DISCOVERED MANY IMMIGRATION FRAUDS.
Mr. Broughton Brandenburg has been instrumental in discovering more than 1000 fraudulent immigrants in America. He has discovered the European practice of sending immigrants to America by fraudulent means. He has also made the most important discovery that it is easy for unscrupulous immigrants to pass our immigration laws by paying "a little money" to the right people.

JOHN
WEAVER Mayor of Philadelphia

A MAN OF THE HOUR.

With a tremendous municipal task before him, Mayor Weaver is just now very much in the public eye. He is facing the franchise and public utility question from a standpoint entirely different from the way in which the city councilmen of Philadelphia view the matter. The controversy as told in the dispatches is now in the courts, and is of the most bitter nature. Its outcome will be of interest among all of the big cities of the world.

WHAT OUR PIG IRON WOULD MAKE

The pig iron produced in the United States in one year would make a column twice the height and size of the Eiffel Tower. The iron and steel rails, if made into one rail, would be eighty-one feet wide at the base just as high, and a mile and a fifth long. The coke used in blast furnaces would form a column 164 feet square, 6,200 feet high, and the limestone used would make a column 200 feet square and 5,500 feet high.—Success Magazine.

ROCKEFELLERS ESTRANGED.

Rumor says that young John D. Rockefeller, upon his return from Europe, went to his father, the billionaire head of Standard Oil, and demanded a denial of the many charges made against that giant trust and that he did not get it. It is said Rockefeller, Junior, has always thought the stories told about Standard Oil were lies, until he read of the great future over his father's gifts, and then he decided to know the real conditions. It is said that the young man is intensely in earnest and that he may sever all relations with the trust and seek to have his father make someone else heir to his millions.

Acute Rheumatism.

Deep bending or wrenching pains, occasioned by getting wet through, worse when at rest or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Great Liniment. One bottle cured a case of Rheumatism, writes Mrs. J. C. Smith, Chicago, Ill., Feb. 16, 1905. "A year ago I was troubled with a pain in my back, it soon got so bad I could not stand. One bottle of Ballard's Great Liniment cured me."—25c. 50c. Sold by Z. C. M. I. Drug Dept.

THE LOSSES AT MURDEN.

We read the report that 200,000 men were killed and wounded on both sides in the battle of Murden without fully realizing what these awful figures mean. Here are a few aids to the imagination. Two hundred thousand casualties equal:

Three hundred Ironclad Theater disasters.
A hundred and fifty Slocum disasters.
Eighty Johnston floods.
Thirty Cleveland men, women and children of a city like Minneapolis.
The population of the States of Idaho and Nevada combined.
The entire Boer population, of both sexes and all ages, of the two South African republics which resisted the whole power of the British empire for over two years.—Collier's Weekly.

Three Physicians Treated Him Without Success.

W. L. Vane, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief, and three bottles cured me permanently. I gladly recommend this wonderful remedy." For sale by F. J. Hill Drug Co.

A GIFTED ROYAL AUTHORESS.

Princess Fedora of Sleswick-Holstein, the youngest sister of the German emperor, has recently published a volume of idylls with the title of "Der Wald" ("The Forest"). The work, although sent out under the pseudonym of F. Hugin, attracted so much attention that it will probably be accorded

THAT STILL, SMALL VOICE

Baltimore American.—The general announcement expressed over such a large sum as \$12,000 is not exactly complimentary to the public conception of the standard of honesty. It is true, there is general denunciation of all crooked work, or grafting of any kind, but the vehemence of this denunciation is more than equalled by the strength of the surprise that a man would only give up so much ill-gotten money when he had nothing to lose him to do so but his own conscience.

Have You a Cough?

A dose of Ballard's Horchound Syrup will relieve it. Have you a cold? A dose of Horchound Syrup will cure it. A dose of Horchound Syrup during the day will remove it. Try it for whooping cough, for asthma, for consumption, for bronchitis. Mrs. Joe McGrath, 227 E. 1st Street, Hutchinson, Kan., writes: "I have used Ballard's Horchound Syrup in my family for 5 years, and find it the best and most palatable medicine I ever used." 25c. 50c. Sold by Z. C. M. I. Drug Dept.

Ancient witchery was believed in by only a few but the true merit of Dr. Wirt's Witch Hazel Salve is known by every one who has used it for boils, sores, tetter, eczema and piles.

the distinction of an English translation. The book was so much admired by the German emperor that he had a beautiful edition of his prepared, and he has sent copies of it to all the royalties in Europe. It is illustrated by its talented author, and the drawings are remarkably good.

That Tired Feeling!

If you are languid, depressed and incapable for work, if you feel that your liver is out of order, if you have a nature to throw off headaches, rheumatism and ailments, and if you want to restore the energies and vitality of sound and perfect health, J. J. Hubbard, Temple, Texas, writes, March 22, 1905: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50 cents a bottle. Sold by Z. C. M. I. Drug Dept.
