WU CALLS ON SECRETARY HAT. Washington, July 18 .- The Chinese

minister called on Secretry Hay this morning and had a ten minutes' talk with him, Minister Wu said he had received no additional information but thought the situation looked much brighter as a result of dispatches re-ceived yesterday. There is a possibility that Secretary Hay requested Min-lster Wu to call owing to the urgent de-

ister Wu to call owing to the urgent de-sire of the administration to secure news from Pekin. The secretary gave to Mr. Wu the dispatch from Consul Fowler at Che Foo quoting the governor of Shan Tung as stating that the legationers at Pekin were safe on the 9th inst., and this was accepted by him as confirmatory of his dispatch yesterday. Minister Wu said there was not the slightest doubt about the date being the 9th, although London cables suggested that the 9th referred to the Chinese calendar, and meant the 5th by the English calendar. On the contrary, the dispatch received by him mentioned the 18th as the date which, mentioned the 13th as the date which, by the Chinese calendar, corresponds with the 9th of our calendar.

BARON NISHI'S LET

VICE ADMIRAL ALEXIEFF AND THE BOXERS' STRONGHOLD IN TIEN-TSIN

Tien-tsin, where the allied foreign troops are battling against a horde of Boxers and Imperial Chinese troops, is the commercial capital of northern China and the port of Peking. The European settlement in the, city is second to none m China. It has broad, clean streets and modern European houses and stores. The native city, from which the Boxers are directing their attack on the forces under Vice Admiral Alexieff of Russia and Vice Admiral Seymour of Great Bri nin, is a typical Chinese city, with foul, narrow streets. Tien-tsin is supposed to have a population of about 1,000,000. The 'Terrible's naval guns have been of great assistance to the allies.

COMPLICATES CHINA SITUATION AGAIN

Invasion of Siberia, if True, Does This--Chief Points of Memorial to the Throne-Tuan Mobilizing Troops-Li Hung Sails.

nese invasion of Siberia proves true it will, of course, immensely complicate the situation from the international point of view. As stated in the Assoclated Press St. Petersburg dispatch of July 13th, the Chinese had already peremptority ordered all Russians to quit Manchuria, but no one imagined they would be audacious enough to break out of their own country and attack Russian territory. Such an attack, if it has been made, of course, constitutes in itself a declaration of war, rendering formal notification needless.

WHAT CHINESE ATTACK MEANS. A separate attack by the Chinese on Russia means giving Russia, according to the views expressed in Europe, additional excuse for an isolated descent on Pekin and an additional claim to as-

sert greater influence than the other powers and obtain greater compensation when the day of settlement arrives, Hence, extreme uneasiness has been created in the chancellories by this lat-

est development. As to the latest Chinese assurances of As to the latest Chinese assurances of the safety of the European legations at Pekin, they are not credited here. On the contrary, it is believed these assur-ances have been dictated by a desire to save the native city of Tien Tsin. The Associated Press correspondent at Shanghai wires under date of July 16th that there is hardly a doubt that Sheng, the Chinese administrator of telegraphs. the Chinese administrator of telegraphs, is withholding information in his pos-session. The news of the massacre as already cabled to the United States.may be taken as correct. The dispatch adds that there is evidence that the Woo Sung forts at the mouth of the Woo Sung river and ten miles north of Shanghui are being strengthened and supplied with large quantities of ammunition. It is hoped in London that the landing of 22,000 Japanese troops which it is expected will be effected today and the arrival of the Indian roops will enable the allies to reinforce Shanghai.

SCHOOL SHIP ST. MARY.

Arrives at Lisbon Having Been Greatly Damaged by Storm.

Lisbon, July 18 .-- The New York nautical school ship St. Mary is undergoing repairs here on account of terrible weather experienced on the passage hither. The St. Mary left New London, Conn., June 15, with 100 cadets. When three days out the constant three days out she encountered a cy. clone, which soon prevented, headway and on Sunday night, June 17, it was necessary to heave to and so she remained three days. Commander Wil lain H. Reeder remained on deck throughout the storm, and was thrown and his head cut and back badly strained. The fourth day the storm abated when sall was set for the Asores. A reckoning taken showed that the ship had been blown 200 miles out of her course and that she was then off the coast of Virginia. The wind hadly strained all the rigging. The inteption was to make the Azores for repairs. There was good weather until just off Fayal, when another storm set in and for three days the vessel labored in a heavy sea, attempting to make shore. Finding this was inadvisable, a course was laid for Lisbon. Off the coast of Spain another storm was enountered and again the St. Mary hove to for a day and a half. The St. Mary finally reached Lisbon, ten days over-due. After making repairs she will start for the Mediterranean. BOARD OF TRADE QUOTATIONS
