

DESERET EVENING NEWS

NOTICE.

ADVERTISERS and the public interested, are notified that commencing June 21, the "News" will be delivered slightly by mounted carrier in the district on the west bank of the Jordan south of South Temple street, and including Poplar Grove and Fifteenth West street.

TODAY'S WEATHER REPORT

(Observations taken at 6 a.m.)

Salt Lake City—Barometer, 25.42; current temperature, 62; maximum temperature, 73; minimum temperature, 60; mean temperature, 70, which is 5 deg. below normal.

Accumulated deficiency of temperature since first of the month, 4x.

Accumulated excess of temperature since January 1st, 71%.

Accumulated excess of precipitation since first of the month, 16 inch.

Accumulated deficiency of precipitation since January 1st, 8 inches.

FORECASTS TILL 6 P. M. SATURDAY.

Local forecast for Salt Lake City and vicinity:

Fair tonight and Saturday; slight changes in temperature.

Utah—Forecast made at San Francisco:

Fair tonight and Saturday.

WEATHER CONDITIONS.

An unusually deep storm is central over Manitoba. The barometer reading 29.20 indicates a violent gale. The crest of an area of high pressure covers Washington and Oregon, and the crest of a second "high" lies over the middle Gulf States. Rain has been general again over the country between the Rocky Mountains and the Mississippi river and along the Washington and Oregon coast; Moorhead reports 1.12, and Winona 1.16 inches. Temperature conditions remain practically unchanged.

L. H. MUENCH,
Section Director.

LOCAL BRIEFS.

The "News" received today a check from the citizens of Kanosh for \$41.25, representing the amount collected by them for the benefit of the Seagull sufferers.

J. Fred Daynes, a member of the firm of John Daynes & Sons, sailed from Liverpool yesterday on his return from a mission in England. After visiting New York and Chicago Elder Daynes will arrive home about July 23.

San Francisco papers announce that all the Salvation Army people about the bay of San Francisco celebrated the Fourth of July in honor of Adj't. and Mrs. Crawford, who were recently transferred from this city to Oakland to take charge of the local corps.

Little Carl Horton, but two years of age, and the son of F. E. Horton, lineman of the Western Union, broke his left forearm yesterday by falling from the porch of his home on Jefferson Avenue. Dr. Plummer set the fractured member.

President Snow is now enjoying a complete cure from pain. He passed the most restful night last night since his illness, and now only awaits the recovery of his old time strength. After his carriage ride last evening he was unable to walk unassisted from the conveyance to the house.

The friends of Mrs. Florence Woodbury Hodges of Beaver will be pleased to learn that the lady is rapidly recovering from the attack of appendicitis operation performed at the Keeler Hospital in this city yesterday. Her condition for a time was regarded as being very critical, but her complete recovery is now confidently anticipated.

Miss Jessie Clark of Salt Lake was married to Mr. J. D. Lovsey, a former Salt Lake, at Pocatello, Idaho, on Monday, at the home of her aunt. Mr. Lovsey is now barge master on the Green River and Huntington division of the Oregon Short Line railway. Mr. and Mrs. Lovsey will reside at Huntington.

The friends of Captain J. Wash Young will be pleased to learn that he was successful in his effort to secure the appointment of local manager for Armour & Company's business in Utah. The captain is known as one of the most genial and active trade hustlers in the business. This is a fact his employers will soon discover.

John T. Caine and Arthur E. Pratt have received their certificates of appointment as special census agents for Salt Lake City, the appointment having been made by Director of the Census Merriman. Their duties will be the collecting of statistics pertaining to the manufacturing interests of the city. The work of enumerating is now finished in Utah, although no figures will be given out for some time yet.

The first electric carriage to be brought to Salt Lake was shown on the street yesterday afternoon by representatives of the new Electric Vehicle company recently incorporated here. The wheels are of wood and the tires of solid rubber. And so far as size and shape are concerned it closely resembles the automobiles owned by the Silver brothers, though apparently somewhat heavier and stronger.

SMALLPOX AND CHICKEN-POX.

The reported case of "smallpox" at Draper has turned out to be a case of chicken-pox. The "smallpox" case at Riverton is convalescent.

A case of "smallpox" was reported to the health office, the victim being Carrie Lawson, a sixteen-year-old girl residing on Pitt street, near Sixth West and Third South streets. The patient will not be removed to the pest house, but will be cared for at the residence.

SITE FOR THE BIG SMELTER PLANT

Deeds Conveying 100 Acres of Land in Murray Filed for Record.

TO COST A MILLION DOLLARS

Total Amount of Consideration is \$27,975—Names of the Grantors, Etc.

At a late hour yesterday afternoon there was filed with the county recorder seventeen warranty deeds conveying about 100 acres of land in the southern part of the Murray township, which, with the old Germania property, is to form the site of the big smelter to be erected by the American Smelting and Refining Company at a cost of \$1,000,000. The total consideration expressed in the deeds was \$7,975.

Each document contains a clause which recites that the land together with the water rights, easements and appurtenances conveyed, is situated in either section 7 or section 12, township 2 south, range 1 east, and that the land is situated within the natural boundaries of which Little Cottonwood creek and the north State road on the east, the county road on the south and the right-of-way of the Oregon Short Line railroad on the west.

The ground lies directly south of the town of Murray. The names of the grantors and the amounts each received as consideration are as follows: John Wood, \$1,575; John Berger, \$3,500; Hyrum Williams, \$3,000; Ann B. Unricht, \$1,500; Martha Ann Ferrusson, \$1,000; Charlotte A. Malloy, \$1,000; Anna U. Clark, \$1,000; William T. Larson, \$1,000; Esther L. Scott, \$1,000; James H. Chamberlain, \$500; Elias Morris & Sons company, \$500; Amelia George, \$500; Peter Peterson, \$500; Louisa Berger, \$500; total, \$27,975.

It was stated by Manager T. R. Jones today that the company's surveyors will begin to run their lines at once. This done the breaking of ground for the great plant will be made. It is believed that within a year the smelter will be in full working order.

There was great rejoicing among the citizens of Murray today over the fact that their little town is to have a smelting plant which will be second to none in the world.

For heaven's sake, spend only 60 cents a day on 4 per cent interest per annum on \$1 or thousands. Zion's Savings Bank and Trust company, Lorenzo Snow, president; George M. Cannon, cashier.

Try the new Clear Creek Coal, Lump Nut and Slack. D. J. Sharp, Agent, 73 So. Main.

COUNCILMEN HOLD CAUCUS

Republican Members Meet and Talk Over City Affairs.

Effort to Make Certain Heads of Departments Reduce Their Budgeting Expenses.

The Republican members of the city council met in caucus last evening and indulged in an informal talk over matters pertaining to the city. Owing to the absence of Councilman Beatty, Cannon and Gemmill no action was taken. Five heads of departments had been invited to be present. Only three, however, responded, and they were City Engineer Kelsey, Superintendent of Waterworks Hines and Health Commissioner King. The absentees were Street Supervisor Condie and Land and Water Commissioner.

Recently the Republicans adopted the rule, it is stated, was called for the purpose of conferring with the heads of departments, in order to find out if something could not be done towards reducing the present running expenses. Some of the Republicans claim that a few heads of departments ignore the council altogether, and say the reason they have not been able to do so was because of a lack of unity among those representing the majority.

One of the matters discussed was the drawing up of a suitable address to the voters on the bonding proposition. It was suggested that five property owners be chosen and in conjunction with the council election committee. Several names were mentioned among whom W. S. McCormick, C. W. Penrose, E. Dooley and W. H. Dale.

One thing that will be necessary is a statement from the auditor showing the assets and liabilities of the city in order that the bond buyers, in case the issue is voted, may know the true condition of affairs. It is quite likely Mr. Reiser will be given the assistance of an expert accountant to aid him in getting out the statement.

Regarding the proposition to erect a pump to utilize the water from the flowing well in Liberty Park, City Engineer Kelsey gave it as his opinion the plan was not a good one. The flow from the wells, Mr. Kelsey said, do not exceed 1,500,000 gallons a day, and to successfully operate a pumping system would have to be remodeled so that this would mean a large outlay of money. The water, he said, which fed the wells was mostly surface water, much of it from the percolation of irrigation water, and unfit for culinary purposes.

Twenty-one NEW CITIZENS

Large Number Admitted by Deputy Clerk Blair Today.

Twenty-one persons were admitted to citizenship by Clerk Blair today. Their name and nativity are as follows: Neil A. Anderson, Peter A. Peterson, John A. Matson, G. H. Thoren, Peter W. Ekstrom, Joseph Larsen, Erick W. Erickson, Nels P. Gudmundsen, natives of Sweden; Gideon M. Mansfield, Emily G. Beckstead, Merle J. Holt, Albert Beckstrand, Christian Z. L. Morck, natives of Norway; Alma J. Hemmingsen, Christine Hemmingsen, Jens S. Hansen, Soren F. Nielsen, natives of Denmark; Samuel May, a native of Scotland.
