MINING, BUSINESS AND STOCKS.

DEXTER SELLS AWAY DOWN TODAY

Was Once Popular at More Than $3 a Share.

GRAND CENTRAL IS WEAKER

May Active but Slightly Weaker—Petro in Demand—Daly-West Practically at a Standstill.

TODAY'S METALS:

SILVER 59⅞

LEAD, $4.37½

CASTING COPPER 15¾

The stock market was not quite so active today. Daly-West dropped 50 shares at $19 a share and closed a little weaker, while Grand Central weakened to 5.64½.

Dexter let go 1,000 today at $1.00 per share. Rumors of unsatisfactory conditions at the mine are current. This stock sold up as high as $3.00 at one time.

Mammoth recorded a sale at $2.05½, while Lower Mammoth was traded in at 49⅞.

Northern Light was active at 8, as was Petro at 39⅝.

Sacramento brought 19½, while Yankee Con. remains stationary at 13.

May Day sold from $1.13 to $1.11½, while Bowers Extension was traded in at 2¼. West Morning Glory was traded in at from ⅝ to ⅝.

Quotations were posted as follows:

"THE BEST PUBLICATION."

The following self explanatory letter has recently been received from the President of the Eastern States Mission:

"It may be interesting to you to know that we have presented Public Libraries in this mission with about forty copies of the work, 'The Articles of Faith' and editors of leading papers and prominent men with 34 copies. We believe the work to be one of the best publications we could use for the purpose of acquainting editors and leading men with what our people believe.

Wishing you every success, I am

Very truly your brother,

W. H. SMART,

Per E. H. SNOW."

BIND YOUR MACAZINES,

Old Books, Music and Magazines. Put them in strong new covers for preservation. Many records of value can be saved by having them bound. The News bindery can do the work in any form at any price.

MARKET OPENED HIGHER.

Upward Move in Stocks Was Marked for a Time.

Then Came Reaction, but Improvement Was Not Wiped Out—Live Stock and Produce Steady.

New York, March 27.—The market opened higher with the exception of some of the industrials and the southern group of trunk lines, the latter being affected by profit-taking. The specialties assumed the leadership of the upward movement in prices, and sugar and the local tractions were lifted 2 to 5 points. Some of the active railroads were forced down on realizations. Many obscure stocks rose materially, Chicago and Eastern Illinois leading with 3 points. There was a marked falling off in large individual transactions. At 11 o'clock the entire list was running off. While the general railway list was declining to a level below yesterday's close, an active demand developed for the metal group, which rose to 2¼. Sugar was pushed up to 106 before midday and other specialties improved. The standard stocks, however, were barely steady around the lowest.

A better price level was established for bonds on a large demand.

The local transactions spurted in the late dealings and the room traders covered shorts. The closing was active and firm at mixed net changes. Rio Grande Western dropped five points.

SUGAR.

Sugar—Raw, firm; refined, firm.

MONEY AND BONDS.

Noon—Money on call steady at 4 per cent. Prime mercantile paper, 4¾@5½ per cent.

Sterling exchange firm with actual business in bankers' bills at 4.85¾ for demand and at 4.82¼@½ for 60 days; posted rates, 4.83@½ and 4.86½@4.87; commercial bills, 4.81¼@4.82.

Silver certificates, 60¼@61¼.

Bar silver, 59⅝.

Mexican dollars, 47¾.

Government bonds, irregular; refunding 2's when issued, 1.04½; 2's reg., 1.01; 3's reg., 1.10¾; do coupon, 1.10¾; new 4's reg. and coupon, 1.34¼; old 4's reg., 1.15¾; do coupon, 1.16¾; 5's reg. and coupon, 1.15.

CHICAGO MARKETS.

Denver, Colo., March 27.—Cattle—Receipts 150. Market steady. Beef steers 4.15@4.70; cows 3.00@4.00; feeders, freight paid to river, 3.00@4.75; stockers, freight paid, 3.75@4.90; bulls, stags, etc., 2.00@3.00.

Hogs—Receipts 750. Market lower. Light packers 4.80@4.85; mixed 4.80@4.85; heavy 4.75@4.80.

Sheep—Receipts none.

SAN FRANCISCO PRODUCE.

San Francisco, March 27.—Wheat stronger; May, 98; cash, 96¼.

Barley no sales; cash, barley 73¾.

REALTY AND BUILDING.

A warranty deed has been filed for record conveying from Katherine C. Belcher to David Keith, for $5,000, 2½ x10 rods in lot 2, block 8, plat D, Salt Lake City survey. The property is situated on South Temple street between F and G streets, and adjoins the lot upon which Mr. Keith's new residence stands.

The Westminister Presbyterian church has closed a deal by which it becomes possessor of a site for its new edifice of Fourth South and Pleasant avenue. The consideration was $2,000, and the property is 60½ by 115½ feet. Soon the work of erecting the new church will be commenced at a cost of between $10,000 to $12,000. The present church property will be placed on the market and sold to the highest bidder.

CONTROL OF THE TESORA SECURED

Bingham Copper & Gold Company Purchase the Tintic Mine.

THE BOARD REORGANIZED.

Ajax Meeting—Shipment of Galena from City Creek—Buffalo Hump Country—Paxman Meeting.

One of the most important mining changes that has taken place for some time past was made late yesterday afternoon when the Bingham Copper and Gold Mining company acquired the controlling interest in the Tesora mine, lately held by D. H. Peery, Jr., and Clarence K. McCornick. With the delivery of the stock to Col. O. P. Posey, who represented the purchasing company, the reorganization of the board followed. John T. Hodson and J. H. Stahlings resigned their places on the directorate, which were filled by the appointment of O. P. Posey and H. G. Heffron as directors. The new board consists of George Sutherland, O. P. Posey, H. G. Heffron, D. H. Peery, Jr., and Clarence K. McCornick. The new officers are George Sutherland, president; H. G. Heffron, secretary; Clarence K. McCornick, treasurer, and Col. O. P. Posey, general manager.

The movement to secure the control of this Tintic property by the Bingham company is said to have been on foot for some time past. The siliceous ores of the Tintic mine are needed in the handling of the Bingham ore in the new smelter.

The price at which the transfer was made is not given out.

THE CHARM MILL.

Will Orr and Others Will Visit the Detroit District This Week.

With the plans prepared for the new mill to be built at the Charm mine in the Detroit district, about 25 miles west of Oasis, Manager J. H. Clive expects to leave for the property in a day or two. Will Orr, the cyanide expert, who was prevented from going out before because of an accident, will go out with Mr. Clive. Mr. Richmond of the Montana Machinery company will also go along. The purpose of the visit is to locate the mill site. Within the next few months it is expected that the mill will be built and the Charm will be giving a good account of itself. A chunk of quartz weighing about 100 pounds was recenly shipped from the mine, which shows an abundance of free gold. This chute seems to be entirely distinct from the cyaniding ore.

WILL RESUME SINKING.

Directors of the Ajax Decide to Go at Least 200 Feet Deeper.

A meeting of the directors of the Ajax Mining Company was held yesterday afternoon at which Manager Thomas Weir was authorized to resume sinking in the shaft as soon as possible. It is the intention to go down at least 200 feet further. The completion of this work will give the company a depth of 900 feet, the present depth being 700 feet. From this level some excellent copper ore is being shipped, some of which has run as high as 25 per cent copper. The indications on the 700 level encourage strong hopes in the developements on the 900 level. About 100 tons of high grade ore was on the market today from this Tintic producer.

SPECIAL MEETING CALLED.

The Paxman Mining Company Will Go Out of Business on April 7th.

A special meeting of the stockholders of the Paxman Mining Company is called for April 7th, for the purpose of authorizing the sale of exchange of the Paxman Company's assets including 4,500 shares of treasury stock for which sealed bids will be received. The meeting is called to meet the requirements of the law, being otherwise unnecessary as all the proxies of the company are in the hands of L. E. Riter. At the meeting on April 7th the affairs of the old Paxman Company will be wound up and all the present stockholders will receive certificates for the same number of shares in the Illinois Company with which the Paxman Company will shortly be amalgamated.

PRINCETON AGAIN SHIPS.

Several Tons of Rich Lead Ore Comes from City Creek Canyon.

The Princeton property in the North Fork of City Creek canyon reported on the market today with a shipment of several tons of ore. The mine is being worked by J. W. Snell who has owned the claims for many years.

The present shipment is similar to the splendid galena marketed in the past from this property, and carries about 70 per cent lead with some silver. The ore is an excellent lead ore and should a continuous chute be found, would prove very remunerative to its owners. Up to the present time though pockets of very good ore have been found they pinch out quickly. Mr. Snell, however, is confident of eventually finding a continuous ore body dipping into the earth.

THE WHITE CLOUD.

Good Looking Galena Ore Found on the Tunnel Level.

Special Correspondence.

Eureka, March 26.—At a depth of seventy-five feet on the tunnel level of the White Cloud property near Diamond, some good looking galena ore has been encountered. Mrs. Anna Marks, one of the principal owners of the property, was at the mine today and brought back some nice specimens of galena and carbonate ore. The formation at the White Cloud has been excellent from the surface and those interested in the ground and who have watched the development from the start say that it is only a question of a few months before ore of a shipping value will be encountered.

IDAHO MICA MINES.

Force of Men at Work in Valuable Mine Near Moscow.

Thirty men are employed in the Muscovite mica mine, located on Mica mountain, 26 miles east of Moscow, says the Boise Statesman. Five carloads of block mica are out ready to dress, and several carloads have been shipped out this season. Two hundred pounds of cut mica was shipped from the Vollmer depot a few days ago. The Muscovite people have started on a 300-foot tunnel. They have five already, ranging in depth from 200 to 250 feet. The eproduct of this mine, the principal one in the Mica Mountain camp, is considered valuable, as the mica cuts into squares of large size and of good quality. The waste is ground up and shipped to the manufacturers of axle grease. The quality owned by the Gold Creek Consolidated improves in the mine as depth is gained, and the supply in this mica district seems inexhaustible.

Development work is also being done on the Silver White property, company. The Idaho Mica Mining company is also doing work.

BUFFALO HUMP COUNTRY.

The Immense Water Flow Near Surface is a Great Drawback.

The following regarding the Buffalo Hump country, which seems to have flattened out of late, is taken from the Spokane Review: It is not unreasonable to say that at least $500,000 has been expended in the Buffalo Hump district within the first year of its discovery. Some of the money has been furnished by leading Spokane operators and some of it by Chicago, New York and Boston people, and recently a strong Minneapolis crowd had got hold of a number of properties. The district proper is not over a mile in length and half a mile wide, and within that area not less than seven well defined leads have already been opened up.

One great drawback in the district has been the immense amount of water encountered within a few feet of the surface and development work has been comparatively slow and will continue to be slow until a number of pumping and hoisting plants now being negotiated for are erected and in working order.

"The Big Buffalo Hump tunnel, now in over 100 feet, is keeping up its lick and advancing at the rate of about two feet per day notwithstanding the fact that the rock is hard. In the face of the tunnel the formation seems to be softer and better progress will probably be made in future. Three shifts are at work and the machine drills and air compressor, which are in a warehouse in Spokane, will be shipped into the district at once. It is confidently believed that within the next 35 or 40 feet at the outside the first lead will be cut at a depth of nearly 1,200 feet below the apex. This is the Cliff vein, from which a number of fine assays have been had on the surface—an average of probably $10 per ton in gold. This is said to be the nearest to free milling ore in the district, none in the camp being literally free milling. The Cliff ore will concentrate about 11 tons to 1.

AN AMENDMENT OFERED.

If Passed will Revoke Permits Granted to Mine Under Bering Sea.

The Alaska code bill came up in the Senate this afternoon and Mr. Carter in charge of the measure, offered the following amendment:

"That subject only to such general limitations as may be necessary to exempt navigation from artificial obstructions, all land and shoal water below mean high tide on the shores, bays and inlets of Bering Sea, within the jurisdiction of the United States, shall be subject to exploration for gold or other precious metals by citizens of the United States, or by persons who have legally declared their intention to become such, under reasonable rules and regulations as the miners in organized mining districts may have heretofore made or may hereafter make governing the temporary possession thereof for exploration and mining purposes, until otherwise provided by law, and all permits heretofore granted authorizing any person or persons, corporation or company, to excavate or mine under any of said waters are hereby revoked and declared null and void."

MINING NOTES.

A car of ore was on the market today from the Cave mine near Milford.

The Centennial-Eureka of Tintic had nine cars of ore on the market today.

Superintendent R. G. Legg of the Dexter is in the city from Tuscarora, Nevada.

Four cars of ore were marketed today by the Mammoth Mining company of Tintic.

The listing committee of the stock exchange today listed the Tesora among the mines of Utah.

Four cars of ore were on the market today from the lessees on the Niagara group at Bingham.

R. C. Chambers left for the Park today to look over the bonanzas in which he is interested.

Captain F. T. Singiser of the Salmon City Gold Mining company, has arrived in the city from the East.

A car of ore was on the market today from the Sharp Mining company's Stockton property.

The final settlement has now been made between the Joe Bowers Mining company and the Burnham heirs.

Pat Conley, one of the directors of the Golden Star company, operating at Gold Mountain, is in the city from St. Paul.

The Conklin sampler reported four cars of ore from Tintic, one from Bingham and a shipment from City Creek canyon.

J. A. Brown is back from Stockton and reports good jigging ore being extracted from the Grand Cross property in that district.

The last May Day shipment of two cars of ore was marketed yesterday on a basis of $46 in gold, 28 per cent lead and 12 ounces silver.

The Taylor-Brunton sampler reported nine cars of ore from Tintic, four from Bingham, one from Stockton, one from Milford and one from Nevada today.

Manager M. Kopp reports that what is thought to be the capping of an ore body was recently broken into in the Maple claims in Tintic at a depth of about 200 feet.

An assessment of one-half a cent per share has been levied by the Mayflower Mining company, operating in the Lehi district. A streak of very good ore is reported in the property.

In line with the forecast of one of the directors of the Mammoth Mining company, it is now learned semi-officially that a dividend will be forthcoming soon after the 1st of April.

The directors of the Hercules Mining company met yesterday afternoon and besides attending to routine matters, let a contract for 100 feet of tunnel work in the lower tunnel.

A telephone message from manager Hunt of the May Day states that while the main ore body has not yet been tapped on the 100 level fine patches of ore are being encountered.

The meeting of the stockholders of the New Mammoth, which was scheduled for yesterday afternoon, was postponed until April 4th, owing to the absence of C. O. Whittemore.

An assessment of one-half cent a share has been levied by the directors of the Bunker Hill Mining company. A proposition to sink the shaft 100 feet deeper is being considered.

Col. H. G. Heffron came in this morning from Bingham, where he has been looking over work on the Bingham Copper and Gold company's property, which is reported to be looking well.

Superintendent Isaac Jennings is up from the Grand Gulch property in northern Arizona and reports the mine looking first class. Some very rich copper ore has been opened up in the bottom of the shaft.

Utah County Democrat: Salt Lake capitalists are figuring on taking hold of the Golden Humbug group, southeast of Provo, owned by Dr. J. N. Christensen and associates. If the deal is closed at least 200 feet of sinking will be done immediately. Assays on surface show a value of about $28 to the ton in gold, silver and copper.

Iron County Record: The encouraging prospects for the opening of petroleum wells in Iron county, will, if the hopes of the promoters materialize, add another wealth-producing resource to the already numerous attractions of this matchless county. When an old and experienced well driver proffers to wager his head against a gallon of coal-oil and is willing to risk his entire earnings as manager of the machinery upon the success of the undertaking, it looks as if there might be something in it, too.

A CHANCE FOR MANUFACTURERS.

If you are needing motive power from that required to run a sewing machine to a two-hundred horse power engine, write to the Deseret News at once. You can get what you want at very low terms.

Children often inherit feeble digestive power and colic of a more or less severe character results, when food is taken which is at all difficult to digest. WHITE'S CREAM VERMIFUGE acts as a general and permanent tonic. Price 25 cents. Z. C. M. I. Drug Dept.

NEW CATALOGUE OF CHURCH WORKS.

Just issued by the Deseret News. Send for free copy. Special terms to dealers, agents and canvassers.

No one knows the unbearable torture one undergoes from piles unless they are so afflicted. TABLER'S BUCKEYE PILE OINTMENT is a quick, safe and painless cure. Price 50 cents in bottles, Tubes, 75 cents. Z. C. M. I. Drug Dept.

Shaving Comfort.

Tender faces can be shaved with comfort with our new safety razor, the "Griffon," and with perfect safety too—for it is absolutely impossible to cut yourself. The blades are finely tempered, deeply ground, set and sharpened ready for use. Try one—shave yourself. If the razor does not please bring it back and get another—you can get one, two or seven blades in a set. Prices run from $2.25 to $10.00.

PERFECT DINING CAR SERVICE.

TICKET OFFICE, 103 West Second South street. (Postoffice corner).

Burlington Route

GOOD TRACK ALL THE WAY.

Not good "in spots," or here and there, or for stretches of fifty or a hundred miles, but good all the way—right straight through from Denver to Chicago and St. Louis.

Heavy steel rails—2,400 ties to the mile—plenty of ballast. Over a track like the Burlington's, a speed of eighty miles an hour is perfectly safe.

Two trains a day from Denver to the East—the Chicago Special at 9.00 a. m.; the Vestibuled Flyer at 10.00 p. m.—Omaha, Chicago, Kansas City, St. Louis. Through sleepers daily. Ogden to Chicago via Denver and the Burlington Route.

Tickets at offices of connecting lines. Ticket Office, 214 S. W. Temple Street, Salt Lake City.

B. R. WATSON, General Agent.

R. F. NESLEN, Trav. Pass. & Freight Agent.

DIRECT LINE TO THE EAST ..VIA.. OMAHA ..OR.. KANSAS CITY AND CHICAGO

For Passengers or Freight

L. L. DOWNING, COMMERCIAL AGENT, Salt Lake City, Utah.

F. A. NASH, GEN'L WESTERN AG'T, OMAHA, NEB.

THE DENVER & RIO GRANDE R.R.

"Scenic Line of the World."

The only line having three daily Fast Express Trains and Dining Cars between Grand Junction and Denver. This is the popular route to Leadville, Cripple Creek, Pueblo, Denver and all points East.

S. K. HOOPER, G. P. & F. A., Denver, Colo.
B. F. NEVINS, Gen'l Agent. H. M. CUSHING, Trav. Pass. Agt. Salt Lake City, Utah.

Direct Route to Chicago

CHICAGO-UNION PACIFIC & NORTH-WESTERN LINE

FASTER than any other route. "THE OVERLAND LIMITED," equipped with Palace Sleeping Cars, Buffet Smoking and Library Cars (with barber) and Dining Cars, meals "a la carte," LEAVES SALT LAKE AT 11.45 EVERY MORNING. The Chicago Special leaves Salt Lake every evening at 6.40. First class equipment, including Free Reclining Chair Cars. The Atlantic Express leaves at 7.00 a. m. For tickets and reservations apply to ticket agents, or address C. A. Walker, Gen'l Agent Chicago & North-Western Ry., 206 S. Main St., Salt Lake City.

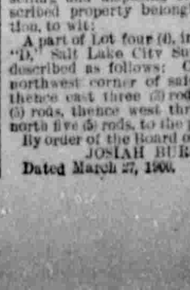
and all points East. For information, etc., address:

E. J. FLYNN, T. P. A. H. B. KOOSER, C. P. & P. A.
Salt Lake City, Utah.
H. C. TOWNSEND, G. P. and T. A., St. Louis, Mo.

Saponifier.



Pennsylvania Saponifier is the original and old reliable Concentrated Lye for family soap making and general household uses. Beware of counterfeits. The success of this article has induced unprincipled parties to imitate it. None genuine unless Pennsylvania Salt Manufacturing Co., Philadelphia, is stamped on the lid. Ask your grocer for it and take no other.

IF YOU WISH TO ADVERTISE IN NEWSPAPERS ANYWHERE AT ANYTIME Call on or Write E. C. DAKE'S ADVERTISING AGENCY 64 & 65 Merchants' Exchange SAN FRANCISCO, CAL.

NOTICE IS HEREBY GIVEN, THAT A meeting of the members of "The corporation of the members of the Church of Jesus Christ of Latter-day Saints residing in the Twenty-first Ecclesiastical Ward of the Salt Lake Stake of Zion," will be held on Wednesday, the 11th day of April, A. D. 1900, at 7:30 o'clock p. m., at the Twenty-first Ward meeting house, in Salt Lake City, Utah, for the purpose of considering the advisability of selling and disposing of the following described property belonging to said corporation, to wit:

A part of Lot four (4), in Block two (2), Plat "D," Salt Lake City Survey, bounded and described as follows: Commencing at the northwest corner of said Lot and running thence east three (3) rods, thence south five (5) rods, thence west three (3) rods, thence north five (5) rods, to the place of beginning.

By order of the Board of Directors.

JOSIAH BURROWS, Secretary.

Dated March 27, 1900.
