

## PROTECTIVE TARIFF SACRED

National League of Republican  
Clubs Indorses That  
Principle.

SCHEDULES MAY BE CHANGED.

Ask Legislation for Parcel Post and  
Postal Currency or  
Notes.

Philadelphia, June 19.—Reaffirming  
allegiance to the principles of the Re-  
publican party and condemning com-  
binations in restraint of trade, the Na-  
tional League of Republican clubs to-  
day ended its convention. The resolu-  
tions adopted by the convention are, in  
part as follows:

"We pay tribute to our great leaders  
from our first standard-bearer, John C.  
Fremont, and Abraham Lincoln, the  
first Republican president, to Theodore  
Roosevelt, our present leader, the  
people's first citizen, who through  
honesty, his persistent deter-  
mination, his unflinching courage and  
his demand for a square deal for every  
person and every interest, has gained  
not only the respect and love of his  
fellow countrymen, but the esteem and  
admiration of all mankind.

"We indorse the sentiment of Wil-  
liam McKinley that the principle of a  
protective tariff is sacred, but that  
schedules should be changed when con-  
ditions of industry, commerce and  
finance demand, and not till then.  
"We emphasize the results of the op-  
eration of the Dingley tariff, which is  
giving us a surplus of revenue, un-  
paralleled activity in our factories, for-  
ests and mines, profitable prices for the  
products of our farms, greater bank  
clearings and relatively less failures  
than ever before; a continually larger  
volume of employment at higher wages,  
resulting in unprecedented consumption  
not only of the necessities, but com-  
forts, conveniences and luxuries of life,  
supplemented with larger savings  
and investments than have previously  
been recorded in our history.

"We approve of the action of the  
present Congress in carrying out the  
recommendations of President Roose-  
velt by more advanced legislation  
than has been given in a single ses-  
sion since the days of the civil war.

"We have a just pride in our party's  
record in the settlement of the cur-  
rency question through the adoption  
of a gold standard; in the establish-  
ment and development of the rural  
free delivery system now extending to  
more than 30,000 routes and 8,000,000  
homes; in the progress in opening our  
lands to cultivation through irri-  
gation; in the well begun work of con-  
necting ocean with ocean with an isth-  
mian canal; in the many laws tending  
to the welfare of labor and in the  
completed or pending legislation pro-  
viding for equitable railroad regulations  
in interstate commerce; for better in-  
spection of all food products; for free  
alcohol; for a new state; for an Amer-  
ican merchant marine, and the many  
other important measures which have  
been or are to be considered by this  
Congress.

"We are opposed to all illegal com-  
binations in restraint of trade, whereby  
the interest of either producers or con-  
sumers are injured or whereby, through  
monopoly rates and prices of products  
or control of the expense of the mass.  
"We wage no war on capital or  
corporations as such, but we do ask for  
equity and justice to all by all and for  
all.

"We are opposed to inequality which  
permits one-quarter of the voters of  
the country to wield one-quarter of the  
national legislative power. The  
suppression and denial of suffrage de-  
mands the reduction of power so us-  
urped and the denial of suffrage should  
never be rewarded with political pre-  
miums. The Democracy of at least 11  
states should be deprived of its unfair  
preponderance of power, and the full  
measure of political rights secured to  
every qualified citizen, white or black,  
who is capable and willing to assert his  
political manhood. The political party  
that profits by the suppression of the  
ballot is not to be trusted with the  
making or administration of the na-  
tion's laws. We reiterate the demand  
of our last national platform that our  
Republican major party Congress should  
courageously carry out the principles  
and pledges of the party and enact such  
legislation as will make all the constitu-  
tional amendments absolutely and  
finally effective.

"We ask for immediate legislation  
looking to the establishment of a par-  
cel post and postal currency of notes  
to facilitate trade through orders by  
mail."

A great street demonstration in com-  
memoration of the birth of the Re-  
publican party was held tonight, in  
which nearly all the Republican clubs  
of this city and neighboring towns par-  
ticipated. Gen. Fred D. Grant reviewed  
the parade in front of the Union League  
club, which was brilliantly illuminated.  
Among those in line were about 100 men  
who voted for Fremont for president.  
Speaker Cannon of the national house  
of representatives, who also was to  
have reviewed the parade, was unable  
to be present, and sent a telegram of  
regret.

## Robbing Yourself

That is just what you are  
doing when you fail to get regu-  
lar and sufficient sleep. Your  
body requires this unconscious  
period for repair work; with-  
out it your nerve energy be-  
comes exhausted, and you are  
tired, worn-out, nervous, ex-  
citable; have headache, neu-  
ralgia, indigestion, poor ap-  
petite, or other ailments caused  
by a lack of nerve force. Make  
it your business to sleep. If  
you are restless, take  
Dr. Miles' Nerve; it soothes  
and strengthens the nerves,  
and brings sweet, refreshing,  
life-giving sleep, and gives the  
organs power to work natu-  
rally. Try it to-day.

"I had a severe spell of fever, which  
left me in a very weak condition and  
very nervous. I had severe spells of  
headache and neuralgia, and could  
sleep but very little. Every effort that  
was made to recover my strength was  
of no avail until I began taking Dr.  
Miles' Restorative Nerve. After I  
commenced to take the Nerve my  
sleep improved and my appetite, and  
the pains in my head, as well as the  
neuralgia pains, left me to a certain  
extent and I grew gradually better."

captured. He was caught while asleep  
by Provincial Constable Jones, in the  
woods not far from the scene of the  
tragedy.

Newell's wife and other witnesses,  
Newell refused to drink with him,  
whereupon the latter procured his  
shotgun and shot his victim in the  
back.

The alleged murderer was brought  
here by tug today from White Rock  
bay, B. C., and lodged in jail.  
The shooting occurred on Sunday  
night.

### KOREANS REBEL AGAINST JAPANESE DOMINATION.

Victoria, B. C., June 19.—The steam-  
er Empress of China, which arrived  
today, brought further news of the  
revolution in Korea, which was spread-  
ing. The insurgents lost heavily at  
Hangju. When the Japanese blew up  
the city gates protracted street fighting  
took place, but the Koreans were help-  
less with their obsolete arms as against  
the modern weapons of the Japanese.  
Two Japanese were killed and two  
wounded and 85 insurgents were killed  
and 155 made prisoners, including the  
wounded. A number of influential and  
wealthy Koreans were among the pris-  
oners, who were dealt with according  
to military law.

The rebels numbered 1,000, under  
Ming Chyongsik, before reported killed,  
it transpired that he escaped to Toku-  
san, where the rebels were in strength.  
Some tragic occurrences took place at  
Hongju. A Japanese gendarme and  
some police taken by the rebels were  
executed upon the city wall in sight of  
Japanese who were interested in the  
place. Sergeant Hijitaka, who was wounded  
during the assault, committed suicide  
because of his chagrin at not being  
able to take part in the entry to the  
city after the gates were blown up.  
Maj. Tanaka, in charge of the Jap-  
anese, reported capturing 32 rifles, as  
many gun barrels, several hundred  
spears, lances and swords, a quantity  
of gunpowder and rice. The arms were  
obsolete and the ammunition of little  
value.

The rebellion has spread to four  
provinces, being serious in Kong-  
wando, Krangmeung, Ullin and Yon-  
dani, where were looted. At Ullin the  
government offices were burned and at  
Yongchun four officers and the magis-  
trate's wife were carried away, the local  
treasury looted of several thousand  
yen and a quantity of arms taken  
from the military barracks. In Kong-  
wando the rebels are pasting procla-  
mations that they will kill all Koreans  
who have cut off their topknots or wear  
their hair in foreign style. Unrest is  
general throughout Korea, and fugi-  
tives are flocking to defensible centers.

at Amarillo, Texas, and A. R. Guffey

adopted in this city.

maintain or display upon any billboard,  
fence, building, frame or structure and in

### IMPORTANT DECISION ON LIFE INSURANCE POLICY.

San Francisco, June 20.—By a deci-  
sion of the United States circuit court  
of appeals yesterday the action of the  
New York Life Insurance in refusing  
to pay a policy for \$10,000 to the heirs  
of J. D. McDougald, was upheld be-  
cause, although McDougald had given  
the company a note for two years' pre-  
mium, he had failed to make a pay-  
ment. The claimants held that as the  
company had never served a notice  
on McDougald calling for payment, as  
they were obliged to do under the laws  
of the state of New York, they could  
not evade payment.

## To Get More Strength from Your Food

**L**OTS of people are starving with  
a full stomach.

You know, it's not how much  
we eat, but how we digest that  
makes us Strong, or Brainy, or Successful.  
When the Bowels are filled with un-  
digested food we may be a great deal  
worse off than if we were half starved for  
want of Food.

Because, food that stays too long in the  
Bowels decays there, just as if it stayed  
too long in the open air.

Well, when food decays in the Bowels,  
through delayed and overdue action, what  
happens?

The millions of little Suction Pumps  
that line the Bowels and Intestines then  
draw Poison from the decayed Food,  
instead of the Nourishment they were  
intended to draw.

This Poison gets into the blood and,  
in time, spreads all over the body, unless  
the Cause of Constipation is promptly  
removed.

That Cause of Constipation is Weak,  
or Lazy, Bowel Muscles.

When your Bowel-Muscles grow flabby  
you need Exercise to strengthen them—  
not "Physic" to pamper them.

There's only one kind of Artificial  
Exercise for the Bowel-Muscles.  
Its name is "CASCARETS," and its  
price is Ten Cents a box.

Cascarets act like Exercise on the  
Muscles of the Bowels, and make them  
stronger every time they force these  
Muscles to act naturally.

The stronger these Muscles propel the  
food, the stronger does the friction of the  
food act on the flow of Digestive Juices.

The more of these Juices that act on  
food, the more Nourishment does that food  
turn into, and the richer nourishment do  
the little Suction Pumps of the Intestines  
draw out of it.

It needs only one Cascaret at a time  
to stimulate all the Bowel-Muscles enough,  
without purging, discomfort or loss of  
nutrition.

So, if you want the same natural  
action that a six-mile walk in the country  
would give you, (without the weariness)  
take one Cascaret at a time, with intervals  
between, till you reach the exact condi-  
tion you desire.

One Cascaret at a time will properly  
cleanse a foul Breath, or Coated Tongue,  
thus proving clearly its ready, steady,  
sure, but mild and effective action.

A coming Headache can be warded off,  
in short order, by a single Cascaret, and  
the cause removed.

Heartburn, Gas-belching, Acid-risings  
in the throat, and Colicky feeling are sure  
signs of Bowel trouble from food poisons,  
and should be dealt with promptly.
