

TERRIBLE TALE OF CANNIBALISM.

Inhabitants of St. Matthias Islands
Devour Germans.

ATTACKED THEM UNAWARES

Had Seemingly Been Very Friendly,
But Were Treacherous—Twelve
Fell Victims.

Berlin, June 6.—The Tageblatt prints special correspondence from New Guinea containing a full account of the massacre of the members of the first German South Sea expedition on the cannibal islands of St. Matthias. They were all killed and eaten, save a Dr. Heinrich.

The Colonial Zeitsung, the official organ of the German colonial society, furnishes details of the massacre. It seems that the vessel, which carried the expedition to the island of St. Matthias, left after a few days for Herberthof, New Britain, to get coal and fresh supplies. During its absence the savages, who had hitherto appeared friendly, though known to be cannibals, planned to kill and eat the diminished party.

The plot was carried out one morning while the members of the expedition, who had a body guard of forty natives, were cleaning their rifles, which they had taken apart.

Suddenly eighty of the islanders broke from the bushes, raising fierce war cries and brandishing spears, with which they stabbed to death the leader of the party, Dr. Mencken, his secretary, Herr Cato, and a white sailor who was asleep under a tree.

Dr. Heinrich, amidst his revolver in his hands, while the body guard, who had meantime retired to the beach with the wounded and Dr. Heinrich, leaving twelve dead. The boats put off to an island not far distant from the scene of the massacre, where the expedition's survivors rescued the bodies that had been devoured and the camp absolutely looted.

BELGIAN INDEPENDENCE.

Is Guaranteed in a Special Treaty Between
Belgium and Five Powers.

Territory Is to be Preserved Inviolable
and Not to Serve as a Battle-
ground.

Brussels, June 6.—In the senate today the Belgian minister, M. Favereau, in reply to a question, said: "The guarantee of the new treaty of Belgium in the special treaty between Belgium and the five guaranteeing powers. The independence, integrity and inviolability of Belgian territory are guaranteed, having a view to prevent Belgium from serving as a battlefield for European nations. We must, therefore, repel invasion from whatever side it may come."

After analyzing the various treaties and protocols, M. Favereau said: "It is indisputable that the guaranteeing powers intend to guarantee forever our neutrality, inviolability and independence."

Herman Warsawski Bankrupt.

New York, June 7.—Herman Warsawski has appeared before a referee on a petition for discharge in bankruptcy proceedings. The history of Warsawski in this country has been full of incident, owing to the keen partisanship aroused by his quarrel with the Presbyterian authorities. Warsawski came to this country as a convert to Christianity in 1891, and instituted an American mission for the Hebrews. His name appears as superintendent of destruction. In spite of his expulsion from the Presbyterian church, he has remained in the winter of 1899. A. A. earlier he had filed a petition in bankruptcy, showing liabilities of \$291,000. The largest creditor was a Mrs. Janka Nicolas, who figured for \$25,000 money lent. Mrs. Nicolas opposed the petition for discharge. She says the money was advanced by her to establish a hat factory in connection with Warsawski's proselytizing work. She says there is no evidence to show that such a factory ever was established.

To Aid Victory Memorial Fund.

New York, June 7.—A dispatch to the Tribune from London says: "It is rumored that the delegates of the New York chamber of commerce will make a large subscription to the Queen Victoria memorial fund before they leave London. The enterprise needs an impetus which would be imparted by foreign sympathy for interest in it is lagging here owing to criticism which the general scheme of the memorial has excited on its artistic side."

REPORT ON EXPLOSIVES.

Much Disagreement in Ordnance
Circles Over Various Ones.

New York, June 7.—The Herald's Washington correspondent says high explosives have disturbed relations between the bureau of ordnance and the board of ordnance and fortifications. A later controversy has been raging between these two bodies for more than a year, and has been brought to the attention of Secy. Root for final action.

JAPAN IS BELLICOSE.

Said to be Preparing to go to War
With Russia.

New York, June 7.—The Journal of Commerce publishes a dispatch from Washington as follows: "Advice from the orient are far from reassuring as to the maintenance of peace in the future, even after the successful adjustment of the existing difficulties between China and the powers. Those who have recently come from Japan confirm the reports of trained observers that the Japanese are generally preparing for early war with Russia. Intimations have several times been given since the close of the war between China and Japan in 1895 that Japan would regard interference with the autonomy of Korea as a hostile act. The Japanese, including their respective ministers, have firmly made up their minds that when the results of Russian intrigues are disclosed in an open movement hostile to Japan, the Japanese army shall be sent to Korea and Russia warned that she must retract her steps or fight."

They should be kept all worry and anxiety. They should eat plenty of good nourishing food and take gentle exercises. SNAPPY BALL CAME AT OGDEN.

Lobsters Came Dangerously Near
Being Shut Out by Lagoons.

NO RUNS UNTIL THE NINTH.

Hansen and Clark Made the Winning
Hits—Good Game Scheduled for
This Afternoon.

HAT the Lagoon team can put up the swiftest kind of a game, and bids fair to hold its own with any of the teams in the coming season, seems to be assured. The exhibition at Ogden yesterday furnished one of the surprises of the season. A nine-inning game ended with a score of two to one in favor of the Lobsters. Ogden fans unanimously declare they never witnessed such a sharp, snappy contest before, and their enthusiasm knew no bounds. The score was one to "nil" in favor of the yellow kids until the ninth inning, when the winning runs were made by Nagle and Hansen. Casey failed to get to first, and Nagle got there on a misplay by Stoney. Hansen then came to the bat and the first ball up was transported with surprising suddenness to center field which brought Nagle home and left Hansen gasping for air on second base. Then Clark realized that it was certainly up to him, and when the pitcher threw the ball he smashed it viciously for a single and then Hansen returned to home and loved ones and everything was down. All through the nine innings the fans assembled noticed that it did not require the services of the first department to put the sides out. They went out one, two three on both sides with sickening regularity.

Newmeyer pitched for the new comers and Hansen shot the whizzers for the Ogden crowd. This afternoon the second game between the Lagoons and Salt Lake is on at the league park. "Park" Hawley, who is mean enough to think of leaving us, will endeavor to fool the Denversites, and Edwin will do a like service for the home aggregation.

The detailed score of yesterday's game follows:

TOMORROW'S GAME.

Lagoon vs Park City—Marty McQuaid was Released Last Night.

The first league game in which the new team will participate will take place tomorrow afternoon at the league park with the Park Citys. The season will be opened at Lagoon on Sunday with a rattling good game between the Lagoon team and Salt Lake. Last evening Manager Griffin of the White Wings banded to Marty McQuaid, the crack fielder, his release. While McQuaid is almost perfect in fielding work, he is poor at the bat, and as batters are needed on the team it was thought best to let McQuaid out. He is not surprised nor does he feel hurt in the least, for he realizes that there are plenty of opportunities for him. He can remain in the league if he so desires.

TURVILLES VS LAWSONS.

MATCH SHOOTING YESTERDAY.

Captain Cal Callison Still Holds the
Title of Champion.

In the match prize shoot held yesterday afternoon down at the local trap, between Ogden and Salt Lake marksmen, resulted in Cal Callison still holding championship honors and the Browning cup. He won out by breaking 50 blue birds out of a possible 100, with J. P. Sharp second with 87 targets to his credit. Ten men competed in the event, making the purse \$50, which went to the victor. Callison will have to own the cup forty-nine weeks before it is his "for keeps."

The team shoot was very interesting, and was won by seven men from Ogden and seven from Salt Lake. J. P. Sharp secured first honors.
