A CASE of diphtheria was reported this morning from the residence of Mr. Lewis Abrams corner of Third West and First North streets, 16th , Ward. There are now five children , in the city afflicted with the disease.

THE appeal on motion for new tria in the case of the People vs. Thomas Tidwell and Joseph Anderson, found guilty of murder, was argued before the Territorial Supreme Court yesterday, and submitted.

THE Territorial Supreme Court held but a short session this morning, and adjourned until to-morrow. The suit of Urlah J. Wenner vs. Elias A. Smith, for \$1,200 salary as probate judge of Salt Lake County, an office which Wenner never acted in, was argued and submitted. In his answer to the comulaint Judge Smith states that he is a "Mormon." Of course the case will not go against him on that account!

The auditorium of the Police Court this afternoon bore a strong resemblance to a portion of the den under the Wasatch corner, in being filled with habitues of that infamous resort. The attraction was the trial of James E. Fitzgerald, the saloon proprietor, for assault and battery on David Cook. The prosecution made out a clear case against the defendant. The trial was not concluded when we went to press.

WHILE a gentleman was affixing his signature to a bond this morning as a surety for a "Mormon" arrested for cohabitation with his wives, the Commissioner asked the signer how many bonds he was now on, and was answered that a number of those he had been surety for were in the penitentiary. To this the Commissioner remarked, no doubt thinking to be funny, "They ought to change their bondsman, to get better luck." The "Mormons" expect no "better luck" while wicked, unscrupulous men have power to persecute an unpopular people because of their religion.

LOCAL NEWS.

Deputies in Tooele .- The ubiquitious deputies are evidently in Tooele County also, as we learn by special telegram to the NEWS that some members of Apostle F. M. Lyman's family at that place were to-day subpœnaed to appear before the grand jury next Tuesday.

Taken to the Asylum .- John P. Porter, of Porterville, Morgan County, towns, who has manifested signs of mental derangement for some time and who became violently insane after testifying in the sheep-stealing case lately tried at Ogden, has been removed to the Territorial Insane Asylum at Provo for treatment.

Unusually Favorable.-Ourfriends in Wasatch County are enjoying unasually favorable weather for this time of year and that locality. Up to the time when President Hatch left Heber City, which was on Sunday morning last, scarcely any snow had fallen-not enough to afford any sleighing-and stock of all kinds still did well on the range. Such a season in that valley is almost unprecedented. The cold wave seems to be spending its force in the east and south, and Utah generally thus

far has fortunately escaped its biting effects. Admitted to Bail .- A dispatch received from Nephi, Juab County, says that, from the evidence given yesterday at the examination of H. H. Pearson, who shot Forrest Greene, Pearson could not be held on a charge of murder in the first degree. Pearson's bail is fixed at \$1,000. Greene's friends do

not think that Pearson intended to kill him. Pearson is a young man from California interested with his brother in the cattle business, and own a ranch ou the Sevier River. Greene is a son of the late John Y. Greene, of Lehi, Utah.

The Wrong Name .- Among the Territorial items culled from our exchanges some days since the announcement was made that J. P. Larson, of Manti, had been convicted and fined for selling liquor without a license Though not personally responsible for the statement originally, it seems that in repeating it we did an injustice to the rest and the statement of a com-mittee to act with a similar one from the Council to arrange a regular hour for meeting each day in the future, the House adjourned until Wednesday at Manti, had been convicted and fined
