James V. Allen Appointed County Commissioner - Marriage.

Special Correspondence.

Logan, Cache Co., April 2.-The county commissioners met in regular session today and besides transacting the usual amount of routine business made an appointment to fill the va-cancy in the commission, caused by the death of Nephi Tarbet. The sentiment seemed to be in favor of the appointment of a Smithfield man to the position, and endorsements were read in favor of E. R. Miles, Sr., Wm. Toombs, James V. Allen and Joseph Hill. The commissioners selected Hill. The commissioners selected James V. Allen to be the new rommissioner.

Doctors Mystified.

A woman is sick ; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease ? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequaled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Grateful Letters from Cured Women.

"DEAR MRS. PINKHAN:-I was a sufferer from female weakness for about a year and a half. I have tried doctors and patent medicines, but nothing helped me. I underwent the horrors of local treatment, but

eceived no benefit. My ailment was pronounced deration of the womb, I suffered from intense pairs in the womb and ovaries, and the backache was dreadful. I had leucorrhea in its worst form. Finally I grew so weak I had to keep to my bed. The pains were so hard as to almost cause spasms. When I could endure the pains no longer, I was given morphine. My memory grew short and I gave up all hope of getting well. Thus I dragged along. To please my sister I wrote to you for advice. Your answer came, but neantime I was taken worse, and was under

he doctor's care for a while. "After reading your letter, I concluded to try our medicine. After taking two bottles I felt nuch better; but after using six bottles I was cured. All of my friends think my cure almost

iraculous. I thank you very much for your timely advice and wish you prosperity in your noble work, for surely it is a blessing to broken-down woman. I have full and complete faith in the Lydia E. Pinkham Vegetable Compound."-GRACE B. STANS-BURY, Herington, Kansas

woman-perhaps dressed in a country which boasts of many well-dressed women. She is a remarkably good judge of diamonds and precious gems, and, having the means costumes would make several families rich, but if she does spend large amounts of money on clothes, her dresses are in such perfect taste and to gratify her tastes and the judgment to buy good stones, the result is that her collection of gems are unrivaled for their splendor. If Mrs. Holmes arrayed herself in all her finery she would make even the famous diamond tiars of the so skillfully made that the vulgar ef-fect of costliness when applied to dress is lost. She is simply a well-dressed | Persian shah shabby in comparison.
