

# PENNYPACKER'S BEDIMME VIEW

Pennsylvania's Former Governor  
Could See Nothing Appear-  
ing Like Robbery.

SAYS OATHS WERE REQUIRED

Other Safeguards Were Also in Vogue  
During the Building of  
State Capitol.

Harrisburg, Pa., Feb. 18.—Former Governor Pennypacker was an important witness at the state capitol conspiracy trial today. Mr. Pennypacker, by virtue of his office as governor, was president of the board of grounds and buildings during the equipment of the capitol. His colleagues on the board were former Auditor General Snyder and former State Treasurer Hathues. His active office was former Superintendent Shinnaker.

The former governor was called as a witness for these three former state officials. Mr. Pennypacker said extraordinary precautions had been taken to safeguard the commonwealth in the payment of bills, by requiring the architect and the superintendent of grounds and buildings to certify to them, and the contractor to make oath to their correctness.

DIDN'T KNOW ABOUT THIS.

The former governor admitted under cross-examination that he did not know that \$1,000,000 had been paid by Snyder and Snyder to Sanderson without the approval of the board, or that on Jan. 19, 1905, the date of the adoption of the resolution by the board, \$2,000,000 had been paid to Sanderson in excess of Huxton's estimate on the cost of the furnishings.

Mr. Pennypacker said he had no reason for thinking that Huxton did not do as fully as he could the work he was called upon to do. "If you are asking me for a judgment," said "I think it is a great achievement."

Asked how long his reliance upon the architect continued, the answer was: "It continued down to the present time, until I am shown reason to the contrary."

SOME "FEET" IN EXCESS.

The commonwealth showed in the cross-examination of James H. Stevenson, Sanderson's bookkeeper, that bills for furniture for the senate and house amounting to over \$500,000 were made out and sent to many feet in bulk and paid in the course of Sanderson's business, and that several months afterward Stevenson, when ordered by Sanderson to make out bills, simply took the lump sum of feet and "apportioned" it among the articles, gleaming some information from blue prints, and receiving the remainder from Sanderson.

Stevenson had some "feet" left, and he added that to the restrooms of the senate and house caucus rooms. Evidence was introduced by the defense to show that in spite of the "approximation" system of billing the Sanderson furnishings, the state was the gainer to the extent of \$38,227 on Sanderson's bills for furniture, and that Sanderson could have collected \$1,224,292 instead of \$766,066 for the furniture.

JAPS STAY AT HOME.

Immigration Figures Show Many Other Interesting Features.

Washington, Feb. 18.—At the cabinet meeting today, Secy. Straus of the department of commerce and labor told before the president some significant figures as to immigration and emigration. The figures show that for January there was a large decrease in the number of Japanese arriving in the United States. The total arrivals for both the mainland and Hawaii were 971, as compared with about 5,000 for January of the year ago, a decrease of 50 per cent. Mr. Straus showed that for the months of July, August, September and October, the total immigration to the United States was 45,000, while the emigration for the same period was 190,000. The figures on emigration for November, December, January and February, not yet prepared, are expected to show a still greater ratio as compared to immigration, there having been a larger outgo of foreigners in November and December.

# MANY CASES OF RHEUMATISM NOW

There is Much Suffering and  
Misery and Few Know What  
To Do in Such Cases.

SIMPLE HOME MADE REMEDY

Valuable Home Prescription to Relieve  
Kidney Trouble Which Anyone Can  
Prepare and Don't Cost Much.

Thousands of men and women who have felt the sting and torture of this dread disease, which is no respecter of age, persons, sex, color or rank, will be interested to know that while for many years rheumatism was considered an incurable disease, now it is one of the easiest afflictions of the human body to conquer. Medical science has proven it not a distinct disease in itself, but a symptom caused by inactive kidneys. Rheumatism is uric acid in the blood and other waste products of the system which should be filtered and strained out in the form of urine. The function of the kidneys is to sift these poisons and acids out and keep the blood clean and pure. The kidneys, however, are of sponge-like substance, the holes or pores of which will sometimes, either from overwork, cold or exposure become clogged and inactive, and falling in their function of eliminating these poisons from the blood, they remain in the veins, decompose and settling about the joints and muscles, cause the untold suffering and pain of rheumatism and backache, often producing complications of bladder and urinary disease, weakness, etc.

The following simple prescription is said to relieve the worst cases of rheumatism because of its direct action upon the blood and kidneys, relieving, too, the most severe forms of bladder and urinary troubles. Fluid extract dandelion, one-half ounce; compound Kargon, one ounce; compound syrup Sarsaparilla, three ounces. Mix and shake well. Dose: One or two teaspoonful doses after each meal and at bedtime. The ingredients can be had from any good prescription pharmacy, and are absolutely harmless and safe to use at any time.

# FULTON CAMPS ON TRAIL OF LAND GRANT RAILWAYS

Washington, Feb. 18.—That Congress should authorize and direct the attorney general to prosecute land grant railroads in Oregon for not having complied with the terms of their grants disposing of land in tracts of not more than 160 acres and not more than \$2.50 per acre, was the subject of a joint resolution reported to the senate today from the committee on judiciary by Senator Fulton, who asked for its immediate consideration. This resolution, drawn by the department of justice to satisfy any doubt that might be raised as to its authority, was offered as a substitute for the resolution recently offered by Senator Tillman.

The resolution was placed on the calendar under objection by Senator Gallinger, who thought it could not be disposed of today. The resolution directs the attorney general to prosecute suits to enforce the rights of the United States pertaining to land grants made to aid the construction of railroads and telegraph lines by the Southern Pacific company in California and Oregon involved in the act of July 25, 1886, and to the grant made to aid in constructing a military wagon road from Coconino, Ariz., to Rosburgh, Or., and the act of March 3, 1889.

TRUSTS-TARIFF-RAILROADS.

Bryan Points to these as Real and Vital Campaign Issues.

Columbus, O., Feb. 1.—William J. Bryan's visit to Columbus today was signalized by the Democratic state central committee unanimously endorsing his candidacy for the presidency. The committee made provision in the call for the state convention by which the voters of any county in which there is a registration city may express their preference for a candidate for presidency by having the name of candidates printed on delegate tickets. This action was taken at the request of Hamilton county Democrats who favor the nomination of Judson Harmon of Cincinnati, former attorney general of the United States under President Cleveland, for the presidency.

After luncheon Mr. Bryan addressed the general assembly in joint session in the hall of representatives on the subject of guaranteeing bank deposits. He was heard with marked attention. Tonight Mr. Bryan was given a speaker at a dollar dinner given at Memorial hall under the auspices of the Democratic members of the general assembly. Twelve hundred persons were seated at the tables and twice that number had seats in the galleries. Mr. Bryan's subject was "The Point of View."

Mr. Bryan, in an interview here today, said: "I can't say just how much President Roosevelt's attitude has had to do with the present financial distance, but I think it has done more than anything else to bring the question of recommendations have tended to squeeze the water out of watered stock the blame should fall not on him, but on those who have watered the stocks. My criticism would be that he did not condemn soon enough to storm the fort. The great questions to share the attention in the campaign are I believe, (1) Mr. Bryan, 'are the trust, the tariff and these railroad questions. But one issue runs through all of these, however, and that is shall the government be administered in behalf of all the people for the benefit of a few of the people?'"

KILLED THE COOK;  
THE EGGS WERE BAD.

San Francisco, Feb. 18.—James Grossman, a foreman of the Beach Grove Park grading camp, and living at 5831 Mission street, was shot and killed by Sam Taylor, the camp cook, at 6 o'clock this morning, after a quarrel over the preparation of eggs for the foreman's breakfast. Taylor, now admitted that he shot the camp cook, fired six shots at Grossman, all of which took effect, four in the body, one in the arm and one in the leg. Policeman Archer, who was on duty immediately, placed Taylor under arrest, and had Grossman sent to the hospital. The latter died before the doctors could do anything for him.

JUMBO EXTENSION APPEX.

Goldfield, Nev., Feb. 11.—The attorney for the Consolidated Mining company has wired from Carson that the federal court has granted a temporary injunction in favor of the company directed against the Jumbo Extension Mining company. The injunction forbids the company from extracting, shipping or selling of any ore from their workings on the Gold Wagon claim. Judge Farrington set Policy 25 as the day upon which he would hear arguments in the case. The dispute is over apex rights.

# REPLY OF JAPAN ON EMIGRATION

Said to Insure Restrictions Suggested by United States Officials.

DIET SUPPORT ASSURED.

Efforts of Opponents to Measure Will Probably be Unsuccessful When Put to a Final Vote.

Tokio, Feb. 19.—The memorandum of the Japanese government in reply to that of the United States on the subject of emigration, mentioned yesterday by the Associated Press, was handed to Ambassador O'Brien today.

It is understood that it agrees in the general terms with a number of suggestions made by the American government, and ensures a further restriction of emigration, by the practical prohibition of laborers. The Japanese government points out that the restrictions already enforced, including the closing of emigration to Canada, Mexico, and the Hawaiian Islands, will make future complaints from America almost impossible.

Every evidence goes to prove that the Japanese government has been sparing in its efforts to avoid further complications resulting from the emigration question, but the government is facing a powerful opposition from the cabinet, and the Japanese people are behind a proposed resolution in the diet to censure the foreign policy of Viscount Hayashi, minister of foreign affairs, toward China, American and Canada.

DIET WILL DEFEND BILL.

Should the resolution be introduced in the diet it will probably be defeated by a narrow margin.

Its passage would certainly entail the resignation of the cabinet. Should the cabinet be forced to resign, the Japanese believe that a new administration would closely follow the emigration policy of Minister Hayashi. Ex-Ambassador Aoki, since his arrival here, has not called upon the foreign office, nor has he submitted a report upon the situation at Washington, but has assumed an attitude of unfriendliness toward Minister Hayashi. It is believed that Aoki is joining the forces opposing the foreign office.

STOESSSEL ASKS FOR DEATH.

If Sander of Port Arthur is Decided To Have Been a Crime He is Willing.

St. Petersburg, Feb. 18.—The trial of Lieut. Gen. Stoessel, he closed yesterday, the prosecution waiving the privilege of putting in rebuttal to the defense. The last word was given to the accused general, who uttered only a few sentences, a firm voice and shouldered the entire responsibility for the surrender of Port Arthur.

"If the court decides that the surrender was a crime," he concluded, "I ask for the death sentence."

The court is expected to close the proceedings tomorrow with its decision.

ODD TRIOS ELECTED.

Chinese, White Man and Pretty Co-ed Will Represent Columbia.

New York, Feb. 18.—V. K. W. Kee, a Chinese, was selected as one of the Columbia debaters who will oppose the mixed trio at Cornell. The debate will be held in Ithaca February 28. Recently Cornell announced its representatives, who include Miss Elizabeth A. Cook. The Columbia debating union promptly protested against the selection of the debating lists of a "co-ed," but the Ithacans insist that Miss Cook be accorded the honor which she had earned. Columbia finally withdrew its objections.

MARRIAGE CONTRACT UPHELD.

Justice Dayton Says Compact is Lawful and Grants Divorce.

New York, Feb. 19.—In granting a legal separation to Mrs. Katie Dietrich from Michael Dietrich, Justice Dayton of the supreme court has upheld the legality of a marriage by contract. Sixteen years ago the Dietrichs entered into a formal agreement to live together as husband and wife and have so lived since. When Mrs. Dietrich sued for a separation on the grounds of cruelty Dietrich denied any marriage. The decision upholds the validity of the contract marriage and grants the separation.

CHICAGO ALDERMEN TRY TO STOP CRIME WAVE.

Chicago, Feb. 19.—Crime will be decreased considerably in Chicago, it is believed, by the action taken yesterday by the council committee on judiciary. The aldermen voted favorably on three ordinances designed to put an end to the carrying of deadly weapons. One of the ordinances obligates the city custodian every six months to

# RUN-DOWN CONDITION DUE TO OVERWORK

A Battle Creek Woman Describes  
Her Symptoms and Tells How  
Dr. Williams' Pink Pills  
Cured Her.

The symptoms described in the following case are so common today wherever overwork and worry have resulted in a decline in health that the means by which a cure was effected deserve the careful attention of every thoughtful man and woman. It is such conditions as are here described that are commonly neglected until the injury to the health is past repair. It is therefore the part of wisdom to take the remedy that cured Mrs. James Struwin, of 488 West Main street, Battle Creek, Mich., as soon as the first warning symptoms are noted. She says:

"For several months I was sick with anemia and part of the time had to remain in bed. It was brought on by overwork which produced a run-down condition. My kidneys were weak and the secretions contained a sediment. My cheeks and lips were white, I had bad headaches, dizzy and fainting spells and would see black specks floating before my eyes. I would often have palpitation of the heart, could get no sleep from sleep, was nervous, low-spirited and weak. My head was watery and I didn't have strength enough to work."

"We employed a doctor for six months but without avail. Then I read about Dr. Williams' Pink Pills in a paper and soon after began to take them. A few boxes cured me, giving me strength and plenty of blood and I have been well and strong ever since."

So general is the success of Dr. Williams' Pink Pills in curing anemia that it may be safely stated that they are the most certain remedy for all conditions of thin, weak and watery blood. They are also a tonic for the nerves and have cured indigestion and general debility where the stomach and other organs of the body are weakened and disordered simply through lack of proper nourishment. They have also been especially successful in curing rheumatism and after-effects of the grip and of fevers.

A pamphlet on "Diseases of the Blood" and a copy of our diet book will be sent free on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

take all weapons that come into his possession and dump them into the lake at least five miles from shore.

Another ordinance requires dealers in weapons to pay a license fee of \$50 a year, and the third forbids anybody to carry a weapon unless he is a sheriff, constable, policeman or coroner.

Even persons with collections of weapons, firearms and swords or daggers, antique or modern, must take out a license under these new ordinances. The new ordinance places the ban on these weapons: Pistols, bowie knives, metal knuckles, revolvers, dirks, derringers and slungshots.

There is no provision against rifles, shotguns or cannons. The ordinances make it unlawful to purchase, to own, or borrow any of these weapons without a license, but with a license they may not be carried.

NOTED ACTOR DIES

Grand Junction, Colo., Feb. 19.—Hal Newton Carlyle of New York, an actor of national prominence, filling one of the leading roles in "The Wheel of Love" company, dropped dead here last night just as he was about to go on the stage for the second act. Heart disease caused his death. He was 65 years of age.

SHEARING RECORDS BROKEN.

Phoenix, Ariz., Feb. 19.—The world's record for shearing sheep by machinery was broken today by a man named F. Him, who sheared 325 sheep in nine hours. The next highest record today was made by J. Bowdoin, who sheared 309. The shearing plant employs 20 shearers and the plant also made a world's record today, shearing 6,572 sheep in nine hours or 220 per man. The shearing was performed at Boardsley, 25 miles northwest of Phoenix.

KILLS HIS WIFE WHEN  
SHE THREATENS DIVORCE.

Portland, Or., Feb. 18.—A special to the Oregonian from Seattle, Wash., says: "Because his wife threatened to secure a divorce from him, L.
