

THIRD ANNUAL REAL ESTATE DAY

Lived up to Reputation Yesterday as a Record-Breaker.

ATTENDANCE WAS 13,500.

Does Not Represent Number of Tickets Sold—Result of Prize Drawing—Occasion a Big Success.

The third annual Real Estate day at Salt Lake lived up to its reputation as a record-breaker yesterday. Taken all in all 13,500 people passed the gates. Had the day been devoid of showers and cool breezes undoubtedly the 20,000 mark would have been reached. As it was the number of people at the beach did not represent the total tickets sold for many purchased pastebords with the more object in view of securing one or more of the 200 prizes offered.

The early trains in the afternoon were comparatively light, but towards evening it became a battle royal to board the cars outward bound. Coming home it was the same story, and it was after 1:30 before the last train reached Salt Lake. Most of the trains were composed of 14 and 16 coaches, and one and all were packed to the limit. The streets towards evening also were swamped and hundreds walked from Main street to the train in consequence. Families went out in the afternoon and returned early; the people without innumerable went out in the evening and stayed late. The big event of the day the drawing for prizes, occurred at 10:45 and it was after midnight before it was concluded. Ex-Gov. Heber M. Wells acted as chairman of the supervising committee, which was composed of members of the press of Salt Lake, who were present at the drawing. Messrs. Tuttle, Perkins and other members of the Real Estate association were the official members of the company which were deposited in a large wheel. The actual drawing was performed by little Ella Zackerson, 155 C street, who was blindfolded during the proceeding.

In every way the occasion was a success. All of the concessions at the resort did the biggest business of the season. Crowds stormed the scenic railway, the old mill, the merry-go-round and other features. Despite the coldness of the day a couple of hundred enthusiasts even went as far as to take a dip in the lake.

One of the features of the afternoon was the high dive of C. A. Biggins, who dropped 90 feet into a small tank and then proceeded to give his human fish set in a glass tank, where he ate, smoked, played cards and performed other feats under water.
