

## LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

**AROUND AGAIN.**—We were much pleased at receiving, this morning, a visit from Marshal John T. D. McAllister, who lately underwent a severe surgical operation. He is recovering very rapidly.

**FIRST WARD STORE.**—We learn from Bishop Warburton of the First Ward that the co-operative store in that Ward is in a prosperous condition, stock having just been taken, and a dividend of fifteen per cent. on capital stock invested, declared for the year ending April 1, 1871.

**WEBER COUNTY.**—Brother Thomas Richardson, writing from Slatersville, on the 24th inst., says,

"We have been favored with an early Spring. Our small grain is all up and we never had a better prospect for heavy crops than we have the present season. There are no grasshopper's eggs here. We have had several refreshing rains lately, which have cheered exceedingly the hearts of the farmers.

**NEW RULE ON U. C.**—It has been the custom in the past for the accommodation train on the Utah Central R. R. to stop at places intermediate between stations, to take on or let off passengers, when such arrangement were made with the Conductor. In consequence of the increased amount of freight passing over the road and the necessity for running "on time," this practice is to be abolished on the first of May, and on and after that date the train will only stop at the regular stations, except in the case of Hooperville, opposite which settlement it will continue to stop as usual.

**NEARLY DROWNED.**—Yesterday a little son of Mr. James Dwyer, aged about a year and a half, came near losing his life by drowning. It appears that the little fellow had toddled a short distance from his parents' house, in the 17th Ward, and fallen into the water ditch, down which he floated a short distance till caught by the bridge, under which he partially disappeared head first. Luckily Dr. Bernhisel, who was passing that way, saw the child's heels protruding from under the bridge. The Doctor said he could not have lived many seconds longer in that position his head being submerged in the water.

**LOOKS, THROUGH A GLASS DARKLY.**—A correspondent writing from this city to the *New North West*, published at Deer Lodge, Ma., gives a not very glowing account of matters here. He speaks of high hotel charges, the increased price of real estate and the scarcity of money; and then relieves his feelings by the following ebullition:

"As for myself, I must say that I do not like Salt Lake. A dreary cheerlessness about the place and lack of cordiality among the people is constantly reminding one of the saying 'as pleasant as a funeral'; and, after a much more extended absence than I at first anticipated, I hope to be able to say to Montana, 'Home again.'"

**PROVO NEWS.**—Brother S. S. Jones, o Provo, who arrived in the city last evening, reports matters in a flourishing condition in Utah County. The people of Provo were treated to a sermon from President Young on Sunday, which they fully appreciated. It is expected that grading for the railroad will be commenced in Utah Co., as soon as the line has been surveyed, which will be shortly. Brother Charles Twelves had his leg badly fractured, by a kick from a mule, last week, but is recovering. The co-operative factory is a leading feature and is progressing finely.

FROM WEDNESDAY'S DAILY.

**A FINE TWO YEAR OLD.**—One of the short-horned Durham bulls, just imported by Mr. W. C. Rydall, was put on the scales yesterday, and was found to weigh 1650 pounds; he was two years old on the 3rd of last February. Good judges say that he is the finest animal of his age they have ever seen.

**HORSE THIEVES.**—A gentleman, just in from Weber County, informs us that, within the last few days, two bands of horses had been stolen from Plain City range. The thieves are supposed to have gone northward and a party are in pursuit. One span of mules that was stolen at the same time was recovered by the owner, in the vicinity of Corinne.

**THE ORCHESTRA.**—One of the most pleasing and attractive features of the entertainments given at the Theatre is the really excellent orchestral music. Professor C. J. Thomas, by the high degree of proficiency to which he is rapidly bringing his corps of musicians, is sustaining his long established reputation as a professional of great ability. He has played in some of the best theatres in England and the Eastern States and is consequently well qualified for the position he now fills. We have lately heard frequent expressions of pleasure from competent judges, at the manner in which the music is performed at the Theatre; and in the good taste displayed in the selection of pieces. We wish Prof. Thomas and his corps continued success, which, however, they are sure to attain.

From the assiduous and able efforts of the Professor and the amount of success that has already crowned his labors in so short a time, we anticipate that before long, there will be but few theatres in the West that will be able to boast of a more efficient orchestral band than that of this city.

## HOME NEWS.

LOGAN, April 24th.

Bishop Peter Maughan departed this life at 5:30 p. m., to-day.

Although news reached us some days since that Bishop Maughan was very ill, we were not prepared to receive intelligence of his demise. The news will touch the hearts of his many friends in this Territory and elsewhere. There are but few men who are as extensively and favorably known among the Latter-day Saints as he was. It can be truly said of him that another hero in the cause of God has gone to a higher and holier sphere to continue to labor in the cause which he so nobly sustained while on earth. He belonged to that class of large hearted men who the more intimately they are known the better they are liked. He was, in the true sense of the word, a friend to the poor, being ever ready to extend the helping hand to the needy. He was universally known, by all who had dealings with him for his unswerving honesty, integrity and justice. We sincerely sympathize with his family in their bereavement.

Peter Maughan, the son of William and Martha Maughan, was born May 7th, 1811, at Brockenshire, Cumberland, England. He was baptized by Isaac Russell in the Spring of 1838, and ordained an Elder in the Spring of 1841, by President B. Young. He emigrated the same Spring in the ship *Rochester*, in company with Presidents Young, Kimball, Richards and others of the Twelve. He remained in Kirtland several months, and then moved to Nauvoo the same Fall, and assisted in the building of the Temple. He was with the Saints in their mobbing and driving from that place. He arrived in Salt Lake, September, 1850, and was called to labor in Tooele in establishing the early settlements of that county. In the Fall of '56, he was called to establish settlements in Cache County, and presided over the same as President and Presiding Bishop until his death.

PAYSON, 26.

The weather is pleasant but cloudy. Mineral developments are being made east and west of this city. Several prospecting parties are in this vicinity, anxiously waiting for the snow to disappear.

PLEASANT GROVE, 26.

President B. Young, by request of the citizens, located a site for a meeting house, yesterday, one block east of the co-operative store, near the school house. The dimensions of the building will be eighty by fifty feet; two stories high. The basement will be built of rock, twelve feet in the clear; and the upper story twenty-eight feet, to be built of adobies, and will be constructed suitably for a gallery.

The telegraph office has moved into a new building near the same site.

William Osborne, of this place, has sold his interest in the "Silver Lake" lead, in American Fork canyon, 100 feet, for four thousand dollars.

OGDEN, 26.

Four cases of small pox are reported in the eighth district.

The tunnel in the Leopard silver mine, in Ogden Canyon is thirty-five feet. Liberal bids have been offered for the claim. The feet rock is increasing in value every day. The Magnolia shaft is 65 feet, and assays are encouraging; the quality increases the deeper the shaft goes. The Copperopolis copper mine, in Cold Water Canyon, discovered by William Hunter, assays sixty-two dollars in copper and fifteen in silver to the ton,—the cropping assays. Three companies claiming ledges in this mine have joined to sink one shaft. The Golden Gate, near the east end of Ogden canyon, owned by Driver, Cooke, Wilson, Nellis and others, is producing an excellent quality of rock; a shaft is constructed, and it is working \$6 per foot. Another ledge in North Ogden canyon, discovered a few weeks ago, assays 62 in gold and fifteen per cent. in silver per ton. The interest in sinking shafts to determine the quality of ledges and claims is increasing.

Signor Farini and company give a concert in Ogden Theatre to-morrow night.

C. W. Penrose, editor of the *Junction*, left here at 4:30 a. m., for Logan, to attend the funeral of Bishop Maughan, joining the company of A. M. Musser and Bishop Nichols at Brigham City; they reached Logan at 9:30 a. m.

## DIED.

In the 20th Ward of this city, on the 23rd inst., of inflammation of the lungs, SAMUEL LOUIS, son of James and Eliza Ruban, aged 6 months and 15 days.

Mill. Star, please copy.

At Graveley, near Huntingdon, England, March 18, James Arbon, aged 58 years, 5 months and 8 days.

Killed at the pits, Eastwood Nottinghamshire, England, March 24, Anthony Wilson, aged 25 years.
