WASHINGTON.

WASHINGTON, August 8 .- Bids were opened to-day in the office of the Secctary of the Navy for the construction of the cruisers last provided for by Congress, namely, the Newark No. 1 1,000 tons displacement; "cruis rs Nos. 4 and 5,"4,000 tons each and "gunboats Nos. 3 and 4," 1,700 tons displacement each. The heads of the several bureaus of the Navy Department and a number of gentlemen rep resenting shipbuilding establishments

ALL THE VESSILS at prices well within the limits prescribed by Congress. The bids were of three classes: First, for the hall and machinery, upon the plans of the department; second, hull and machinery upon the contractor's own plans; third, the hull after the plan of the department and machinery upon the second of the department and machinery upon the plans of the department; second of the department and machinery upon the plans of the department; second, hull and machinery upon the contractor's own plans; third, the hull after the plans of the department and machinery upon the contractor's own plans; third, the hull after the plan of the department and machinery upon the contractor's own plans; third, the hull after the plan of the department and machinery upon th chinery after the builder's own plans approved by the department. There was but one bid upon the Newark, which was by Wm. Cramp & Sons, un-der class one, the price being \$1,248,000 The Union Iron Works, of San Fran-cisco, bid under class one for either cruiser No. 4 or No. 5 at \$1,428,000 Wm. Cramp & Sons bid upon cruisers Nos. 4 and 5 under class one at \$1,410,-000 each; under class two at \$1,325,000

& Sons bid for the TWO GUNBOATS at \$495,000 and N. F. Palmer & Co., of New York, bid for the same at \$490,000. Secretary Whitney said to the Associated Press reporter after opening the bids: "It is a great relief to my mind getting this out of the way. The requirements which the contractors as sume are more exacting than in the case of any previous bidding. The law for cruisers No. 4 and 5 provides that the contracts for the construction of them shall contain a provisions to the effect that the contractors guarantee that they shall be completed and tested for speed under conditions to be prescribed by Navy Department. The vessel shall exhibit a maximum speed of gt least 19 knots per hour and for every quarter of a knot of speed so

exhibited above the said guarantee the contractor shall receive A PREMIUM over and above his contract price of \$50,000 and for every quarter of a knot that said vessel fails of reaching said guaranteed speed there shall be de luced from the contract price \$50,000. The applications recorded at the Treasury Department to date for prepayment of interest on the registered bonds are as follows: Four per cents, \$2,468,259; 4 % per cents, \$2,715,000 and Pacific Railroad bonds, \$88,000. Total,

\$5,269,250. The commissioner of patents has rendered a decision on the most important question which has recently and the employment therein of abstract phraseology and general indefl

and so expand an invention that every thing in the art is so covered that all thing in the art is so covered that all future inventions are required to pay tribute and the public be perpetually taxed. The commissioner says the cf-fice is required to be vizilant, that an applicant shall not obtain claims which is lead, vex and harrass the general public, but the patentee must hold and set forth distinctly the invention as set torth in his claims and not what it is capable of being expanded into by general and indefluite languages. The commissioner holds that while the patentee is at liberty to employ such language and phrases as he thinks proper, he is required to point out his particular invention that the people may not be deluded nor the
