FEVER AND AGUE, CHILL FEVER ETC.-A few months after having commenced the manufacture of Dr. Pierce's Golden, Medical Discovery, the proprietor began to re ceive numerous letters from all parts of the Western and Southern States, bestowing the most un-bounded praise upon it for having promptly cured the writers or their friends of Fover and Ague, or other ferms of miasmatic or malarious diseases. He was repeatedly urged to make known the wonderful virto make known the wonderful vir-tues of the Discovery in the cure of Ague and kindred diseases. He always replied that it was not in-tended for a 'cure all," and should he recommend it to people as a re-medy for so many different forms and classes of disease, he feared those who had never tested its vir-tues would at once class it among the numerous humburg of the day. the numerous humbugs of the day This answer was satisfactory to no oue; they argued that the whole country ought to know it at once, and expressed their astonishment at his indifference to the subject. His ear and heart being at all times open to the call of suffering humanity, he has at last, after having received testimony from hun-dreds who have been speedily cured by it, and many of them, after qui-nine and all the usual means had failed, consented to make the matter known.
