### San Francisco, 12.

Senator Logan arrived to-day; he states that he has no intention of taking part in the campaign in the State, but that he comes on business.

### San Francisco, 12.

Arrived at the A. S. N. Co's steamer, *McGregor*, from Sydney, via Auckland and Honolulu, with Australian dates to June 10th. The *Victoria* had been on the route for twenty-five months. The governor, in his speech, states that the education system is firmly established. Efforts are being made for the construction of a railway from the Cape Patterson coal fields to a western port. The commissioners have decided not to open the Melbourne exhibition until September second.

### San Francisco, 12.

New Zealand.—Destructive rains have prevailed in various parts of the colony. The development of new mining districts is less rapid than was expected. There have been heavy gales at Timaru. The ship *Greene*, from San Francisco, the *Prince of Wales*, loaded with grain, and the *Ellerlie*, laden with coal, are reported wrecked. The *Ellerlie* was wrecked on Ninety Mile Beach, near Timaru. Honolulu.—The ship *Emerald*, from San Francisco, en route for San Francisco, to load guano, and thence to Honolulu, by the assistance of the crew of the U. S. steamer *Pennacola* the ship was towed to the wharf at noon, and the fire was supposed to be subdued, but it broke out again at four p.m., and she was scuttled by cannon shot and sunk alongside the wharf. The cause of the fire was unknown. The king and prince royal worked with the men in subduing the flames.

### San Francisco, 12.

A private letter received here to-day reports the outbreak of hostilities on this part of the Hoopa Indians on Klamath river; they shot and killed Raymond Carpenter, of the *Elmer* mine, and then surrounded the mine and forced the men to quit work. Word was sent to Camp Gaston, and a detachment of soldiers was sent to the mine. The Indians say the miners must leave, and the situation is critical, as the soldiers are not numerous enough to control them. A letter from the superintendent of the mine, dated before the outbreak, says that the Indians are prompt reformers.

### GREAT BRITAIN.

London, 12.—The *Pall Mall Gazette*, this p.m., says, "We have received the following from a specially informed correspondent:—"

"Honduras, 8.—Gen. Cabrera has left Barrer for Bagones de Bigorre, having abandoned his intention of going to Madrid. He has small arms, and is accompanied by Gen. Jovellana's operations against Dorragray. Apparently Dorragray has already escaped by an extraordinary march of fifty kilometers. The following has been received from the Bagones de Bigorre:—"

"The Carlist army now numbers 120,000 men, and more are expected daily."

Will not shoot again.—Discussion in the House of Commons—Chairmanship Accepted.

Gildersleeve has officially replied to an inquiry from the London agent of the Associated Press, that the Carlist army is not to be shot in another battle, match this side the Atlantic is final; he says the members of the team are now separated, and cannot be brought together, and for purposes before next week. Five or six of them would probably be regarded as individuals, to shoot at Wimbledon on Saturday, if the Carlist army is offered to all comers. He has written to Major Leech, tendering, through him, the thanks of the American team to the Lord Mayor and the committee and citizens of Dublin for the warm reception and zealous courtesies and attentions during their visit; thanks have also been sent to the Belfast committee.

In the House of Commons, this evening, Earl Derby, in reply to a question put by Lord Penzance, said that the German note to Belgium, of Feb. 26th, 1875, laid down certain international principles, which had no application to Great Britain, who was not asked to acquiesce therein, and the subjects of the controversy were not to be discussed. The words of the German dispatch, which had been quoted by the London agent of the Associated Press, did not contain any intimation that they did not intend to discuss the controversy.
