CONGRESSIONAL.

SENATE.

School Teachers to be Paid—The Louisiana Bill Discussed.

WASHINGTON, 15.—The House bill appropriating $98,000 for the payment of the salaries of the school teachers in the District of Columbia, was passed.

The Louisiana election bill was resumed. West spoke at length in opposition. The discussion was continued by Bayard, Hamilton, of Md., and Carpenter, the only point of interest developed being the alleged fact that the late Louisiana legislature repealed the election law, and then, on the last day of the session, re-enacted it. Without action on the bill the Senate adjourned.

EASTERN.

Two Governors in Arkansas.

LITTLE ROCK, Ark., 15.—Joseph Brooks, claiming to have been elected governor in 1872 and took office to-day, before chief justice McClure, and then took forcible possession of the Governor's office, ejecting governor Baxter, and taking possession of the court house. Brooks bases his action on the decision of Judge Whittoch, of the circuit court of the State, made this morning, overruling the demurrer filed by Governor Baxter's council in a suit brought against him by Brooks for the governor's office, and issuing a judgment of ouster in Brooks' favor. This action of the court was taken in the absence of Baxter's counsel, who had no opportunity to answer or move an appeal. Baxter has established his headquarters at St. Johns College, and has telegraphed President Grant the facts in the case, and asking him for the support of the general government to regain possession of his office. The greatest excitement prevailed.

McCook to be Confirmed—New Mexico to be Admitted.

WASHINGTON, 15.—The Senate Territorial committee have decided to recommend the confirmation of General McCook as Governor of Colorado in place of Elbert, to be removed.

The House Territorial committee have agreed to report a bill for the admission of the State of New Mexico into the Union.

Tow-Boat Sunk.

NEW ORLEANS, 15.—A tow-boat was sunk near Belle-Chasse, with thirteen men.

WESTERN.

Suicide.

SAN FRANCISCO, 15.—Dr. A. A. Farnsworth, assistant surgeon of the army, shot himself through the heart, to-day, in this city; no cause is known for the suicide.

CANADA.

The Budget—Reil.

OTTOWA, Ont., 15.—In parliament, last night, Cartwright delivered the budget speech. He estimates the deficiency for the fiscal year ending June 30th next, at nearly nine hundred thousand dollars, being the first deficit since the Confederation, an important element in this increase being the public works.

In the Commons, this afternoon, Bowell moved the expulsion of Reil. Holton moved postponement until the report of the committee; Mosseau moved to present an address to the Queen for pardon.

FOREIGN.

PRUSSIA.

Ledochowski Tried and Convicted.

BERLIN, 15.—The trial of Archbishop Ledochowski, of Posen, for a violation of the ecclesiastical law, resulted in conviction. He was sentenced, *in contumaciam*, to dismissal from his see; no appeal is allowed.

GREAT BRITAIN.

Landing of Livingstone's Remains—Fifty-three Killed in a Colliery Explosion—Scotch Betting Houses to be Suppressed.

LONDON, 15.—Fifty thousand persons were present at the landing of Livingstone's remains. The body arrived here this afternoon, the hearse was followed by a line of carriages, and was taken to the Geographical Society's rooms to await the funeral, which will take place on Saturday in Westminister.

It is now stated that fifty-three were killed by the colliery explosion at Dukenfield. Fifty bodies have been recovered.

The House of Commons have passed to its second reading, a bill suppressing betting houses in Scotland.

Livingstone's Remains Recognized.

Sir William Ferguson, the Queen's surgeon, has identified Livingstone's remains.

SPAIN.

Bank Directors Arrested.

MADRID, 15.—Clement Davernois and several other directors of the Territorial Bank of Spain have been arrested, charged with irregularities in the conduct of the affairs of the bank.

WEST INDIES.

An American Spy to be Shot—Banished.

HAVANA, 15.—The Judge Advocate of the court martial trying Dockery, ex-collector of customs at Jacksonville, Fla., demands sentence of death; the papers in the case have been submitted to Captain General Concha. Strong efforts are being made for a commutation of the sentence to imprisonment.

Concha has suppressed the *Juan Paloma* newspaper, and banished the editor, Juan Ortegan, to Spain.

The Supreme court of Spain upholds Archbishop Lorenti against the Pope and ex-Captain General Jovellar, and condemns Obera, the Pope's acting archbishop, to banishment from the island.

FOR SALE.—The unexpired lease of the large and eligible yard immediately north of Seventies' Hall, and one-half block south of Theatre. Apply to A. C. PYPER,

Correspondence.

Schools and School-Houses in Sanpete.

FAIRVIEW,
Sanpete County, Utah,
April 6th, 1874.

Editor Deseret News:

Allow me the use of a little space to notice a letter which has appeared in the several editions of the NEWS, alluding to schools in Sanpete in general, and intended to lead your readers to think to Fairview in particular. So far as the latter place is concerned, it is entirely a mistake. We have a schoolhouse, as yet unfinished, but in which a primary school has been kept during the past quarter. It is certainly the best building of the kind in the county, and, when completed and fitted up as it is intended to be, we think will compare favorably with any in the Territory. We have *not* a school-house "accommodated with peg-leg slab benches," nor "with high, unsuitable tables, and windows adorned with old hats instead of glass." Another school house, the old one as we call it, *has* maps, charts and other instruments for the convenience of pupils and teacher, and it has not, to the best of my knowledge, been used for either dances or other performances at any period for the last fifteen months. In fact, the benches and desks in use, being fastened to the floor, cannot possibly "be found out in the snow," nor has "the school been a failure"—the public examinations disprove this assertion. The progress of the pupils has been rapid and the amount of information which the examinations has elicited as being in the possession of the pupils has not been equaled by any school examination I ever held, or was present at, in the eastern States or in this Territory. Your correspondent is *not* a resident of Fairview, that is certain, or he would not have made such incorrect statements as pervade his letter. We have had, during the past year, pupils studying mensuration, bookkeeping, &c. One of these, who has been not only in a commercial college, but also in the Deseret University, informs me that under the system of his present teacher he obtains a much better insight into the branches of mathematics which he studies than he did at either of the two institutions named. In this result alone we do not judge that our "school is a failure," and this is not a solitary instance; for children who could scarcely tell their letters a year ago can now read in the second or third Readers, enumerate as far as billions, and solve most of the problems in the first four rules of intellectual arithmetic. If this is a proof of *failure*, I wonder what your correspondent would call *success*!

Leaving open the question whether a free or a subscription school is best calculated to bring about the educational millennium, which your correspondent perhaps expects will be possibly one of the results of his letters, but which looks "like a dream and dark vision," at least to me. But agreeing with him that "we have abundant resources" to have better school houses and much more improved school machinery than we now possess, which should not only adorn the walls, but be rendered useful in transmitting information to the pupils. To endeavor to remove one of the chief causes of the insufficiency of our present common school system we must, in the words of Supt. R. L. Campbell, "have the idea dispelled that any person with common ability can teach a primary school well enough, and the more intelligent sentiment prevail, that a person possessed of the rarest talent, the most genial disposition, and the most effective discipline, is the teacher to be sought after to lay the educational foundation and to have the fashioning and moulding of the infant mind." When this sentiment begins to prevail, we shall speedily see the pedagogial quacks, whose pronunciation is faulty, whose grammar is still wose, and whose ignorance of even the first four rules of arithmetic is a disgrace, sink to their proper level, and in a few years we shall wonder how such a blending of ignorance and impudence could ever have been tolerated as an aspirant even for the situation of keeper of a school, much less as that of an educator of our youth.

Yours truly,
J. F. YOUNG,
School Trustee.
