BRITISH DEFEATED AMERICAN SAILORS

In Tug-of-War Between Teams From the Respective Battlement Fleets.

THOUSANDS VISIT WARSHIPS

General Behavior of Uncle Sam's Men While Ashore Continues to be Most Exemplary.

Sydney, N. W. S., Aug. 25.—A Gymkhana was held at the Royal Agricultural society grounds today and the athletic events brought out a big crowd. The program began at 11 o'clock in the morning and the contests did not come to an end until after 4 o'clock this afternoon. In addition to the military and naval sports there were sheep-shearing, buck jumping and boomerang throwing contests, sheep dog trials, etc. The men enjoyed the day thoroughly. In the tug-of-war the team from the British warships defeated the American sailors. In the 300-yard foot race, Brown of the British cruiser Pioneer was first; Therry of the American battleship New Jersey second, and Swanson of the same vessel third. The Americans were victorious in one of the baseball games, the fleet team defeating New South Wales 4 to 3. In the other game the University of Sydney team defeated a team from the battleship Missouri, 8 to 0. There was a fight for the lightweight boxing championship of the fleet at Athletic hall in which Lynch of the battleship Ohio drew with Kelley of the Missouri in the eighth round.

In the course of the afternoon thousands of the people of Sydney visited the battleships and were shown over them by the officers and men. It rained hard all the afternoon but this was not sufficient to deter the excursionists.

This evening the city was illuminated as usual. The lord mayor of Sydney gave a reception to about 2,000 persons, including Lord Northcote, governor-general of Australia, and Lady Northcote, Admiral Sir Harry Rawson, governor of New South Wales and his wife; Vice-Admiral Sir Richard Poore, commander-in-chief of the British squadron in Australia, his wife and the senior officers of the fleet. The commonwealth tonight entertained about 2,000 American officers and sailors at theater parties.

FIVE REPORTED KILLED IN COLLAPSE OF HOUSE

Chelsea, Mass., Aug. 25.—Five persons are reported killed and many injured by the collapse of a three-story brick building occupied temporarily as a postoffice.

FIRE IN EAST OMAHA.

Omaha, Neb., Aug. 25.—Damage approximating \$100,000 was caused by a fire that started in the coat chutes of the Omaha wagon works at East Omaha. The loss to the wagon works company is \$75,000 and to the plant of the Omaha Saddle Tree company about \$25,000. The big plant of the Carter White Lead Works caught fire, but was saved with slight loss.

TENNIS CHAMPIONSHIP.

Surprise of Day Was Defeat of W. J. Clothier by F. B. Alexander.

Newport, R. I., Aug. 25.—Four of the leading tennis players of the country were drawn for the semi-finals in the all-comers' tournament for the national championship at the Casino today and the best sport of the year was seen by an unusually large crowd. In the two semi-final matches had paired F. B. Alexander of New York, against W. J. Clothier of Philadelphia, and Nat. C. Emerson of Philadelphia, against Beale C. Wright of Boston. A very keen contest was anticipated between the New York and Philadelphia players, but it was expected that Wright would defeat Clothier.

F. B. Alexander of New York and B. C. Wright of Boston, won their

matches in the semi-finals of the all-comers' national tennis tournament today, and will meet in the finals tomorrow.

Alexander defeated former Champion W. J. Clothier of Philadelphia three sets to love, the scores being 7-5, 7-5, 6-4, while Wright put out Nat. Emerson of Chicago three sets to one in scores of 6-2, 4-6, 7-5, 6-3.

The defeat of Clothier was the surprise of the tournament.

MRS. HOWARD GOULD SUES FOR FIFTY THOUSAND

New York, Aug. 25.—It was learned today that Mrs. Howard Gould has brought suit for \$50,000 against Frank A. McLaughlin, a Fifth avenue tradesman, who she alleges through a process server injured her to that extent. Failing to collect a bill from Mrs. Gould for various articles he had made for her, McLaughlin began suit to recover the amount he said was due him. On July 3 last the process server attempted to serve a summons on Mrs. Gould, and in her complaint Mrs. Gould alleges that she was badly injured and her husband insulted her, as a result, she says she sustained severe nervous shock to the extent of the damages in the suit.

EMPLOYMENT FOR 2,000 MEN.

Clarksburg, W. Va., Aug. 25.—About 2,000 men were given employment today at the mills of the Cherry River Boom and Lumber Co., located at Richwood near here. Orders for millions of feet of lumber have been received recently.

KILLED HIS SON-IN-LAW.

Allison, Okla., Aug. 25.—C. H. Watson shot and killed his son-in-law, Elijah Crabtree, here late yesterday. Crabtree had eloped with Watson's daughter and domestic troubles resulted in the shooting.

A. O. BROWN & CO. SUSPEND.

One of Largest Brokerage Houses in City of New York.

New York, Aug. 25.—A. O. Brown & Co., one of the largest brokerage houses in this city, announced their suspension on the stock exchange this afternoon. The suspension of the firm in the remarkable stock market of last Saturday has been under investigation by the authorities of the stock exchange and today it was announced that transactions had been made for the firm's account under the rule which provides that where a firm is unable to deliver stock sold to another broker the purchaser may buy in the stock at the expense of the firm failing to make the delivery.

Chicago, Aug. 25.—At 1:45 o'clock this afternoon, half an hour before the close of the session of the board of trade, the Chicago stock market was closed with A. O. Brown & Co., whose failure was announced in New York today. The notice of the suspension was not apparent in the trend of prices. A. O. Brown & Co. have a Chicago office at 15 Adams street and a branch of this office at 9 Jackson Boulevard.

D. W. Noel has been named as assignee for A. O. Brown & Co. No statement of assets and liabilities is available as yet but it is presumed the figures will be very large as the firm is generally supposed to have had a heavy interest in the market. A representative of the firm of A. O. Brown gave out this statement:

"The affairs of the firm are badly tangled and it was felt necessary to suspend in order to straighten them out." The effect of the suspension upon the stock market was not so violent as anticipated by those who knew how large an amount of stocks A. O. Brown & Co. owed to other firms. The volume of trading increased rapidly but prices vacillated and there was no general movement in either direction. Houses to whom the suspended firm had failed to deliver stocks sold were left short of stocks to fill their own contracts and the buying in of such stocks to satisfy their contracts ordinarily would cause an advance in prices. In this case there was apparently considerable selling of stocks because of the unusual occurrences of the past few days and the uncertainty as to who might be involved in the suspension.

At the height of the boom markets of several years ago, A. O. Brown & Co. had been one of the largest brokerage houses in the city. There were five branch offices in this city and many others throughout the country, but after the panic last fall, many of the out-of-town branches were closed. At the present time, however, the firm had offices in Buffalo, Chicago, Cleveland, Detroit, Erie, Utica and Toronto and Patterson, N. J. The firm was organized in 1922. Its members are A. O. Brown, G. Lee Stout, E. F. Buchanan, Samuel C. Brown and W. B. Whitman.

READINGS FOR THE BLIND.

Mrs. Rowan, wife of Maj. Andrew Rowan, Fifteenth infantry, the man who carried the message to Garfield, will commence a series of readings for the blind at the Packard library on the first Monday in September. The readings will be given every Monday, Wednesday and Friday from 1:30 to 2:30 p. m. throughout the winter.

STAGE HOLDUP IN WYOMING

One Running Between Cody and Meeteetse Robbed by Lone Highwayman.

GOT FROM PASSENGERS \$1,500

Union Pacific Has Again Placed Extra Guards on Overland Trains For Protection.

Helena, Mont., Aug. 25.—A special to the Record from Cody, Wyo., states that the stage running between that place and Meeteetse, Wyo., was held up today by a robber and passengers mulcted to the extent of \$1,500. Because of the distance separating the places, this robbery has no connection with the Yellowstone park affair.

GUARDS ON U. P. TRAINS.

Omaha, Aug. 25.—The Union Pacific has again placed extra guards on its overland trains for their protection in the event of attempted hold-ups. Several reports of train robberies in the Denver & Rio Grande territory for this precaution. Special Agent W. A. Wanda has just returned from a trip over the system supervising the organization of a special detail of guards.

UNITED STATES SAYS GOULD IS AVARICIOUS

(Special to the "News.")

Washington, D. C., Aug. 25.—A complaint was made public today by the interstate commerce commission. The official title of the complaint is, "The United States of America against the Denver & Rio Grande Railroad company, defendant."

The complainant (the United States) is and was at the time engaged in certain irrigation works known as the Strawberry valley project. During the progress of the construction work upon the Strawberry project it became apparent that large quantities of material would be required for delivery at the site of work. The nearest regular siding for delivery upon the trackage of the defendant company was located at Thistle Junction, Utah. A haul of

considerable length would have been required to transport, by wagon, materials required in this work to the nearest available point of storage upon the property controlled by the United States. After mutual representations between the United States and the Denver & Rio Grande, it was formally agreed that the United States should do sufficient grading at a point near mile post No. 670 upon trackage of the defendant for construction of a siding for delivery of carload shipments. The necessary grading was done by the Denver & Rio Grande and was laid by the Denver & Rio Grande. The siding constructed is known as the Diamond Switch.

Shortly after the completion of the siding a local stone company was permitted by the Denver & Rio Grande to erect a derrick at the site of the siding, materially interfering with the prompt delivery of materials required for work on the Strawberry project. During the months of July and August, 1907, considerable quantities of Portland cement were consigned to the United States at Diamond Switch. Upon their arrival at Diamond Switch the siding at that point was found occupied by a stone company and the United States consignments were taken to the next siding—Thistle Junction—and there awaited pleasure of the stone company. Action has been presented by the defendants to complainants for the payment of \$440 representing demurrage charges for detention of these cars in excess of the free time allowed by rules governing movement and custody of cars upon the tracks of the defendant. The complainant presents that charges assessed are excessive and unjust and enters a dignified and formal protest.

MAYOR NOT EXCLUSIVE.

Would Have Four Blocks Included in Resurfacing Project.

Mayor John S. Bransford said today that there is no intention on his part to limit the resurfacing of Main street to the blocks included between First and Fourth streets. On the contrary, he maintained, it is desirable that the block between South Temple and First South be included, and to that end he will use his utmost endeavor. A petition being circulated by him was made to cover only the district first indicated for the reason only that property owners down that way were more inclined to the proposed improvement than were their neighbors farther up the street. He was in hopes, he said, that taxpayers along the entire four blocks would fall in with the movement before any work should be undertaken.

Several people who oppose the proposition of resurfacing when the subject was first mooted are now of a contrary mind. Declared the executive. Some of these persons, while perhaps not joining in a petition favorable to the improvement, will not support a counter movement.

LATE LOCALS.

Grass Fire Alarm.—The fire apparatus from station No. 5 was called out this morning to Fifteenth East and Eleventh South in answer to an alarm. The blaze proved to be a grass fire, which was quickly extinguished.

Chicken Coop Raided.—William Showaker, residing at 830 Fourth East street, reported this morning that six valuable chickens were stolen from his coop last night.

PERSONALS.

Mrs. P. J. Leimbach of Hutchinson, Kans., is visiting for two weeks with Mrs. H. P. Myton of this city.

Assistant Secretary F. B. Terberry of the Commercial club is on a week's vacation to the Bear River country.

Mr. Christensen of the Christensen Ship Co. leaves today for the east on a business trip extending over 30 days.

Jesse Earl, one of the publishers of the Logan Journal, is in town today on business. He says the people of Logan are looking forward to the "boosters" from the capital on Sept. 7.

John A. Marshall of the local federal courts will be home about the middle of next month, according to word received from Germany where the judge has been summering.

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills. Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.

PATENT BUREAU, THE DESERET NEWS, Salt Lake City.
