## AFFAIRS OF WEBER COUNTY

Law Passed by Recent Legislature at Instance of Weber Special Committee.

Sentences of Bass and Reese Postponed—Council Session—May Consolidate School Districts.

At the meeting of the board of county commissioners, the special committee on legislation, composed of Commissioner Stanford and Clerk Hollingsworth, submitted a lengthy report on their work with the last Legislature. The report advised the board of a code of poor laws which were prepared by the committee, and passed by the Legislature, providing for the appointment of a poor commissioner with power to care for and provide for the poor of the county; and according to the report the law creates a poor fund into which all monies derived from taxes levied for that purpose will go, and be used for caring for the indigent. The law also provides that the burden of caring for the poor of the county shall rest upon the county, and the transient poor shall also receive certain aid from the county, and if they die in the county, shall be buried at the county's expense. This new law will be greatly appreciated by the public as it does away with the contentions that have existed in the past between the city and county as to which should care for the transient poor, now making the county responsible for all indigent persons whether residents or transients.

In accordance with this new law the board has appointed the standing committee on poor, and created the office of poor commissioner, appointing Chairman Joseph Stanford to the position, and in the future during his term of office he will have full charge of the poor of the county. The salary law is also amended. It now provides that deputies may receive a compensation not to exceed \$3 per day. The report further states that through the efforts of the special committee, the Legislature passed a law, providing that any common carrier, such as railroads, etc., who brings from any county to another passengers, insane persons, sick persons or any one who may become a burden to the county, that the said carrier shall be liable to a heavy fine.

The committee also reported that it had succeeded in being influential in securing an appropriation of \$1,000 for the improvement of roads on the Sand River running from Riverside to the lower line of Davis county, also of \$1,000 for the improvement of the roads in the mountains in Weber county east of Ogden valley.

The board appointed George D. Foulk as justice of the peace of Plain City, and H. W. Stake, constable of Wilson precinct.

Fish and Game Warden Grow reported to the commissioners that he had very conclusive evidence, against certain individuals, that they had been shooting the fish in Ogden river, and had applied to the county attorney for a search warrant, so that he could search the waters where he had evidence he could find some of the fish. He said the county attorney had refused to issue the warrant. The county attorney being present, stated that he did not consider Mr. Grow had evidence sufficient against the parties to justify the issuance of the warrant. Mr. Grow was very indignant over the refusal of the county attorney to issue the warrant, as he said he was positive he would find the fish in the house.

Commissioner Wilson reported that he had received 20 cans of eastern brook trout fry, which had been planted in Ogden river and tributaries. V. G. Simpson and 76 others petitioned for the opening of a road from Hooper to Salt Creek. Referred to Commissioner Foulk. Other routine business was transacted and the board adjourned for one week.

## SENTENCES POSTPONED.

Harvey Bass and William Reese, the convicted murderers of J. Fred McCube, were not sentenced yesterday as it was reported they would be and the date of sentence was postponed until May 5, and as the office of district attorney has not been filled, the arguments on motion of a new trial, were continued until that date. The prisoners were present in court, having been brought from the state prison by sheriff Bailey, but they were returned to that institution today by the sheriff, until May 5. Before leaving for Salt Lake they each took an oath of impecuniosity, so that the evidence in the case may be transcribed at the state expense, to be used in the motion for a new trial.

## GRANTED A DIVORCE.

The case of Mary J. Schrieber against Fred Schrieber, suit for divorce was heard by Judge Rolapp, and a decree of divorce granted plaintiff. She was also given a permanent alimony of \$200 and \$75 attorney's fees.

The date of hearing in the case of Giesmann against Condon was continued to May 5, 1903.

In the case of A. A. Steed vs. Giesmann, et al, the court ordered that the order to show cause may be continued and determined on the final hearing of the case.

Donk Kaldewyn, a native of Holland, was admitted to citizenship.

## MAY CONSOLIDATE SCHOOL DISTRICTS.

A meeting of the trustees of the public schools of Weber county is called for Saturday morning at 11 o'clock, for the purpose of considering the proposition of increasing the tax levy for the purpose of raising funds with which to purchase new text books for the students of the schools, as provided by the new school law. It has been estimated by Superintendent Wilson that the buying of these new text books will cost the county \$2 per capita or about \$6,000 for the entire district.

At the meeting of the board of county commissioners, the special committee on legislation, composed of Commissioner Stanford and Clerk Hollingsworth, submitted a lengthy report on their work with the last Legislature. The report advised the board of a code of poor laws which were prepared by the committee, and passed by the Legislature, providing for the appointment of a poor commissioner with power to care for and provide for the poor of the county; and according to the report the law creates a poor fund into which all monies derived from taxes levied for that purpose will go, and be used for caring for the indigent. ## CENTERFIELD.

Y. M. M. I. A. Season Closes—Schools Uninterrupted—Late Spring.

Centerfield, Sanpete Co., April 6.—Owing to the lateness of spring the farmers have not got much of their crop in. The outlook for plenty of water is good, but the reports of there being many grasshopper eggs is discouraging.

Our schools and other gatherings have run uninterruptedly this season, the first time for four years. Schools will close April 24.

Three deaths have occurred here the last week which have cast a gloom over our community. Mr. and Mrs. Chris Thompson, the loss of one of their two babies, born on the 24th of last August. The boy died on the 27th of last August from a cold on the lungs. They took the remains to Ephraim, their former home, for burial.

Sten Johnsen, a native of Denmark, died March 28, after long suffering. He was born in Lillimor, Aarhus Amt, Denmark, May 16, 1831. Emigrated to the United States in 1867, settling in Centerfield, Sanpete county. Afterward moved to Gunnison, where he resided 23 years, and came to Centerfield three years ago. She was highly respected and was a teacher in the Relief society, both here and at Gunnison. She provided a good home for the Elders while in her native land. Two sons and a daughter, two sons and a daughter preceded her to the beyond.

At Axel Centerfield, a son, John Wilford, son of John A. and Stava Bonny Johnson, died at their home Thursday, April 2. Deceased would have been 17 years old the 21st of August next. His mother died when he was but 10 years old. He was a very lovable boy of kind disposition and his mother, Annie Olsen Johnson, has done much to make him a desirable place for him and his surviving sister.

## SANDY.

Shocking Fatality. Oliver Peterson Falls and Breaks His Neck in Bingham Smelter.

Sandy, Salt Lake Co., April 6.—A shocking accident occurred at the Bingham smelter shortly before noon today. While carrying a plank across an improvised walk over an ore bin, which he was unloading, Oliver Peterson, of this place, fell into the bin and broke his neck.

Deceased was about 45 years old and leaves a wife and large family.

## VERNAL.

Another Pioneer Gone. Richard Murray Lays Down Life's Burden at 65.

Vernal, Utah Co., March 25.—Funeral services were held yesterday over the remains of Richard Murray, at his residence in Mill ward.

Richard Murray was a Utah pioneer and was held in high esteem by those who knew him. He was born in the state of Michigan in 1838, and came to Utah with his parents in 1852, the family first settling at Kayville. In 1858 he was one of a party that volunteered to rescue a number of whites who were besieged by Indians at Lehi, Montana. They traveled about 500 miles in mid winter, through a hostile country and relieved the besieged. Deceased resided from Kayville to Spanish Fork in 1858, and participated in the Indian wars of those trying times, and was ever ready to volunteer in defense of his country's homes and firesides. He came to Vernal county, Utah, in 1857. He left two wives and 15 children, one brother, J. H. Murray, a resident of Mill ward, and one sister Elizabeth Mox, of Plain City, Weber Co., Utah, and numerous relations to respect his memory.

The speakers at the funeral services were Bishop R. D. Colton, J. D. Davis, James Hacking and Warren Johnson, who paid fitting tributes to the noble life and character of the deceased. The pall bearers were Madison Thomas, J. D. Davis, Al Holton Sr., Al Thompson, Charles Atwood and Andrew Dudley Sr., his old comrades who had served and shared with him in all the dangers, hardships and privations incident to Indian warfare in the early days of Utah.

## CEDAR CITY.

Home Dramatics—Pushing Water-works Project—Stock Doing Well.

Cedar City, Iron Co., April 2.—Carl Erick Hallman, a highly esteemed citizen of this place, died somewhat unexpectedly yesterday. Deceased had been ill recently and while feeling poorly contracted a severe attack of grip, which caused his death. Deceased was a native of Sweden and was born in the town of Askaria, Sweden, in 1837. He left his native land for Utah in the year 1858 and with a family of two sons and a daughter located here. He was an honorable and industrious citizen, modest and unassuming in his manner, and faithful to the cause he espoused.

We were favored yesterday with a beautiful snowstorm. Some grain has been planted and the moisture just fall-

age in protecting his land from overflow of the Provo river; referred to Commissioner Dunn.

James Chipman and others were granted a franchise to construct and maintain a toll road in American Fork canyon for fifty years. The incorporators are authorized to charge the following toll rates:

Two-horse vehicle, 50c; one-horse vehicle, 40c; four-horse vehicle, 75c; cattle and horses, 10 cents each; sheep, cattle, etc., five cents each.

Pleasant View precinct north of Provo, was established by resolution, with John W. Brown, justice of the peace, and Made Jorgensen, constable.

Thomas Hill was appointed justice of the peace for Lake Shore.

## COUNTY FINANCES.

The county treasurer reported the following amounts on hand in the funds named:

General fund, \$2,490.00; Jailors and witnesses, \$16.10; County school, \$672.33; Superintendent's contingent, \$1,254.50.

Pees collected for March were reported in the following amounts:

Treasurer, \$4.50; Sheriff, \$3.40; Recorder, \$31.19; Auditor, \$356.45; Attorney, \$17.35.

## MUCH RAIN IN UTAH'S DIXIE.

Great Benefit to Granger Interests—Reported Case of Smallpox.

Special Correspondence. Bloomington, Washington Co., April 2.—We have had the wettest winter and spring in Utah's Dixie that we have had for many years, and there is much snow piled up in the mountains. It rained on the night of the 28th, 29th, 31st of March, and also rained nearly all night last night. The few warm days we had melted the snow near the mountains and the Santa Clara and Rio Virgin are booming; the Rio Virgin being dangerous to cross. The rains, generally, have been mild so that the water has gone into the ground, and not brought floods down, making it much more valuable to our ranges.

It is reported that there is a case of smallpox in the county, and that the place has been quarantined.

## ANOTHER UTAH PIONEER GONE.

Mrs. Augusta Cleveland Smith Closes Useful Career.

Special Correspondence. Hayden, Fremont Co., Idaho, March 24.—We have been called upon to mourn the loss of an old and useful pioneer, Sister Augusta Cleveland Smith, wife of John Smith, who died at the residence of her son, Don G. A. Smith, March 25, surrounded by her sons and daughters. She had been very ill most of the winter, and her demise was not unexpected.

Sister A. B. Smith was born in Cincinnati, Hamilton county, Ohio, Dec. 7, 1828. Early in life her lot was cast with the Saints by her mother, Sarah M. Cleveland, joining the Church. She passed through all the trials incident to the persecutions at Nauvoo, and the crossing of the plains, and was with those who arrived in Salt Lake City in September, 1847, and has always been a faithful Latter-day Saint. She was married in Nauvoo to John Smith, July 9, 1845, by his father, John Smith, and bade good bye to those she loved, her parents and friends, and said to say, that farewell was final, so far as this life is concerned. She never saw them again. She was the mother of seven children, six of them living at the present time, namely, Augusta B. Lambert, Levan, Utah; Sarah M. Webb, Oakley, Idaho; John L. Smith, of Hayden, Ida.; Lettie B. Carter, of George, Utah; and Sophronia A. Peterson, of Driggs, Idaho. She leaves also 25 grandchildren and 15 great-grandchildren to revere her memory.

## BURLINGTON, WYOMING.

## HOMEMAKING OPPORTUNITIES.

Great Possibilities of the Big Horn Country—From Grey-Bull District.

Special Correspondence. Burlington, Bingham Co., Wyo., March 26.—This place is located in the valley of the Grey Bull river, a tributary of the Big Horn. The valley lies east and west, with the stream on the south side next the hills, while the town and the ranches are on the north side of the valley. The ranches are on all sides of it. In settling the country the pioneers located on their ranches and it is difficult for them to get them to locate on a town site. It is plainly evident the "Mormon" people, being here, have a decided leadership or a directing and controlling influence that would have led them to a greater unity of effort and would have produced better results. The first location of the colony was further strengthened by the fact that the first location of the people were all poor, not united in fully organized, and progress was slow. It was some time before the Church organization was effected. The Church organization did not get into a good working order until after Elder A. O. Woodruff's visit and the bringing of the colonies that were located in Lovely, Lovell, and Ely. Since then progress has been more rapid.

Last year the water in the Grey Bull ran short so that the people here were short of hay. The government is about to establish a reservoir on the head waters of the Grey Bull, which will do away with the scarcity of water and prevent the loss of crops. The soil yields well when properly cultivated, producing three good crops of alfalfa in a season, and afterwards good pasturing. The farmers have not given much attention to the raising of stock, though a fair yield has been produced. Tomatoes and melons are raised in abundance. This is a very dry climate and there is seldom any snow here in the valley, so that all crops have to be produced by irrigation. This season the ground will be too dry to irrigate before it is plowed. The streams here in the high mountains on the backbone of the continent, and get their greatest volume of water from the melting of the snow on the high mountains.

To the east of Burlington is Germania, located on a rich bench land, a beautiful piece of country, it is a good example of present water to develop. The efforts here were the first settlers here and made a heroic effort to get the water out. W. H. Eckert was the first settler here, and he is now the pastor of the Lutheran church in the town of Germania.

The present Bishop of Burlington ward is the present Bishop of Burlington ward. He is a native of the town of Germania, and has been here since 1880. He is a very successful farmer and has a large stock of cattle and horses. He is a very successful farmer and has a large stock of cattle and horses. ## HOME DRAMATICS.

Monday and Tuesday evening last our people were favored by the Parowan Dramatic company, who presented to crowded houses the dramas, "My Partner" and "A Woman's Honor," the company acquitting itself very creditably, and making a decided hit with our citizens here. The Cedar City Dramatic company visited Parowan last week and presented before the citizens of that place the drama entitled, "Beyond Pardon." The play was well received, and the company was greeted with a crowded house.

Mr. LeProhon of Salt Lake City is engaged making the preliminary surveys for our water system. It is the intention of our city fathers to push the work to speedily completion.

Cattle and sheep have pulled through the long and severe winter very well and but little loss is reported in this region.

In the developing of their numerous iron claims in the vicinity of Iron Mountain and Iron Springs, the Colorado Fuel and Iron company has furnished our citizens with employment, which has proved a great blessing.
