

BIKE RIDERS AFTER MONEY.

Suits to be Filed Against Salt Palace Owner Health.

BATCHELDER IS HEARD FROM.

Thought Matter Was in the Courts And Took No Action—Will Do So Later.

The professional bicycle riders in Salt Lake who took part in the six day race at the saucer track, are wondering when they are going to receive the \$500 or so they claim is due to them for the two nights' racing for which they claim they were not paid.

It will be remembered that when the season closed with the six day race, the riders claimed that the management owed them about \$500. They tried to collect it but got no satisfaction. They then took their complaint to J. N. Sharp, Salt Lake official representative of the N. C. A. Some of the boys left the state but before going placed their claim in the hands of the local riders. After waiting for some time for action to be taken, the riders got together and decided to place their case in the hands of Judge W. H. King. In the meantime Mr. Sharp wrote to Chairman Batchelder and placed the whole matter before that official. Batchelder was informed of the action of the riders in giving their case to an attorney and, laboring under a misapprehension, he took no action. Mr. Batchelder wrote to Mr. Sharp recently and stated that inasmuch as the case had been referred to the courts he did not care to take any action against the track management. But the suit against the Salt Palace people has not been filed as yet. The riders were holding off in the hope that Mr. Batchelder would rule that the track management would have to pay the riders before the track would be permitted to do business again. This action would undoubtedly have been taken by Chairman Batchelder but for the fact that he thought the suit had already been filed. Mr. Sharp stated to the "News" that he had just received word from the N. C. A. official in the city that they will go to Denver on the track to be built by F. E. Schefski. The latter says it will be ready for racing at the beginning of next season, and practically all the riders in the city say they will go to Denver when Schefski sends for them.

BARNEY OLDFIELD HERE.

Most Daring Chauffeur in the World Visits Salt Lake—Well Known Here.

Well known and well liked in Salt Lake where he has many friends, Barney Oldfield, the former rider on the Salt Palace saucer track and now the world's champion automobilist, is in the city en route to California where he is scheduled to race on the 5th and 6th insts. He left here a year ago, since which he has achieved world-wide distinction in his line. He comes direct from Denver where he broke all the world's records from one to 15 miles. He said last night he was sorry he could not give an exhibition here, but he did not wish to stop off and see his old friends. He says he likes his new business which requires a cool head and steady nerve and absolute control of the machine. Although he has made a mile a minute, all that has happened to him is a broken rib. He says he wants to keep on developing enough to be in the big race in Europe next year and therefore will be very careful.

THE TURF GAMBLER.

Man Who Plays Every Race Is Always A Heavy Loser.

"As long as a man can have the nerve to leave one or two races alone each day," said a veteran trainer in the paddock at Brighton Beach one morning last week, "there is some hope for him, but when he feels that he must play every race, he is gone; nothing will save him."

"But," questioned a novice in racing matters, "there must be few who go that length?"

"I have seen lots of them. Some years ago an old Kentuckian came on here with a stable of horses which had done pretty well in the west, but were somewhat outclassed around here. If he had stuck to his own horses, however, he would have got through the season, but he went right at it, playing horses he knew very little about, and losing steadily until he had to begin selling off his own horses one by one, until they were all gone, and he had only a small bank roll to show for them."

"Having closed down his establishment, he was able to live very economically, but he kept on betting and losing until he had broken in on his last hundred."

"When the fifth race was called that day he was standing right over there, with M. F. Dwyer, Green Morris and Higgins, who is now in England."

"Mr. Dwyer looked over the card for some minutes, and then said: 'This is a big field, and not even a good selling plater in it. It's too tough for me. I

NATURE'S GREATEST CURE FOR MEN AND WOMEN.

Swamp-Root is the Most Perfect Healer and Natural Aid to the Kidneys, Liver and Bladder Ever Discovered.

SWAMP-ROOT SAVED MY LIFE.

I received promptly the sample bottle of your kidney remedy, Swamp-Root. I had an awful pain in my back, over

the kidneys, and had to urinate from four to seven times a night often with smarting and burning. Brick dust would settle in the urine. I lost twenty pounds in two weeks, and thought I would soon die. I took the first dose of your Swamp-Root in the evening at bed time, and was very much surprised; had trouble but once that night, and the second night I did not get up until morning. I have used three bottles of Swamp-Root, and today am as well as ever.

I am a farmer, and am working every day, and weigh 150 pounds, the same that I weighed before I was taken sick.

Gratefully yours,
T. S. APKER,
Sec. F. A. & I. U. 504, Marsh Hill, Pa.
April 25th, 1903.

There comes a time to both men and women when sickness and poor health bring anxiety and trouble hard to bear; disappointment seems to follow every effort of physicians in our behalf, and remedies we try have little or no effect. In many such cases serious mistakes are made in doctoring, and not knowing what the disease is or what makes us sick. Kind nature warns us by certain symptoms, which are unmistakable evidence of danger, such as too frequent desire to urinate, scanty sup-

To Prove What SWAMP-ROOT, the Great Kidney, Liver and Bladder Remedy Will do for YOU, Every Reader of the Deseret News May Have a Sample Bottle FREE by Mail.

SPECIAL NOTICE.—If you are sick or "feel badly" send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send by mail, immediately without cost to you, a sample bottle of Swamp-Root, and a book telling all about it, and containing many of the thousands upon thousands of testimonial letters received from men and women cured. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say that you read this generous offer in the Salt Lake City "Daily Deseret News."

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

shall pass it up. I cannot afford to bet on such a race."

"The old Kentuckian looked at Mr. Dwyer long and sadly, and then remarked: 'Mr. Dwyer, I would give half my life if I were so well fixed that I could afford to let one race pass without betting on it, but I'm too much lower for that, and with that he hiked off to the betting ring, feeling that he must bet, but without having any definite notion as to what he would bet on when he got there. It's a cinch he bet on something, however, for I don't believe that he ever allowed a single race to escape him as long as his money lasted."

BELL MAKES KICK.

Declares that Handicappers Have Been Unfair to His Horses.

New York, Nov. 3.—As a result of a charge made by Louis V. Bell, a well known turfman, that his horses had been unfairly handicapped for a long period, for which he could obtain no redress, Walter S. Vosburgh, official handicapper for the Jockey club, who is also a steward at the Aqueduct meeting now being held, declares he will lay the matter before the Jockey club. Bell, who formerly owned the speedy Hermis, which he sold to E. R. Thomas for \$60,000, caused considerable excitement about the clubhouse by his verbal attack on Vosburgh.

He declares, however, that he has ample grounds for complaint and points to cases where his horses have been, he says, weighted out of any chance to win. He maintains that so important an adjunct to racing should be in the hands of a board, as in England, and not of one man. Vosburgh has been official handicapper for the board of control of the Jockey club during the past 14 years. The outcome of the matter is anticipated with considerable interest by horsemen.

Hanlon Loses Pitchers.

Ned Hanlon of Brooklyn has lost two more pitchers. No manager in the baseball business ever lost such a large bunch of star twirlers as the man at the head of the Brooklyn team. Strange as it may seem, he does not seem to be able to hold men who are the most essential part in the make-up of a successful aggregation of ball players.

Corbett, McGinnity, Newton, Don-

ply, scalding irritation, pain or dull ache in the back—they tell us in silence that our kidneys need doctoring. If neglected now, the disease advances until the face looks pale and sallow, puffy or dark circles under the eyes, feet swell, and sometimes the heart acts badly.

There is comfort in knowing that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills every wish in quickly relieving such troubles. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

SWAMP-ROOT A BLESSING TO WOMEN.

My kidneys and bladder gave me great trouble for over two months, and I suf-

fered untold misery. I became weak, emaciated and very much run down. I had great difficulty in retaining my urine, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief, and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any and symptoms whatever. Swamp-Root has proved a blessing to me.

Gratefully yours,
MRS. E. AUSTIN,
19 Nassau St., Brooklyn, N. Y.

van, Hughes, were all high class men, and twirlers that every other team in the league would have given a great deal to possess. The latest to break away are "Germany Schmidt" and Oscar Jones. These were Hanlon's mainstays last season, and now comes word that both have signed with the California league for next season. They signed the contracts last week, and Schmidt has moved his family to Oakland, where he will make his future home.

How Hanlon is ever going to be able to replace so many stars is something simply impossible. But "Foxy Ned" goes merrily on his way and allows the future to take care of itself.

Turfmen Pay High.

New York, Nov. 3.—At the annual meeting of the Metropolitan Turf association George Wheelock has been elected president and Orlando Jones treasurer. Five memberships were reported sold at \$40.00 each. The association is composed of leading book-makers of the country.

HE IS MAKING MONEY.

In Two Fights Last Week Young Corbett Made \$2,700.

No fighter in the east at the present time is getting as much money as Young Corbett. The services of the little Denverite seem to be in great demand. When he is not engaged in battle he is engaged to appear with some different piece at the theaters, where he has proved to be a big drawing card. In his two fights last week—the one in Philadelphia with Callahan and the one in Boston with Murphy—he received \$2,300 for each fight.

In Philadelphia he got \$1,200 and in Boston \$1,100, which was a pretty fair figure to earn within four days. He is the best kind of a drawing card in the east, and his services are in constant demand. He will leave for San Francisco within a few days and prepare for his battle with Eddie Hanlon. This will be a hard fight, and the champion realizes that he must be in the best of shape in order to win over the tough California boy.

Cross-County Championship.

New York, Nov. 4.—John Joyce, of the Pastime Athletic club, this city, has won the senior cross-country cham-

ionship of America in a contest at Traver's Island, the country home of the New York Athletic club.

By defeating the field Joyce took down the numbers of such men as Newton, Grant, Schutt and Valentine, each of whom occupies a prominent place for championships won over long distances.

Schutt is a Cornell student who spread-eagled the field of two miles in an interesting contest last spring, while Grant but recently took the measure of the two mile amateur record which stood for many years. The course covered about two miles and was run over three times. Joyce's time was 32:23 1/2.

Tom Cleary, Pugilist, Dead.

New York, Nov. 4.—Thomas Cleary, said to have been at one time middle-weight champion of the west, has been found dead from the effects of gas, in a hotel here. A tube connected with a small heater had become loosened and his death was evidently accidental. Cleary, who was 32 years old, had recently won the ring to become proprietor of a hotel at Newburg, N. Y. He was here on a visit when he met his death.

SALT LAKE TUFF EXCHANGE.

Kenyon Hotel, California and Eastern Races.

N. Y. STATE CANALS.

Proposition for Widening and Deepening Them Carried.

New York, Nov. 4.—The proposition for the widening and deepening of the state canals so as to permit the passage of 1,000-ton barges, was carried by the enormous majority it received in New York City, which overcomes an adverse vote of more than 100,000, estimated in the other counties of the state. Returns of the vote in New York City so far give the canal amendment a vote of more than 550,000.

Outside of New York City the only counties to favor it were Erie county, where Buffalo was responsible for the favorable majority of about 34,000; the adjoining county of Niagara, with about 4,900 majority in its favor; Ulster county, which gave about 2,500 majority and Suffolk and Albany counties about 1,500 each.

The amendment provides for the expenditure of \$101,000,000.

Harvard Junior Class President.

Cambridge, Mass., Nov. 4.—Raymond A. Oveson of Osgood, Vt., Kan., has been unanimously elected president of the junior class at Harvard to fill the vacancy caused by President Leatherbee dropping out of the university.

Midshipmen Hazing Cases Verdict.

Annapolis, Md., Nov. 4.—A verdict has been reached by the court-martial sitting at the naval academy in one of the three cases of midshipmen who are charged with hazing. It is that of John H. Lofland of Oskaloosa, Ia. The finding was that he was guilty until he has received the approval of the secretary of the navy. Lofland was charged with causing Midshipman W. W. Lawrence of Colorado to stand on his head, and compelling Midshipman Humphreys of Kentucky to undergo a system of vigorous physical exercise.

The case of Midshipman Earl W. Chaffee of Rhineclander, Wis., is now being tried.

American Steel in England.

New York, Nov. 4.—London agents of the United States Steel corporation have successfully arranged, according to the Herald, an important sale of American steel in England. Officials of the company admit that the purchase involves a very heavy tonnage. Details have not been received here.

Since its formation the corporation has not paid attention to its foreign department on account of the fact that the domestic business was sufficient to keep all the plants and mills in operation. The recent decline in domestic demands, however, caused the officials to make an invasion of the foreign markets.

Dowie's Reach Chicago.

Chicago, Nov. 3.—Weary and travel-stained John Alexander Dowie's "restoration host" today returned to Zion from New York. It was midnight before the last of the eight special trains bearing the returning followers of Dowie reached home. The return of the host was made the occasion of a holiday in Zion City and as each train reached its destination the travelers were given a rousing welcome by the members of the colony who had remained at home.

The New York crusade, according to those who made the trip, was "wonderfully successful," not a word of discontent was heard from any one, all having nothing but words of praise for Dowie and the course he had pursued while in New York.

Collier Nero Ordered to Panama.

San Diego, Cal., Nov. 4.—Capt. Shurtliff of the United States cutter Nero, which arrived here from Philadelphia a week ago, and which was waiting for the arrival of the Pacific fleet to discharge her 3,400 tons of coal, has received orders to go to Panama. It is supposed that the Pacific fleet, now at Acapulco, has too been ordered there, and the Nero will coal these vessels there.

BLOOD POISON.

Is the worst disease on earth, yet the easiest to cure WHEN YOU KNOW WHAT TO DO. It is a blood poison, spots on the skin, sores in the mouth, ulcers, falling hair, bone pains, catarrh, don't know it is BLOOD POISON. Send to DR. BROWN, 555 Arch St., Philadelphia, Penn., for BROWN'S BLOOD PURIFIER. It is the best blood purifier sold in Salt Lake only by F. C. Schramm, First South and Main Sts.

SURE CURE FOR PILES.

Itching Piles produce moisture and cause itching, this form, as well as Blind Piles or Prolapsing Piles, are cured by Dr. Doan's Pile Remedy. Stops itching and bleeding. Absorbs tumors. Use a jar at Duggals, or sent by mail. Treatise free. Write me about your case. Dr. Bosanko, Phila., Pa.
