

PROBLEMS FOR ADMINISTRATION

Most Pressing One is to Provide Funds to Carry on Projects to Maintain Taft Plans.

PRESIDENT HAS CONFERENCE.

Necessity of Enactment of Tariff Bill at Earliest Possible Date Discussed—Insurgents' Course.

Washington, March 8.—The problem of providing funds with which to carry on the projects under way to maintain the plans of the Taft administration and to make the demands square with the new tariff schedule is the work with which President Taft, Senator Aldrich, Speaker Cannon and Secretary of the Treasury McLaughlin were engaged at a two hours conference at the White House today.

The necessity for the enactment of a tariff bill at the earliest possible moment was discussed, but whether a definite policy was outlined could not be stated. That the manufacturers and other large interests are demanding early tariff legislation and that business will be unsettled until the tariff schedule is finally fixed, were the principal reasons for the desire to permit nothing to interfere with prompt action at the special session of Congress.

The possible delay which the house "insurgents" may cause by fighting the rule and the further difficulties that may be put in the way of getting the tariff bill through without delay were thoroughly gone into. The conference agreed and senate is pledged by the party platform to not interfere with an immediate revision.

Mr. Taft has made a consistent fight for a genuine revision of the tariff and has let it be known that he would be satisfied with nothing less. In his inaugural address he frankly called attention to the \$10,000,000 deficit caused by the administration and he requested the possibility of the necessity of an inheritance tax.

It is certain that since today's conference there is a more definite understanding as to what may be desired of the proposed new tariff as a revenue producer. It has been concluded that tariff revision must be radical, a provision in the bill may be looked for which will have for its purpose the raising of revenue by other means than a tax on imports.

Mr. McLaughlin was sworn in as secretary of the treasury at 2 o'clock and soon thereafter was at the White House conference.

President Taft conferred with Postmaster General Hitchcock, saw many senators and representatives, who wished to make their peace at headquarters with reference to future patronage and tonight made one of a party to the local theatre.

President Taft was given a rousing ovation tonight when he entered a

S.S.S. CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored blotches, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in riding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smoldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

Cures Coughs, Colds, Croup, La Grippe, Asthma, Throat and Lung Troubles. Prevents Pneumonia and Consumption. FOR SALE BY F. J. HILL DRUG COMPANY, SALT LAKE CITY.

CUT OF ONE HALF IN LUMBER DUTIES

One of the Important Changes Said to be Provided for in the New Tariff Bill.

HIDES MAY BE ON FREE LIST.

Democratic Policy Will be to Criticize Republican Measure and Offer Amendments to It.

Washington, March 8.—A cut of one-half in the duties on lumber and manufactures of lumber is understood to be one of the changes provided by the new tariff bill, which is being prepared by the tariff commission.

During the hearings of the tariff commission the testimony was such as to cause the impression that lumber would be put on the free list. It was said that the forest of the country could only be conserved by admitting foreign lumber free of duty. It is understood that Gifford Pinchot, chief forester, is preparing figures in a further effort to have lumber admitted free.

Representative Fordney, of Michigan, a member of the committee, has championed the cause of the lumbermen and the latter have been working energetically to prevent reduction. They contend the rates should be increased in order that the American industry may compete with the cheaper labor employed in Canada, and because of the better facilities afforded by the proximity of the Canadian lumber camps to waterways.

WORKING FOR FREE HIDES.—The effort to obtain hides free is being made principally by the New England shoe and leather manufacturers, and is strongly opposed by the westerners of the west. It is said that the farmers have agreed to a universal reduction on leather manufactures.

An impression prevails that the plan is to have the hide and leather schedule fixed in conference after the questions have been thoroughly thrashed out on the floor of the house. In the senate finance committee, and on the floor of the senate.

DEMOCRATIC POLICY.

Champ Clark, the house minority leader, passed considerable time today with Representative Underwood in laying out the plan to be followed by the minority in its attack on the tariff bill. It is understood that the Democratic policy will be to criticize the Republican bill and offer amendments to it. They will follow a tariff for revenue rather than a tariff for protection.

It is expected that by Wednesday the entire measure will be in type. It has been learned on unquestionable authority that because of the placing of hides on the free list, the duty on shoes will be considerably reduced.

While no features were obtainable regarding the steel schedule, it was on the same authority said that a substantial reduction in the duty on steel rails, tools and similar products is provided for.

A duty of 4 cents a pound on cork is levied. This by way of compromise with the Porto Ricans, who demanded a tax of 6 cents a pound.

Whisky and beer will rest as at present, if the sub-committee recommendations are enacted into law. It was felt that whisky was already carrying all the tax it could stand, while in the case of beer the prohibition movement throughout the country is feared.

It was felt that it would be a hardship to impose any further tax.

MAY REVIVE WAR REVENUE.—It having become manifest to the committee that the customs duties under the new bill would not produce the revenue expected, it turned to the expedient of reviving the war revenue of 1898, which is a tax on telegrams, bank checks, playing cards and all stocks bought or sold.

That feature of the war revenue act is incorporated in the tariff measure as drafted. It is said that a matter perplexing to the committee is that of placing a tax on inheritance. President Taft wants it. It is declared, and is pressing the committee to take action along this line. It is predicted that the committee will yield to the president's wishes.

President Taft is seeking to have a copy of the bill delivered to the senate committee on finance before the special session begins in order that the members may begin work on it at once. He believes much time would be saved thus and the extra session materially curtailed.

UNION PACIFIC COAL LANDS CASE SETTLED

Washington, March 8.—A settlement has been effected by the secretary of the interior of the government suit against the Union Pacific company involving coal lands in Wyoming estimated worth a million and a half dollars. This land is said to have been acquired by the company through what are known as "dummy" entries. The land involved aggregated 4,500 acres, and after numerous conferences the company decided not to defend the suit, but to cede the lands to the government and also paid nearly \$50,000 for the coal mined therefrom.

The company has discontinued mining from the land which has been withdrawn from entry until June 1 next. Besides recovering the land the paying fees paid for the lands.

One of the cases included in former Secretary Garfield's letter to Congress showing lands worth over \$100,000,000 under investigation or in litigation.

BANKER'S SON MURDERED NEAR PUEBLO, COLO.

Pueblo, Colo., March 8.—Peter Dietz, the son of a banker at Denver's Elmer, a suburb of Chicago, was murdered in cold blood at his ranch, in miles west of Pueblo, according to the statement of ranchers in that vicinity, and the victim's father is now here making an investigation of the case. The case is as well as some special detectives from Denver.

It is understood that the officers are

MUSICIAN IN FORM AFTER LONG ILLNESS

Harry F. Hamilton, a well-known musician living at 234 East Fifty-ninth street, New York, who for several years past has suffered from a complication of his, has recently been restored to his former good health.

Mr. Hamilton attributes his recovery to the celebrated Cooper preparations which are now being demonstrated to the public in this city. In speaking of his experience Thursday, Mr. Hamilton said:

"Some years ago I experienced trouble with my stomach. At first I paid little attention to it, thinking it was only a temporary condition, and that it would soon pass away. But it went from bad to worse, and as I was traveling over the country at the time, eating here and there and everywhere, at any and all hours, the irregularity of my habits had a tendency to aggravate my condition.

"My digestive organs became impaired; there was a feeling of heaviness after eating, accompanied by a accumulation of gas that was very oppressive and painful, causing my heart to palpitate like a trip-hammer. Then my kidneys became affected and I experienced great pain in my back. To cap the climax, I suffered an attack of rheumatism, and from that time on I was in constant pain and never felt well.

"I consulted doctors in all of the larger cities, among them some of the most eminent men in the profession, but their treatment did not help me. I also tried numerous remedies that were recommended by friends, but all to no purpose. I grew steadily worse, with no prospect in sight for relief. Then the Cooper preparations were brought to my attention, and I procured a treatment of Cooper's New Discovery. I was as much surprised as any one could be at its effect upon my system.

"I make no exaggerations when I say that this Cooper medicine gave me the first relief I had been able to get. In a remarkably short time I began to rest easier and felt better in every way. By the time the treatment was exhausted I was entirely well. My rheumatism had disappeared and my stomach gave me no trouble whatever. My friends can scarcely believe their eyes when they see me, and I myself can hardly realize that it is true. I am back in form again and ready for work. Cooper's New Discovery is the most remarkable medicine I ever heard of."

Cooper's New Discovery is now on sale at leading druggists everywhere. It has made a wonderful recovery. If you can not obtain it from your local druggist, notify The Cooper Medicine Co., Dayton, Ohio.

PICKPOCKET COMBATS SUICIDE

New York, March 8.—A man, who the police say was Thomas Murphy, one of the cleverest of the old-time pickpockets, committed suicide last night by shooting himself through the heart.

He fired the shot while sitting on a bench in a park in Harlem and two policemen who were attracted by the noise, arrived in time to see his body roll off on to the sidewalk.

Murphy had made preparations for his suicide, having been seen by an undertaker and left instructions for the cremation of his body. A peculiar statement was found on his person telling of his experience with the police and how he was "bounced" by the police. He was 30 years old and formerly a bookmaker.

TO PUT UP LESS SALMON.

Seattle, Wash., March 8.—Alaska salmon packers are preparing to reduce the pack of pink salmon about 50,000 cases the coming season as the result of which reduction a number of canneries in the north will not be operated. The run of salmon on Puget Sound will start July 10.

HEAVY SENTENCE FOR INDUSTRIAL WORKERS

Spokane, March 8.—Twenty-seven members of the Industrial Workers of the World, each of whom broke police rules yesterday by striking matches on the streets, were given light sentences of 30 days and costs, and 30 days on the rock pile by Police Judge J. M. L. Five of the men speak English. Not one had a cent in his pockets when arrested.

RACE SUICIDE.—As President Roosevelt calls it is not nearly the menace to increase in population that death among infants are. And slight of the death of the child, directly or indirectly caused by bowel troubles, Meckle's Baby Balm, cures diarrhea, dysentery, stomach and infant ailments of this nature. Just the thing for teething babies. Price, 10 cents. Write to E. M. L. Drug Store, 112 and 114 South Main St.

Woke Up and Found HIS WOODEN LEGS AFIRE

San Francisco, March 8.—A special from San Jose states that when George Campbell of Sunnyvale was rudely awakened by the members of the fire department of the city, he discovered that both of his wooden legs were on fire. Campbell was sleeping in the American hotel when a fire broke out. His life was probably saved by the daughter of the proprietor, who discovered the flames and ran in her nightgown to warn the fire department. The blaze was practically confined to Campbell's room and he slept blissfully while his wooden extremities provided fuel for a lively bonfire. The other damage was done to the legs.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. Write to F. J. Hill Drug Co., (The Never Substitutes.)

INSANE WARD MOST CROWDED AT FULL OF MOON

Oakland, Cal., March 8.—In a petition for the enlargement of the insane ward of the Oakland receiving hospital, Wardon Imley states that the place is always overcrowded when the moon is full. He said:

"My records substantiate the fact that the insane ward is always overcrowded when the moon is full. The records kept by Imley show that when the moon is not full two patients a week is the average, but when the queen of the night begins to wax, the insane begin to arrive until the cells are crowded beyond their normal capacity."

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Salt Lake City Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and rosy, or a thick, red, slimy urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pain, dull and sore, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Write to Doan's Kidney Pills, 219 South Main St., Salt Lake City, Utah.

Mrs. M. J. Stevens, living at 1217 West Third South St., Salt Lake City, Utah, says: "For over thirty years I suffered from kidney complaint, and there have been times when I really thought I would have to give up. My back aches almost constantly, the secretions were irregular in action and I suffered from weakness, being often so dizzy that I could not attend to my household duties. At last I learned of Doan's Kidney Pills and procured a box at F. J. Hill's drug store. I am now feeling better than I have in a long time and am sure that others may learn of the cures powers of Doan's Kidney Pills through my endorsement.

For sale by all dealers. Price 25 cents. Doan's Kidney Pills, Buffalo, N. Y., sole agents for Utah.
