

ALICE IS BACK FROM WONDERLAND

President's Daughter Arrives on
The Siberia Which Made a
Record-Breaking Trip.

TIME 10 DAYS, 10 HRS. 28 MIN.

Says There Was Nothing Remarkable
About Trip and Cannot Understand
Fuss Made About It.

San Francisco, Oct. 23.—The Pacific Mail Steamship company's liner *Siberia* arrived at this port today direct from Yokohama in the record-breaking time of 10 days, 10 hours and 28 minutes, the fastest previous trip between the two places having been made by her sister ship, the *Korea*, in 10 days, 11 hours and 5 minutes. The *Siberia's* time is 23 minutes more than that of the *Korea*, and 27 minutes more than that of the *Puget*, through the distance covered was about 275 miles greater.

There were many distinguished passengers on the *Siberia*, among them being Miss Alice Roosevelt, United States Senator Newlands of Nevada and wife, United States Senator Warren of Wyoming, Representative Longworth of Ohio, Brig.-Gen. H. T. Allen, chief of the Philippine constabulary, E. H. Harriman, president of the Southern Pacific company, R. P. Schuchert, vice-president of the Toyo Kisen Kaisha Japanese steamship line, also came over from the coast.

Although it was expected that Miss Roosevelt would spend a few days in and around San Francisco, all the previous plans were changed during the voyage and neither her party nor the other passengers were to leave the ship at all. Instead, they were transferred from the *Siberia* to the tug *Arab* and taken to the Oakland mole on the eastern side of the bay. They left there at an early hour this evening for the east over the central route of the Southern Pacific, connecting with the Union Pacific and Chicago & North-western lines, via Chicago, for their various homes.

An attempt is being made to beat all previous records between Yokohama and the big cities of the east.

All the presents that I received were merely inexpensive mementos of the trip, such as any girl traveling in strange countries would receive," said the president's daughter. "There really was nothing so remarkable about my trip, and I cannot understand why so much fuss was made about it. I had an exceptionally fine time and enjoyed every moment that I was away. The only thing that I regret is that so many non-sensational stories were circulated regarding me."

Mr. Harriman said:
"Our visit to the orient has been one of the most interesting of my life, and, being treated by all classes, especially in Japan, with the utmost courtesy and consideration. While our visit was solely for rest and recreation, we were enabled to learn many things which will help in our future relations."

"Japan is working out her own destiny. Her officials are intelligent and alive to the interests and working in close alliance with the people, and will continue developing the commercial welfare of the whole country."

"China is beginning to wake up and will probably open herself, which awakening has been brought about by the development of railroads constructed during the last six or seven years."

"It is possible for that country to organize and the people work together, as has been the case in Japan, the future development might be quick and phenomenal."

"Russia is still a problem, and her destiny will probably be worked out by

WHY DOES

A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding-time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

Scott & Bowne, 409 Pearl St., New York.

the aid of Japan. My opinion is that the Japanese are the dominant factor in the oriental situation and there will be large future development, though not immediate. If the United States is to participate therein to any extent it will have to be by co-operation between its steamships and those representing its business interests, and by close commercial alliances with the Japanese."

TEN THOUSAND DOLLARS FOR WRINCING A MAN'S NECK

Milwaukee, Wis., Oct. 23.—"Emil Schandell, 37, told me that he would give me \$10,000 if I would bring Jacob Heisl, back and throw him out of the street," testified Fred Eilers, a constable, in the Schandell will contest today in the Milwaukee circuit court. He told Mr. Heisl to keep away from the Schandell home, which Eilers was conducting, because it was Mr. Schandell's orders.

"Emil Schandell was not driving when Mr. Schandell said that," testified Eilers. "He simply did not exist for Mr. Schandell," said the witness. Mr. Schandell stated that in the last six months of his life he made another will.

"What did Mr. Schandell say in the last six months of his life in regard to the new will?"

"He came out to Watertown just before he died," testified Eilers, "and told me that Capt. Pabst, Charles Best and myself were named as executors of that will."

The will of Emil Schandell, 37, as on file in the probate court was said for and it appeared that the executors named were Mrs. Schandell, Capt. Pabst and Charles Hugo Jacob.

Other witnesses were called, but nothing material was brought out in the testimony.

ARMS FOR REVOLUTIONISTS CAPTURED BY AM. AUTHORITIES

New York, Oct. 23.—Under date of Oct. 18, the correspondent of the Tribune at San Juan, Porto Rico, says:
"On Friday a recent story concerning the revolutionary movements of Santo Domingo and the machinations of conspirators in the Dominican republic, came to the report of the capture by the American authorities stationed at Monte Cristi, Santo Domingo, of a large supply of arms and ammunition."

"Although the consular-general of Porto Rico, Don Juan Riquelme Medina, says that this occurrence has not been mentioned in official reports, he asserts that he has received information from trustworthy sources to the effect that arms and ammunition shipped from New York by the agents of the revolutionary party in Santo Domingo were taken from the American Clyde line vessel *Cherokee* in Monte Cristi harbor by the officers of an American warship on guard there, in combination with the United States representative in charge of the custom house."

"Mr. Medina was also informed that another American consular ship, affected from a French steamer on the south side of the island of Santo Domingo another shipment of war supplies destined for the use of the conspirators in that region of the republic."

"The captured arms and ammunition are said to have been involved as merchandise destined for one of the neighboring islands, to be left in bond in the custom house of Monte Cristi and Asia and to be shipped thence to their destination in sailing vessels, which were to take the ammunition, not to the neighboring islands, but to some cove where the revolutionists could receive them."

INSURANCE CORRUPTION.

Illinois Life Ins. Co. Called on
For an Explanation.

Chicago, Oct. 23.—Officials of the Illinois Life Insurance company were called upon by the state insurance department to explain a transaction involving the alleged payment of some \$65,000 expended in 1903 at a time when a measure was pending before the Kansas legislature providing for the taking over of the Kansas Mutual Life Insurance company by the Illinois concern, say the entire affair will be cleared up Wednesday.

Twelve interrogatives in all, it is said, were propounded by the state insurance department. What those interrogatives were the officials of the Illinois Life Insurance company decline to say. President James W. Stevens of the Illinois Life today said:

"Not one dollar of the money was paid by the Illinois Life Insurance company or by any one in its interest for the purpose of influencing legislation in Kansas. It is a matter of record that the so-called enabling act, which was passed by the Kansas legislature authorizing the reinsuring to be effected, was procured to be passed by persons interested in the old company long before the Illinois Life Insurance company was invited to present a proposition for reinsuring."

"All the money paid out on account of the reinsuring was to take care of the outstanding renewal contracts and the expenses incurred by reason of the policyholders' convention, called to consider the matter, and sundry expenses incident to the receiptship and examination of the company's affairs by the actuaries of the Kansas and Illinois departments."

EASTERN MONROE DOCTRINE.
Stenberg Says That's What
Anglo-Japanese Treaty Means.

New York, Oct. 24.—Baron Speck von Sternberg left Monday to board the Kaiser Wilhelm II to rejoin his post in Washington, says a cable dispatch to the Herald from Berlin. Before leaving he stoutly denied that the condition of his health was such as to prevent his returning to his duties, it being much the same as usual.

ANNUAL REPORT OF U. S. TREASURER

Says There is an Increased Demand
For More Paper Currency of
\$10 Denomination and Under.

EXPENDITURES ARE EXCESSIVE

Greater Than Revenues by More Than
\$4,000,000—Coinage of Silver
Dollars Discontinued.

Washington, Oct. 23.—The treasurer of the United States, in his annual report for the fiscal year 1905 says:

"There is an increased demand for more paper currency of the denomination of \$10 and under, owing to the expansion and development of the business interests of the country. The treasury has partially supplied the need by redeeming and retiring notes of the larger denominations and issuing notes for smaller denominations in substitution therefor."

"The amount of United States paper currency in denominations of \$10 and under outstanding June 30, 1905, was \$730,782,176, an increase of \$14,635,330 during the year. The total increase in these denominations from March 1, 1900, to June 30, 1905, was \$167,186,321, or an average of a little more than \$31,000,000 each year."

"The amount of United States paper currency of the denominations of \$20 and above outstanding at the close of the fiscal year 1905 was \$9,000,000, exclusive of gold coins and under present conditions the presentation of these notes for redemption in future will be the only resource available to the treasury for supplying the demand for smaller denominations of currency. The larger denominations are received in small amounts only for redemption."

The limit has practically been reached in making changes in denominations through the process of redemption and re-issue. The presentation of large notes for redemption probably will be too slow to meet the demand for small bills. During the year there was a demand of 600 of United States paper currency issued and \$523,026 redeemed. National bank notes aggregating \$308,298,760 were presented for redemption, or 65.84 per cent of the average amount outstanding. The payments for the net proceeds of the notes redeemed consisted of \$146,595,108 in United States currency, mostly in denominations of \$5 and under, and of \$101,388,547 in checks on the treasury offices and of \$52,322,702 in credits, to redemption fund or in general accounts."

"Transactions in the public debt resulted in a net increase of \$40,000,000 in interest-bearing debts, by the conversion of refunding certificates with accrued interest into the funded loan of 1905, while reductions are recorded of \$200,000 in the debt on available loan which has ceased since maturity, and of \$3,392,146 in the debt bearing no interest. The net result is a reduction of \$2,991,021."

"For the past two years the expenditures of the government have been in excess of the revenues to the aggregate amount of more than \$4,000,000. This, however, included the extraordinary expenditure in 1904 of \$50,000,000 on account of the Panama canal. This is the first year in the past six years when the ordinary expenditures were in excess of the revenues, and the amount was \$23,944,238. The available cash balance June 30 last of \$145,477,491 largely the accumulation of former years, is deemed adequate to meet the demands upon the treasury for some time to come."

The treasurer refers to the excess of expenditures of revenues in the early part of the year and the precaution adopted by withdrawing from the depository banks a part of the public money held by them, and the balance therein to the credit of the general fund June 30 last because \$65,054,247. There are 5,782 national banks that have bonds on deposit to secure public money, and \$70 to secure public moneys."

Referring to the movement of the crops, the report says that since January, 1905, the movement has been about \$27,000,000 annually, and in this connection action by Congress to enlarge the volume of small notes is recommended, in view of the heavy demand for them, which the treasury has not at all times been able to meet.

"The coinage of silver dollars was discontinued during the year, owing to the exhaustion of the bullion available. The stock of this coin in the country June 30 last was \$558,815,865, exclusive of \$9,413,000 of such coin held in the treasury against outstanding treasury notes."

"The amount of silver dollars in circulation June 30, 1905, was \$73,034,336, as against \$71,513,826 12 months before. It is estimated that the maximum circulation of silver dollars in the country reached. The total number of these dollars received annually at the treasury offices is about \$50,000,000, and of this amount, for the coming year, it is estimated that more than \$50,000,000 annually will be in worn coin unfit for circulation."

The stock of subsidiary silver coin June 30, 1905, was \$114,324,189, an increase of \$1,145,477,491.

PILES CURED

Suffering for Years, and Bed-Ridden
From Piles, a Contractor of
Marion, Indiana, is Cured
by Pyramid Pile Cure.

Trial Package Mailed Free to All Who
Send Name and Address.

"I was troubled with piles for several years before I would let it be known. But at last they became so severe that I could not walk and I lost of sleep and my bed. I tried everything and anything the doctors prescribed, and took their treatments for a long time. But nothing ever did me any good. I had seen your ad. in different newspapers, so I got a 5-cent box and began using them. From the very first I got quick relief and by the time I was starting on my third box I saw I was cured. I have not been troubled with them since. Now you can use the Pyramid Pile Cure, because it is genuine. Yours, T. A. Sutton, Stone and Cement Contractor, Marion, Ind."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces the inflammation and swelling, heals all sores, ulcers and irritated parts. The moment you start to use it your suffering ends and the cure of your dread disease is in sight.

"The Pyramid Pile Cure renders a surgical operation foolhardy. Don't hack to pieces these tender muscles which must be intact if a satisfactory cure is to be obtained."

The Pyramid Pile Cure is put in the form of "easy-to-use," specially made, suppositories. They are absolutely painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain sealed wrapper, without a cent of expense to you. If you send your name and address to Pyramid Drug Co., 215 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular course of the Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

crease of \$7,562,168 during the year; the amount in circulation at the close of the year was \$10,437,307, and the amount in the treasury \$13,386,482.

"The continued increase in our monetary stock and circulation is one that engages the thoughtful attention of financiers and also excites a just pride among our people as an evidence of the remarkable growth in the resources of the country. The total stock of money June 30, 1905, was \$27,674,109,864 of which \$26,227,211 was held in the treasury as assets of the government and \$2,578,882,653 was in circulation, making a per capita of \$51.08.

"The growth in the general stock of money during the year was \$79,606,729, and the increase of the amount in circulation \$68,729,793. Of the amount in circulation gold and gold certificates represent 4.5 per cent, silver and silver certificates 24.4 per cent, United States notes and treasury notes 13.2 per cent, and national bank notes 18.5 per cent.

"There is a continued increase in the proportion of gold and national bank notes in circulation, while there is a steady decline in the proportion of silver, silver certificates and treasury notes in the country and embraces more than 85 per cent of the notes and certificates outstanding of the denominations of \$5 and under. This being the predominant medium of exchange, it is subjected to very rough usage, which soon reduces it to a condition unfit for circulation."

It is suggested that provision should be made that will enlarge the facilities to all holders to exchange worn for new currency, and in furtherance of this object section 3332 of the revised statutes may be amended to permit holders of defaced and mutilated United States currency to forward the same by registered mail, without charge, to the treasury of the United States for redemption."

SUNDAY SALOONS.

Mayor Dunne Would Decide Question by Referendum.

Chicago, Oct. 24.—Mayor Dunne has a new use for the referendum. He wants to try it on the question whether saloons should be closed on Sunday or not. A majority vote by the citizens will do his best to obey. If the decision is the other way things are to remain as they are.

He made the suggestion while discussing a demand for his indictment made in a sermon on Sunday by the Rev. W. A. Bartlett of the First Congregational church. Mr. Bartlett wanted him punished for not locking up the drinking places on Sunday.

"Mr. Bartlett, in my opinion," said the mayor, "is an honest, conscientious clergyman, who represents a small minority in the community."

"In my judgment, however, it is physically impossible to do what he wants. Prosecutions could be started as they have been started in the past, and there would be no good results. All former attempts in this direction have failed. It is impossible to enforce it. It simply is revealed by lack of popular support."

But the question as to whether public sentiment is in favor of closing saloons on Sunday or not can be determined easily by a referendum."

Steamers for Oriental Trade.

San Francisco, Oct. 24.—M. Shiraishi, general manager of the Toyo Kisen Kaisha Steamship line, who arrived on the *Siberia* from the orient yesterday, says the building of two giant liners for the Toyo Kisen Kaisha Steamship company to ply between this port and the orient is to be commenced next month at Nagasaki. The two new vessels are to be of 12,500 tons burden. The first one will be completed by the end of 1907.

TEA

Good tea, good breakfast;

poor tea, poor breakfast.

Unless it is coffee.

PUBLIC OFFER.

To All Persons in Salt Lake City Who
Wish to Accept.

Are you thin? Do you require more flesh to be really well and strong? To every such person in Salt Lake City, we make the following offer: Commence at once a course of treatment with Vinol, or cod liver oil preparation, without oil, and if after you have taken what we consider enough to restore your normal weight, and it has not succeeded, we will pay for all the Vinol you have taken.

A prominent New York physician recently said, "I am convinced that the best way to gain good, solid, firm flesh is to take Vinol, for in it you get all that is curative, rest-nourishing and strength-creating properties contained in that grand old remedy, cod liver oil, without the nauseating oil itself. It is delicious, and the weakest stomach can retain it. Thin people are usually weak and ailing, and Vinol is what they need."

Vinol acts first upon the stomach, creates an appetite for good, wholesome food, strengthens and tones up the digestive organs. Rich, red blood is sent coursing through every vein, firm flesh is created wherever it is needed, and emaciated figures, hollow cheeks and sunken eyes are soon a thing of the past.

Every thin person in Salt Lake City should try Vinol on our guarantee. Druehl & Franken, also Smith Drug Co., Druggists.

What Joy They Bring To Every Home

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

The Christmas News

A Tri-State Edition, Devoted to the Interests of Utah, Idaho and Nevada.

THE CHRISTMAS NEWS, the regular annual compilation of facts and figures relating to Utah's growth and development during the year, will be issued on Saturday, Dec. 16.

It will be a Utah-to setting forth the resources, attractions, and general conditions of the connected by railroad lines and before. The completion of the crosses the southern part of Nevada which will span the state and Nevada still more closely together during 1905, cannot fail to people. Maps showing recently lines projected in both Nevada

first time in this issue.

The Christmas News will contain as usual, the record of the progress of our state and city during the past year, with the mining, real estate, agricultural, building, commercial and stock growing fields thoroughly covered. It will, in fact, be the business history of the year epitomized. It will also contain the usual literary features and artistic illustrations which have given the Christmas News a distinct reputation throughout the entire country. The issue will be enclosed in handsomely colored covers and will be sold at 15c per copy; in magazine form 25c. Newsdealers and agents are requested to forward orders without delay. Canvassers wanted in every city in the west.

PRIZES FOR THE CHRISTMAS NEWS.

Fifty dollars will be awarded for the best Christmas story submitted for this publication, to consist of not more than 8,500 words (about seven columns of the "News.")

Twenty-five dollars will be paid for the best Christmas poem submitted, not to exceed 1,200 words.

Twenty-five dollars will also be paid for the best article submitted on the topic "Salt Lake City in the Next Five Years," not to exceed 2,500 words.

All articles must be submitted before Nov. 20. They should be addressed to "The Deseret News, Salt Lake City, Utah, Christmas department." Each article submitted should be signed a fictitious name or initial, and be accompanied by another envelope sealed, containing the real name of the author. On this envelope should be written "This envelope contains the real name of —" (Here insert the initial or fictitious name employed.) Manuscripts not accepted will be returned on receipt of postage.

DOCTOR CURED OF ECZEMA

Maryland Physician Cures Himself of
Eczema with Cuticura Remedies.
Prescribes Them and Has Cured
Many Cases Where Other Formulas
Have Failed—Dr. Fisher Says:

CUTICURA REMEDIES
POSSESS TRUE MERIT

"My face was afflicted with eczema in the year 1897. I used the Cuticura Remedies, and was entirely cured. I am a practicing physician and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but true merit, such as the Cuticura Remedies do, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter, or any part of it. I remain, very truly yours, G. M. Fisher, M. D., Big Pool, Md., May 24, 1905."

CUTICURA—THE SET, \$1.
Complete Treatment for Every
Humor from Pimples
to Scrofula

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritate, and soothe the skin, and soothe and heal; and, lastly, take Cuticura Resolvent Pills to cool and cleanse the blood. A single set, costing but one dollar, is often sufficient to cure the most torturing, disfiguring, itching, burning, and itchy skin, scalp, and blood humors, with loss of hair, from infancy to age, when all else fails.

Cuticura Soap, 25c. Cuticura Ointment, 50c. Cuticura Resolvent Pills, 50c. per box of 60. Sold everywhere. Write for Free Book, "How to Cure Torturing, Disfiguring Humors of Infancy and Age."
