## PROPERTY LOSS WAS GREAT.

It is Presumea Engineer Mistook Waiting Train for the One He Was Expecting.

Topeka, Kan., Jan. 29.-Train No. 6 of the Atchison, Topeka & Santa Fe, the Colorado and Chicago passenger, met freight No. 33 In a head-on collision at 5:25 this morning one half mile east of Edelstein, Ill., station, 142 miles west of Chicago.

The property loss was great, three express cars, one freight car were burned and the engines smashed beyond repair.

Three of the train crew were killed and three others badly injured. The passengers escaped without serious in-jury save four. That a greater loss of life did not result is solely due to the fact that neither of the trains were traveling at a high rate of speed when they met they met.
