They were am-bushed behind some trees that had blown down. We had just stepped outside when they commenced throwing at us with great fury. But only one missile struck Brother Jackson on the leg after it had struck the ground and lost its force. We returned into Cullman County on Sunday, June 28th, to hold meet-ing, where we had an appointment to fill, ten miles from where we were mobiled. We filled the ap-pointment but heard of some threats being made against us. They did not bother us, however. The next day we were advised by some influential men to leave the county; they said if we did not they would use violence on us, so we

RESEFACTORS.

When a board of eminent physic-ians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was pro-

duced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dis-pelled all doubt, and to-day the dis-coverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.
