

OUR OWN STATE.

The branch office of the Deseret News in Ogden is at No. 466 Twenty-fourth street, where advertisements and subscriptions will be received. The "News" is delivered by carriers in Ogden every evening on the same terms as in Salt Lake City.

OGDEN NEWS.

OGDEN, UTAH, MAY 14, 1901.

DISTRICT COURT CASES.

Judge Booth renders decision on rights of brigades in waters of Birch Creek.

Commissioners Order the Division of County into Irrigation Districts.

Death of William Bowman.

Suit was filed in the Second district court by John Conroy against James L. Porter to secure a corrected title to certain land or a judgment against the defendant in the sum of \$500 and costs of action. The complaint sets forth that the plaintiff and defendant entered into a certain contract by which it was mutually agreed, by said parties in consideration of a certain brick wall to be constructed by the defendant hereto as a party wall, that in consideration of said wall the plaintiff did deed and deliver to defendant a certain strip of land situated in Ogden City, that up to a short time ago plaintiff thought title to said land and the strip of land was perfect, but has learned that the title is incorrect.

In the case of Philip Garner of all vs. Chertell, Browning et al. Judge Booth rendered a decision in favor of the plaintiff as to the ownership of the Garner ditch, also that plaintiffs are entitled to 180 cubic feet of water per acre and every year, or so much thereof as may be in Birch Creek, and the defendants are entitled to 180 cubic feet per acre from October 15th to June 1st, and he further finds that the plaintiffs are entitled to all the water in the Birch Creek between the dates of June 1st and October 15th of each and every year.

The hearing in the case of M. E. Crawford vs. J. K. Spivey was continued until August 15th, 1901.

WEDDER COUNTY AFFAIRS.

Board of county commissioners met yesterday and transacted business as usual.

The county attorney was directed to prepare an ordinance dividing the county into irrigation districts, etc., as provided for in chapter 125 of the Laws of Utah for 1901.

County Attorney Halverson reported to the board that he had applied for a writ of mandamus requiring the board to appoint a county clerk, free of expense, and that he had been granted the writ.

County Attorney Halverson reported to the board that he had applied for a writ of mandamus requiring the board to appoint a county clerk, free of expense, and that he had been granted the writ.

DEATH OF WILLIAM BOWMAN.

William Bowman, a very highly respected citizen of this county, died at Blackfoot, Idaho, Sunday, of pneumonia. He was about 40 years of age at the time of death. He leaves a devoted wife and child. His remains were taken to Ogden yesterday, where they were taken to Larkin and Son's undertaking parlors, and left until this morning, when they will be taken to the family residence at Utah. The funeral services over his remains will be held at the Utah meeting house Wednesday afternoon at 2 o'clock.

ANTI-VEGE CRUSADE.

The mass meeting to be held in the Ogden tabernacle Wednesday evening 7 o'clock for the purpose of presenting before the public the true instance of the open veins in Ogden being stopped by the enforcement of the city ordinances by the city officials, promises to be very enthusiastic. The public sentiment as expressed by most of the citizens is that the move is a good one, and will meet with the hearty support of the majority of the people. Acting Chairman Stanford of the board of trustees of the various religious and temperance organizations of the city said today that the committee had prepared a resolution to present to the meeting Wednesday evening, that it does not contain anything radical, but was only a request that the city authorities enforce the law against gambling, illicit liquor traffic and other evils.

THE ANIMAL SHOW.

The Norris and Rowe dog and pony show, which appeared in Ogden yesterday, was a good performance. The large tent was well filled with appreciative audiences both afternoon and evening. The little ponies, the zebra, elephant and many dogs were well trained, and performed in a most amusing and interesting manner. The people of Ogden feel that they got their money's worth out of Norris and Rowe's show.

GETTING OUT TAX NOTICES.

County Treasurer Chambers yesterday received from the county assessor the assessment rolls for 1901, and commenced the work of preparing the first tax notices for this year to be sent out to property owners. He has about fifteen hundred notices, and ladies and gentlemen at work on the notices. It will take them about two weeks to finish up the work.

TRAVELER TAKEN ILL.

A man named John Hopkins was taken violently ill last evening at the Good Luck restaurant, while he was waiting for his supper. He was taken in charge by the police and City Physician was called who pronounced the man suffering from an acute attack of Bright's disease. After taking several doses of the medicine prescribed he recovered and is now much better. His home is in Chicago.

BRIEFS AND PERSONALS.

Sheriff Cardon of Brigham was an Ogden visitor today.

Mrs. J. E. Grant has been visiting in Salt Lake.

President L. W. Shurtliff has gone to Denver on a business trip.

A. C. Allen, representing the Baumgarten Lowering Device, was an Ogden visitor on business.

L. H. Beckett and a friend made a pleasant run to Logan in Mr. Beckett's automobile Sunday. It was a long and continual run among surprised natives.

PROVO.

CITY AND COUNTY AFFAIRS.

Council and County Board Meetings - Court Notes - Wedding.

Provo, Utah Co., May 14.—The City Council last evening received a communication from Acting Mayor McEwan to the effect that he and members of the council, and Mr. Graham had called on Governor Wells and asked his assistance in getting President McKinley to consent to stop at Provo for twenty or thirty minutes, June 3rd, on his way west from Salt Lake City, and recommended that Messrs. Reed, Smart, R. R. Irvine and C. E. Love be appointed a committee to act in conjunction with Gov. Wells, meet the President in Salt Lake City and make all necessary arrangements for the occasion. The recommendations were adopted and the appointment made as recommended.

The committee on sewer reported favorably upon the petition of W. H. Ray to conduct a drain from the old Dodd residence to the mill race. Report adopted.

Councilman Powlson called attention to the spread of the Canada thistle on the north end of J street, and the street supervisor was instructed to have the weed removed from the streets, and the city marshal was instructed to notify the citizens to remove them from the sidewalks.

COUNTY BUSINESS.

The county commissioners met yesterday and transacted the following business: The question of whether there are enough children in the section of country south of Provo City to justify the creation of another school district, or whether the segregated county school should be attached to some district already established, was referred to Commissioner Hill and County School Superintendent Brown.

Upon recommendation of Superintendent Brown, Prof. George H. Brimhall and Fred U. Poulson were appointed members of the county board of examiners.

FOURTH DISTRICT COURT.

The following orders have been made in the Fourth district court:

In the matter of the petition of Thos. Boardman et al. for segregation of country south of Provo City from the city corporation, the court ordered that the prayer of petitioners be granted, except that from the northwest corner of division shall be an extension eastward to the line of First ward pasture to the east side of "B" street extended.

Estate of Isaac N. Post; final account approved. Decree of distribution ordered. Administrator discharged and Mrs. Louisa B. Post appointed guardian of minor children.

Provo City et al. vs. West Union Cannell. Appointed guardian ad litem for Marva A. Spencer, Wilmer H. Brown and Sarah L. Brown.

BRIMHALL-HOLBROOK NUPTIALS.

Miss Sina Brimhall, daughter of Professor G. H. Brimhall, and Mr. L. H. Holbrook, son of Hon. Lafayette Holbrook, have received a marriage license, and will be married in the Salt Lake Temple. The young people are deservedly popular with a large circle of friends who will be pleased to learn of this important event in their lives and wish them happiness and prosperity in their new estate.

DEATH OF JOSEPH WILLARD.

Joseph Willard, an aged gentleman who came here from Illinois about 14 months ago, suffering from consumption, died yesterday forenoon. The funeral was held today from the Second Adventist Church. Deceased was about 73 years of age.

GARDEN CITY NOTES.

James B. Whitehead, of Knightville, was in Provo yesterday. He intends moving his family here.

An error was made in yesterday's Provo report in stating that Andrew Morgan would study law with Samuel A. King. Mr. Morgan is a member of the bar and is said to be an able young lawyer, who will practice his profession here.

Members of the Brigham Young Academy board of trustees from this city went to Salt Lake this morning to attend the meeting of the board to be held in Salt Lake.

Adelaide Dibble was sentenced to seventy-five days imprisonment by Justice Anderson yesterday, on a charge of assault preferred by Annie Dibble. She was taken to the county infirmary, the county having no suitable place in the jail to keep her.

PRICE.

MILLION AND A HALF OF WOOL.

Oil Locations and New Coal Fields—New School Building.

Special Correspondence.

Price, Carbon Co., Utah, May 13.—Sheep shearing is in full swing and the shepherds have taken their departure in the main for Wyoming, while flockmasters have driven their herds into the hills to the north and west for the summer ranges. In all there were some 25,000 sheep shorn here this year.

THE WHOLE NATION HAS CATARRH.

Are prescribed by Physicians because they are the best known remedy for this universal complaint.

Catarrh is at home almost anywhere and everywhere. While more common in cold, changeable climates, it is by no means confined to them, but is prevalent in every state and territory in the union.

The common definition of catarrh is a chronic cold in the head, which if long neglected often destroys the sense of smell and hearing; but there are many other forms of the disease, even more obstinate and dangerous.

Catarrh of the throat and bronchial tubes as well as catarrh of the stomach and liver are almost as common as nasal catarrh and generally more difficult to cure.

Catarrh is undoubtedly a blood disease and can only be successfully eradicated by an internal treatment; Sprays, washes and powders are useless as far as reaching the real seat of the disease is concerned.

Dr. McIlverney advises catarrh sufferers to use a new preparation, sold by druggists, called Stuart's Catarrh Tablets, because actual analysis has shown these tablets to contain certain antiseptic qualities of the highest value and being an internal remedy, pleasant to the taste, convenient and harmless, can be used as freely as required, as well for children as for adults.

An attorney and public speaker, who had been a catarrh sufferer for years says:

"Every fall I would catch a cold which would settle in my head and throat and hang on all winter long and every winter it seemed to get a little worse. I was continually clearing my throat and my voice became affected to such an extent as to interfere with my public speaking."

I tried troches and cheap cough cures and sometimes got relief, but only for a short time, until this winter when I learned of the new catarrh cure, Stuart's Catarrh Tablets, through a newspaper advertisement. Two fifty cent boxes which I bought at my druggist, cleared my head and throat in fine shape and to guard against a return of my old trouble I keep a box of the tablets on hand and whenever I catch a little cold I take a tablet or two and ward off any serious developments."

Stuart's Catarrh Tablets deserves to head the list as a household remedy, to check and break up coughs and colds, because unlike many other catarrh and cough cures these tablets contain no opiate, cocaine or any injurious drug.
