## LOCAL BRIEFS.

**Relatives Unknown.**—Joseph Beranek, aged 54, died yesterday afternoon at Holy Cross hospital. The man's relatives are entirely unknown.

**Hit by Street Car.**—George Johnson was knocked down by a street car at North Temple and West Temple streets last evening, but was not seriously injured.

**Advertising Men to Meet.**—The newly organized club of this city will meet tomorrow evening at the Commercial club, when all persons engaged in advertising work are invited to be present.

**Address Students.**—The students of the L. D. S. university were addressed this morning by Levi Edgar Jensen on higher education. The speaker handled them in a manner to impress the students very forcibly.

**To Undergo Operation.**—Mrs. D. P. Felt was taken to St. Marks hospital this morning, suffering with a complication of troubles which will require an operation. Her physicians believe that she will have recovered in 10 days.

**Will Discuss Exhibit.**—The Real Estate association will meet Saturday evening, at the Commercial club, to discuss how to maintain the Chamber of Commerce exhibit during the current year. The meeting will be open to the public.

**Big Advance in Value.**—Henry W. Deacher closed a deal last evening whereby he bought through Cannon & Cannon 100 feet front on Third South street, east of State, from Ann M. Cannon for \$24,735, the purchase being for investment. This is an advance in value of 75 per cent, it is reported, in three years.

**Today is New Year's.**—According to the calendar of Pope Gregory I this is New Year's day, and the year is of the number 1909. The day is celebrated wherever the Greek church holds sway and among adherents of that faith the world over. At the local Greek church, on West Fourth South street, the occasion is being observed in a fitting manner. A morning service was held from 9 to 11 o'clock.

**Must Also Steal Messenger.**—Local banks are adopting the device now being used by bank clerks, of ensuring safety of money grips while being carried through the streets by messengers. It consists of a steel cuff fastened on the wrist of the carrier, attached by a steel chain to the grip which is lined with steel chain. It is impossible for a thief to snatch such a package and make off with it, without carrying off also the messenger.

**Cost of Police Department.**—The report of the chief of police for the year, which will be presented to the city council next Monday night, will show that the department has cost, during the past year, \$24,000, which is \$2,400 more than it cost last year, and there have been two men added to the force. The report will ask that there be an increase in the force authorized, which will permit the appointment of 10 more men. The report will also ask for a proportionate increase in the appropriation.

**Death of Missionary.**—A cablegram received at the president's office yesterday from President Charles W. Penrose of the European mission, conveyed the information that Charles Martensen, a missionary laboring in Norway, died Jan. 12. The cause of death was designated apoplexy. The deceased was a son of Peter and Poline C. Martensen, of Koshareh, Platte county, and was born in Ropen, Norway, July 11, 1836. He was set apart for his mission April 30, 1907, in this city, and left next day for his field of labor. He was a member of the Eighty-second quorum of Seventy.

**FIRE IN MASTERMAN HOME.**

A fire that would undoubtedly have done considerable damage had it not been for a prompt alarm and the quick response of the fire department, occurred this morning about 11 o'clock, at the residence of H. J. Masterman, 724 south Second West street. A back draft in the basement from the furnace had fallen down and sparks had set fire to the woodwork. Mrs. Masterman discovered smoke issuing from the basement and hastened down stairs. She was unable to get into the room and ran back up stairs and turned in an alarm. The chief and assistant chief and the apparatus from No. 2 responded and soon had the blaze extinguished. The loss was only nominal.

**WEEKLY MARKET LETTER.**

Special Correspondence.  
Kansas City Stockyards, Jan. 11.—A fairly good number of range cattle were included in receipts here last week. Unfavorable weather and shortage of feed forced some shippers to market stock a little ahead of calculations, but nobody was disappointed in the market. Prices ruled 10 to 25 cents higher than previous week, and considerable quality was remounted to shippers. Some fat cattle came from the Lookhart feed lots sold at \$4.65 to \$5, with practically no time in the feed lot, and other heavy steers brought \$4.50 to \$5.80, most of them at \$5.10 to \$5.30, cover at \$5.25 to \$5.50, bulls around \$4.25, New Mexico beef steers up to \$4.00, cows and heifers \$3.50 to \$4.25, Colorado stockers \$2.50 to \$4.00, feeders up to \$4.80. The cattle rule is 12,000 here last week, and the market advanced 20 to 40 cents for the week. Run today is 8,000 head, market steady with close of last week, top steers in all classes today highest of the winter, lambs at \$7.50, yearlings \$7.75, middle of last week, yearlings \$7.50, weathers \$6.50, ewes \$5.25. Colorado has been fairly well represented lately, and stock from Colorado feed lots has not the high mark several days ago. The Sylvester lambs brought \$7.75 middle of last week, yearlings \$7.50, and lucky Ford ewes sold today at \$5.50. Feeders are making good money, some short fed stuff here last week at a net profit exceeding \$2 per head. Feeding lambs went out last week at \$5.75 to \$6.10.

## LOGAN REPUBLICAN NOW FALLS IN LINE

Serves Notice on Cache County Representatives in Legislature That Prohibition is Slogan.

The Logan Republican of yesterday's imprint devotes two columns to the fact that prohibition is undoubtedly coming. After going on to cite that the movement is state-wide it reproduces the resolution passed at the October conference and then proceeds to serve notice on the representatives from Cache that it is in their line of duty to come out and fight for reform.

Continuing the Republican says:

"When we consider the number of grief-stricken widows in Logan and Cache valleys, the number of orphaned men who are in jail or the penitentiary, and some in the asylum in consequence directly or indirectly of the liquor habit, we certainly must look upon the above resolution as one worthy of the serious consideration of the legislators from Cache. Many a young man today on our streets, worthless to himself and the community, can trace that condition directly to the liquor habit. Hundreds of men have loved and loved to resist the enticing drink, but have not had the moral strength necessary to carry out their wishes. Shall our legislature refuse to aid such as those, or shall they say to themselves, 'This is a free country and every man should stand up for the moral strength that God has given him,' or shall we thank our Maker because we have more strength than our brother and then rise in our majesty and sympathy for him and assist him from Logan and Cache valleys? We are sent to the present legislature, which opened last Monday, the following men:

"E. W. Robinson from Logan.  
"H. Bullen, Jr., from Logan.  
"Norman Allen, from Wellsville.  
"Clarence L. Funk, from Richmond.  
The above men are well known. In our community, some of them having spent the better part of their lives in educational lines and should know the danger incident to liquor drinking. They were sent to the legislature with the full understanding that they would do all in their power to enact such laws to prohibit the sale of liquor, and we look to those men to do their duty. We have faith that they will not be influenced by automobile rides, by grand receptions and suppers, by money thrown in all directions by the liquor dealers, but that they will stand upon their dignity as men representing the people, and that no influence shall bar them from doing their duty to God and their country. We are credibly informed that the liquor dealers of the state are fully organized and have money by the thousands to spend in whatever direction they deem best. If any legislator's vote can be turned with money, they are prepared to pay any price. If any can be influenced by automobile rides, wine suppers, or influenced in any way possible, they have their plans made to accomplish it. Hence it behooves every legislator to be on his guard. The safest way for him is to pay for his own meals, attend no receptions, accept no wine suppers, pay for his own theater tickets and the result will be that he himself will feel that he owes no man anything other than duty, and we hope to see the state to which position he was elected. The people of this city and this county will undoubtedly follow closely the acts and the voting of those men representing us. Their every act and word will be on for criticism, and we want the man who fails in his duty or who is influenced or places himself in a compromising position with the liquor league. As stated before, we have faith in those that have gone from this county and we hope to see them when their work is completed that they did their duty, that they represented their constituents properly, and they have returned clean, and honest men."

**EVERY MOTHER**  
Is or should be worried when the little one has a cough or cold. It may lead to croup or pneumonia or to something more serious. Burt & Carlquist's Little Children's Cough Syrup is the trouble at once and prevent any complication. Sold by Z. C. M. I. Drug Store, 112 and 114 South Main St.

**TRY TO LOOT SAFE.**

Undoubtedly the Work of Boys, the Police Believe.

An attempt was made some time last night to crack the safe in the office of the Gregory iron works, 631 State street, but it proved unsuccessful. In the opinion of the police the job was done by boys who knew little or nothing about the "art" of safe cracking.

They gained entrance to the office by breaking a rear window. They broke into a nearby blacksmith shop and stole a sledge hammer and chisel and with these instruments tried to break open the safe door. The knob and hinges were knocked off but the door refused to open. The would-be crackers then tried to pry open the door with a chisel. Inserting the point of the tool in crevice they pried away until the chisel broke. The job was then given up and the thieves turned their attention to a desk from which they took \$2 worth of stamps.

The attempted safe cracking was discovered early this morning and the police at once notified. Sergt. Backstedt made an investigation and stated that undoubtedly the work was that of boys.

**NEW CORPORATIONS.**

Articles of incorporation were filed yesterday afternoon by the Sharnum Automobile company. The incorporators are Francis A. Sharnum, Samuel H. Sharnum, William and Don E. Ray and Anna Schneider, and the capitalization is \$25,000, divided into an equal

number of shares of stock at the par value of \$1.  
The capitalization of the Midland Land & Irrigation company of Midland is given in the articles filed yesterday at \$15,000, divided into an equal number of shares at a par value of \$1.

Among the other incorporations filed articles yesterday is noted the Asphalt Development company, whose business will be the mining and sale of asphalt and kindred materials. Its capitalization is given at \$50,000.

## COMMITTEE REPORT COMPLETE.

Suggested Changes in Juvenile Court Law Are Now in Shape.

The recommendations of the committee recently appointed by Governor Spry to formulate new legislation for the guidance of the juvenile court, will probably be reported this afternoon. It is understood that the principal features of the report will be contained in the recommendation that the court have much the same jurisdiction over parents involved in the shortcomings of children, as would be exercised by a court of equity, and that failure to heed the mandates of this court, on the part of those responsible for children, will be contempt.
