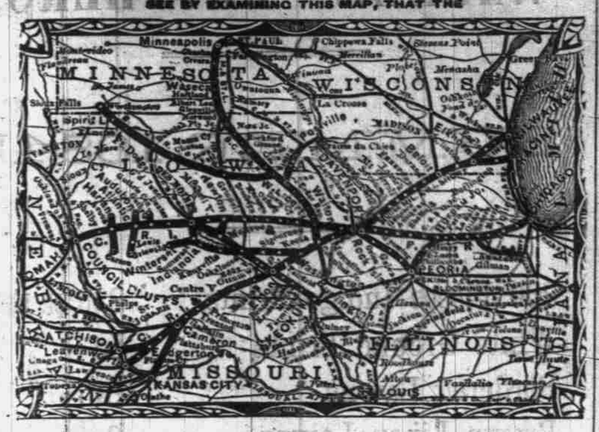
A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND AND PACIFIC R'Y

Being the Great Central Line, affords to travelers, by reason of its unrivalled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic, Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

As it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of COMMODIOUS, WELL VENTILATED, WELL HEATED, FINELY UPHOLSTERED and ELEGANT DAY COACHES; a line of the MOST MAGNIFICENT BORTON RECLINING CHAIR CARS ever built; PULLMAN'S latest designed and handsomest PALACE SLEEPING CARS, and DINING CARS, that are acknowledged by press and people to be the FINEST RUN UPON ANY ROAD IN THE COUNTRY, and in which superior meals are served to travelers at the low rate of SEVENTY-FIVE CENTS EACH.

THREE TRAINS each way between CHICAGO and the MISSOURI RIVER.

TWO TRAINS each way between CHICAGO and MINNEAPOLIS and ST. PAUL via the famous

ALBERT LEA ROUTE.

January 1882, a new line will be opened, via Seneca and Kankakee, between Newport News, Richmond, Cincinnati, Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

All Through Passengers carried on Fast Express Trains.

☞ For more detailed information see Maps and Folders, which may be obtained, as well as Tickets, at all principal Ticket offices in the United States and Canada, or of

THE BY ALL ODDS BEST EQUIPPED RAILROAD IN THE WORLD

Let it be forever remembered that the CHICAGO & NORTH-WESTERN RAILWAY

is the best and shortest route to and from Chicago and Council Bluffs (Omaha), and that it is preferred by all well posted travelers when passing to or from

CALIFORNIA AND COLORADO.

It also operates the best route and the short line between

Chicago and St. Paul and Minneapolis

Milwaukee, LaCrosse, Sparta, Madison, Fort Howard (Green Bay), Wis., Winona, Owatonna, Mankato, Minn., Cedar Rapids, Des Moines, Webster City, Algona, Clinton, Marshalltown, Iowa, Freeport, Elgin, Rockford, Ill., are amongst its 800 local stations on its lines.

Among a few of the numerous points of superiority enjoyed by the patrons of this road, are its PALACE COACHES which are the finest that human art and ingenuity can create; its PALATIAL SLEEPING CARS, which are models of comfort and elegance; the PALATIAL DINING CARS, which are unsurpassed by any, and are widely celebrated.

NORTH-WESTERN DINING CARS, the like of which are not run by any other road anywhere. In short it is asserted that IT IS THE BEST EQUIPPED ROAD IN THE WORLD.

All points of interest North, Northwest and West of Chicago, business centres, summer resorts and noted hunting and fishing grounds are accessible by the various branches of this road.

It owns and controls over 5,000 miles of road and has over four hundred passenger conductors constantly caring for its millions of patrons.

Ask your ticket agents for tickets via this route, AND TAKE NONE OTHER. All leading ticket agents sell them. It costs no more to travel on this route, that gives first class accommodations, than it does to go by the poorly equipped roads.

For maps, descriptive circulars and summer resort papers, or other information not obtainable at your local ticket office, write to the

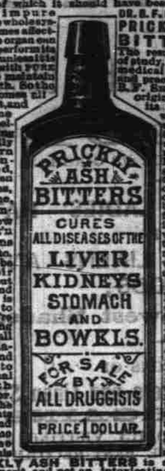
THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste material &c, are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood but allows it to pass through, carrying with it the poisons of which it should have been relieved. With impure blood the whole system becomes affected, and no organ can properly perform its functions unless supplied with pure blood. If constipated, intestines clogged up to Piles, Headache, Sick Stomach, Bilious Complexion, Eruptions of Skin, etc., there may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original Strength and Vigor. For all complaints of this kind there is no medicine that equals

DR. R. F. SHERMAN'S PRICKLY ASH BITTERS.

The result of years of study, experiment and medical research, and is offered to the afflicted as a reliable remedy. DR. R. F. SHERMAN, the originator, and has used it in his private practice with success for many years, and has never known it to fail when taken according to directions. Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach, and Bowels, in a mild manner, causing them to perform their functions as nature intended, and is a powerful but harmless purifier of the blood, and is used by children as well as adults.



PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicant, and being purely vegetable in its composition can be used in all climates with perfect safety. It is also claimed as a cure-all, but for derangements of the organs for which it is a specific and as a BLOOD PURIFIER, the following are some preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.

EVENING NEWS.

Thursday, . July 17, 1884.

ANCIENT STYLE.—A set of Egyptian furniture attracts great notice and admiration at the Turin exhibition. The carpet is of Smyrna workmanship, and the framework of the furniture of carved ebony, representing serpents, sphinx heads, vultures, scarabeus, etc. Doors of book-cases are inlaid with portraits of the Ptolemies and hieroglyphic inscriptions. The ornaments are of bronze, the furniture coverings and hangings are of sky-blue satin, embroidered with hieroglyphics copied from the originals. The armchairs of ebony and also copied from the originals, are severe looking, but very ornamental. The legs represent leopards' legs and paws. The back, partially open is covered with satin, on which is an embroidered vulture with outspread wings, and at the top the heads of the goddess Pasht carved in the heading. The seat is fringed with lotus and buds, in imitation of the fringe on priests' dresses There are stools of tiger skins set on carved ebony, and looking-glasses of polished silver set on bronze pillars and pedestals, and gold and silver hangings.

BASE BALL AS SEEN BY A GIRL.—A girl's notion of the national game is called off pretty accurately by the letter of a young city lady to her girl chum in the country. "You must visit me," she wrote, "when the base ball season opens. There is so much skill and grace displayed. The pitcher I think—but, my! you never saw a game. I will explain it to you. The pitcher—a dear little thing—stands in the middle and throws a ball at another, who stands in front with a long stick in his hand. The thrower tries to hit his stick, and the other young man, who is called the knocker, tries to so swing the club that it will be impossible for the thrower to hit the stick with the ball. Some of the knockers become very good at this, and some of the darlings could stand there and never have their clubs hit once. The catcher stands behind the knocker, and is just too brave for anything. We girls think he is the nicest one in every club. I think the catchers are very cute and heroic."

HINTS FOR HEALTH SEEKERS.—Don't shake a hornet's nest to see if any of the family are at home.

Don't try to take the right of way from an express train at a railroad crossing.

Don't go near a draft. If a draft comes towards you, run away. A sight draft is the most dangerous.

Don't blow in the gun your grandfather carried in the war of 1812. It is more dangerous now than it was then.

Don't hold a wasp by the other end while you thaw it out in front of the stove to see if it is alive. It is generally alive.

Don't try to persuade a bull-dog to give up a yard of which it is in possession. Possession to a bull-dog is ten points of the law.

Don't call a very large, strong, sinewy man a prevaricator; hire another man to break the news to him.

Don't allow the baby to drink the concentrated lye. Concentrated lye is dangerous, even in small doses, except to a man who is accustomed to drink Baltimore corn whisky.

A CONVENTION INCIDENT.—A very powerful brass band is stationed immediately over the presiding officer and the newspaper corps, and its pay seems to be regulated by the number of selections it performs, thus furnishing it the biggest kind of an incentive to make the thing fairly howl at the slightest suggestion of even a half-favorable opportunity. When the convention yesterday decided that when it did adjourn, it would adjourn until this morning at 11 o'clock, the band boss took it into his head that the body had actually agreed to adjourn right then and there, and ordered his musicians to toot. So well did they obey orders that the business of the convention was practically suspended for 10 or 15 minutes, and it was only after the most frantic effort of the sergeant-at-arms and his assistants that the mad horn-blowers and drum pounders could be presuaded to desist and give the suffering delegates a rest.—*Chicago Tribune 9th.*

A REMARKABLE MAN.—A correspondent fell in with Morrison Heldy Normandy, Ky., recently, of whom he writes: "Having been blind from infancy and deaf for 18 years, you wonder how he talked. It was simple enough. He wears on his right hand a glove with letters printed thereon, arranged somewhat similar to the type writer. When you touch a letter he recognizes the position and thus understands the words and sentences written to him. He enjoys a story or joke, but says he can tell no kind of stories. He is the author of several books, one of which, 'Burl,' has recently been brought out by the Methodist Publishing House at Nashville. He says his books have been financial failures. Notwithstanding he gropes in eternal and silent darkness, he seems to be a much happier man than those who are so much more blessed."

"SKOOL ROOLS."—A Pittsburg paper says that Superintendent Luckey, in a recent trip into the country, came across a school where the teacher had been furnished with the following "Skool Rools" by the trustees. "No swearin, fitin, quorrelin, nicknamin, goin into the water, roslin or jumpin, goin into any persons vinepatchs or orchard without the consent of the owner, no pinchin, stickin of pins into each other, pulin of hair durin books, cortin in skool, not more than one pupil must go out at a time unless for wood, coal or water, no crackin of walnuts unless dried, no whisperin. Those rules must be observed for a violation of those rules will be punished with a lash accordin to a verdict of the trustees."

UP A TREE.—Mr. John Gray has had a steel trap set for bears in the gorge below the falls. Last week, upon reaching the trap, he was confronted by an immense black bear that had been caught by the foot, and was making a fearful racket among the rhododendrons in trying to liberate itself. Mr. Gray was armed with a small shot-gun loaded with bird shot. With this he banged away at the bear, which, at the report of the gun, broke away with the trap, chain and all, and tumbled over a cliff fully fifty feet high, falling into the top of a spruce pine, from which Mr. Gray found it impossible to dislodge it, and he was forced to go ten miles down the river, where he collected a crowd of men, and upon returning the bear was found still in the tree, having been unable to descend with the steel trap. The bear was killed, and was found to weigh 400 pounds—one of the largest black bears that has been killed in this county for years.—*Morganton Mountaineer.*

ONE MORE TERM.—When a county treasurerer in Ohio expressed his great disappointment over his failure to secure a third term, some one asked him for particulars, and he explained: "Why, I am $30,000 behind, and there'll be a row over it. You see, the first term I had but little ambition. During the second I speculated in wool and wheat and lost this money. During the third I was calculating to speculate in cotton and make good the deficiency, and have something left over. It's mighty mean to upset a man's calculations in this way, and I believe I'll go to Canada to live."

A FAIR POLITICIAN.—"Did you get the ticket, Gussie dear?"

"Yes, Charlie."

"And you went to the convention?"

"Oh, yes; there was the nicest old lady sat right next to me and she told me all about everything."

"And you saw all the politicians?"

"All but Mr. Keiting and Mr. Tilden and President Arthur. We looked for them, but I guess they weren't there."

"Where did they nominate?"

"Why—that was when they cheered so, wasn't it?"

"Yes, I suppose so."

"Well—I didn't get the name exactly, but as nearly as I can remember, it was something like—something like Cincinnati!"—*Chicago News.*

A FAIR COMPARISON.—"Crazy quilt, papa! What do you call it a crazy quilt for?" exclaimed little Miss Lightfoot, who had produced herself for the first time in a new summer dress of a Dolly Varden pattern.

"Because," returned the old gentleman, "it reminds me of the republican platform."—From the Brooklyn *Eagle.*

A FINE QUALITY OF SUGAR.—"That, sir, is a very fine quality of sugar," said the grocerymaan; "it is used mostly for making deserts."

"Why is it used mostly for making deserts?" asked a New York *Sun* reporter.

"On account of its superior quality, sir."

"Oh, that's it? I thought it might be used for making deserts on account of the large amount of sand in it."

BOSTON ENGLISH.—Boston Maid—No, my paternal progenitor is not in.

Philadelphia Caller—I am one of the depositors in his bank, which I find has suspended payment. Can you tell me where your father is?

"The authorities became cognizant of considerable rehypothecation on his part, and conveyed him to a protoplasm."

"A what?"

"A protoplasm."

"What in the name of Webster is that?"

"If you will glance at Worcester you will find that protoplasm signifies a cell."

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect

ANTIDOTE to MALARIA.

THOSE WOMEN FOLK.

How Hard-Headed Men Estimate Some Things which they don't Understand.

Anybody who has led a domestic life knows how common such things as the backache, and pains in the chest, are among the women who do the work. Often—and perhaps generally—the distresses are borne without much complaint. The women get about, and the machinery of the house goes on. Beyond this, those coarse-grained animals whom New England women call "the men folks," seldom look. So long as their wives or daughters are not actually in bed, under the doctor's care, the average thick-skinned husband and father gives the subject no attention. At the same time the poor household drudges—who deserve a better fate—creep around, broom or utensils in hand, up stairs down stairs and out-of-doors, doing that woman's work which "is never done." Losses of loved wives and fair girls—losses whose suddenness and unexpectedness astonish those woodenpated husbands and fathers—fall, seemingly out of a clear sky, and form the logical sequel to the story of neglect.

Now, you men who stand at the heads of ten thousand such homes, allow us to drop a word in your respective ears. If these women of yours are worth having, they are worth saving. That back-ache—that pain in the chest! What are they but indications of some organic trouble of the kidneys, the heart, or the lungs? End it at once by the application of BENSON'S CAPCINE POROUS PLASTER. It will soothe that nervous distress, drive away that pain, banish that dull, weary back-ache, give new strength to the body and fresh hope to the heart. No other plasters will do this. The Benson's Plaster, however, is not made to sell—but to heal. It is a remedy which never yet broke its promise—and never will.

Your druggist has it, But before paying your 25 cents and putting the plaster in your pocket, look for the word CAPCINE cut in the middle.
