#### Irrigation Congress Committee Perfects Organization-Anderson Proceedings in Divorce.

County Fish and Game Warden Sylvester Grow is determined to stop the catching and seiling of trout out of the game season, and last evening swore to complaints against John Hamner, of the Silver Club saloon, and a man named Shupe of Eden, charging each of them with violating the game law. The complaint was sworn to before Judge Howell and the warrants their arrest were immediately placed under arrest. Hamner has been serving trout dinner, so it is understood, at his saloon, having the trout alive in a glass show case in the front window and when anyone want d a trout dinner one of the finny tribe would be caught and prepared. fact was learned by Warden Grow who went to the place and saw one gen tleman just enjoying one of the speck-led beauties. He also learned that Shupe has been catching the trout in a pond in Ogden valley and delivering them to Hammer alive. They will be vigorously prosecuted for their alleged violation of the law.

## HE SUMS UP THE COFFEE CASE

A judge of Creeds, Va., announces himself as a "reformed coffee toper" and gives authority to make the following public statement:

"For years the coffee habit had been growing on me until my condition was getting serious. I have considerable writing to do and had become so nervous that I had to depend almost . entirely upon my wife to do the writing. Sometimes when it was imperative that I sign my name my hand trembled so I could scarce do it.

"I had severe headaches, stomach trouble, heart trouble, also some rheumatism. A friend, Rev. ----, one day sent me a package of Postum Coffee, with request that I give up coffee and make a fair trial of Postum.

"I took the advice and the headaches ceased, also the stomach trouble. I now have no heart trouble at all, except when I use coffee for a time. My old nervousness is a thing of the past.

"My wife also suffered for years with heart trouble and extreme nervousness. She has found relief by leaving off coffee and using Postum. We now think it a much better drink than either coffee or tea. I have known of a number of cases that have been entirely cured or greatly benefitad by leaving off coffee and using the food beverage, Postum." Name given by

# KANOSH.

School Bonds Authorized - Getting Ready for the Fourth.

Special Correspondence.

Kanosh, June 10.-Yesterday the peo-ple of Kanosh voted to bond the school district for \$7,000, to erect a proposed new schoolhouse. This bond, however, will only cover about two-thirds of the cost price, as the school bond has nearly \$4,000 now on hand. The building when completed will consist of eight rooms, and will be according to plans drawn by Architect R. C. Watkins of Provo. The vote for bonding was not unanimous, as many think the house too expensive for a country town. Never before for 20 years at least, has the range furnished such excellent

pasturage. Cattle and sheep are fat, for the many rains have caused grass to grow everywhere. Crops are looking fine, but grasshoppers are hatching out by the millions, and grave fears are en-tertained for late crops. Sunday a committee was appointed

to prepare an elaborate program for July 4.

Daniel Neff's Narrow Escape in South Swansea Mine.

pecial Correspondence.

Silver City, June 10,-Daniel Neff had narrow escape from death today, hlle at work in the South Swansea mine. He was occupied at the bottom of the shaft when the cage slipped down from the S00 level and imprisoned him. A drill that was standing up in the shaft supported the weight of the cage and held it off Mr. Neff, other-wise he would have been crushed. As it was, he sustained a broken ankle and came near to drowning on account of the water in the bottom of the shaft.

#### Death of Frederick Jensen Holst -Snow Academy Building.

Special Correspondence.

Ephraim, June 10 .- Frederick Jensen Holst died at Ephraim, June 9, 1903, af-ter a long and useful life as a pioneer and Latter-day Saint. He was bern in Baling, Viborg, Amt, Denmark, Dee, 18, 1824, and became a member of the Church in 1850, and immediately served as a missionary before immigrating to Utan, in 1853. His first home in Utah was in Salt Lake City, but during the trouble of Johnson's army he moved to Ephraim, Sanpete county, where he resided until his death. In 1898 he went to Denmark for the purpose of completing his genealogical record and to serve as a missionary. He was a man of sterling integrity to the Gos-pel, and a noble citizen. He leaves a wife and two daughters and 12 grandchildren, who are highly respected both as church members and as citizens of the community. Superintendent Henry Beal, who is in

charge of the construction of the Snow academy, gays that the walls will be completed this week and then the building will be ready for roofing. Ephraim may well congratulate herself upon having such a man as Henry Beal at the head of the institution, for Beal at the head of the institution, for he takes up the Nork where the father of the institution, Frest, Canute Peter-son, deceased, left it off. The build-ing is one of exquisite beauty and will be the central Church school, on ac-count of situation, of all the Church schools in the State of Utab. The
