Bill Warran, Negro, Thinks He
Can Beat Them

Once Fought Peter Jackson Twenty
Round Draw—Hot After Burns
And Jack Johnson.

A new heavyweight has appeared upon the scene in the east who threatens to wipe out the heavyweights and all the rest of the earth if he is given a chance. Bill Warran, of Australia, is the burly person in question, and he has made his headquarters in Boston.

Warran is a colored fighter, weighing 200 pounds, and has a manager who has \$200 in available currency to back up his challenge to fight Burns, Johnson, Hart, or any others. Warran also carries a 25-round draw with Peter Jackson. That was when Warran was beaten, and Jackson was near the end of his career.

Then Warran proceeded to sweep Australia, Jack Mac in 17 rounds, George Buton in 16, Sam McCarthy in 25, Dick Henry in 4, Tom Baker in 10, Jack Hart in 16, Dan Kelly in 15, and several others, all by the K. O. route.

He is a dark bundle of trouble with \$200 in real money waiting for the attention of ambitious heavyweights.

JOHNSON VS BURNS DECEMBER.

Jack Johnson, the big colored heavyweight, must really believe that Tommy Burns is an easy proposition, or he would never have chased the Canuck the way he has in order to get on a match.

Johnson recently left England after an unsuccessful trip there to fight Burns for a battle. Upon the blacks' arrival and persistent challenges Burns accepted the fight on a favorable light before the sport-loving English public, and made a quick getaway to the antipodes.

Upon his arrival in kangaroo land Burns began to realize the fact that he could not dodge the fight, and he still less as the heavyweight champion. Then a syndicate offered a \$50,000 purse for a battle between the pair, and Burns accepted provided that he be given \$20,000, win, lose or draw. Johnson, in his eagerness to get a match, went somewhere on the bounding billows headed for the battle ground.

Jack made a big hit in his last of the

Are You Sick?

Much sickness is due to a weak nervous system. Yours may be. If it is, you cannot get well until you restore nerve strength. Your nervous system is nature's power house; the organs of your body get their power from it. If the power is not there, the action of the organs is weak, and disease (sickness) follows. Dr. Miles' Nervine cures the sick because it soothes the irritated and tired nerves and gives the system a chance to recuperate. Try it, and see if you do not quickly feel its beneficial effect.

"I was given up to die by a leading doctor. Got one of Dr. Miles' Nervine bottles, and found that Dr. Miles' Nervine fit my case. From the very first dose I took I got better, I am better now than I have been for years, and I can do all my own work on the farm. That's what Dr. Miles' Nervine has done for me, and I am glad to recommend it to others."

English music halls, and was given a rousing reception upon his departure for Australia. He is a good-looking every one believes Johnson is Tommy's master and will knock him out in short order.

BLACK IS POPULAR IN ENGLAND.

English magazines just received show that Jack Johnson was given a great send-off in his coming to England. The 172 of the colored man one magazine has the following to say:

"Johnson had a remarkable send-off last week when he left Charing Cross. By some mistake the time of his train's departure was announced as 1:20, whereas it was 2:30 was the proper hour. A vast crowd of sporting people assembled as early as 12:30, and when, at 2:30, the train arrived, it was surrounded by several hundreds of well-meaning but too demonstrative friends. Johnson was taken to the station by a motor car, and in and out of the station went Johnson, and in and out of the station went Johnson, and in and out of the station went Johnson. The platform itself was a place of confusion, and the station was a place of confusion. There had the barriers closed. Before his departure Johnson gave away 500 autograph tickets. The owner

Yesterday Memsie sent down word that he was "bad" and would be unable to work to keep his appointment with Hyland. To the Associated Press last night Memsie stated that he simply wanted to postpone the match, as he could not get ready to box by the 18th.

There is some question as to whether it is in that light and is securing the coast to secure a suitable opponent for Hyland. Cyclone James Thompson has been offered the date. Thompson is an extremely poor card in this city, but with the club officials it may be a case of any card in a storm.
