LUCAL NEWS.

Already Published .- We have received from O. J. Auderson a well-

about tremendously. The first blast caught the builder's scaffold contigu-ous to the new tower above Prospect Hill, lifted it bodily, and sent it to the Jerusalem, with all its terrible calamground with a prash, scattering the simbers in every direction. The frame must have been stoully constructed, as it remained intact until it struck the ground. Of course the tower itself was entirely uninjured. In fact it is built so solidly that probably nothing short of an earthquake would be likely to affect its equilibrium.

Shocking Fatally -4 correspondent at Mine No. 8, Almy, Wyoming, sends the following account of a futal accident which happened there on Saturday, August 7th:

urday, August 7th: **Editor Descret News:** A hurrible accident happened here tals morning, whereby Brother George Newbold, 68 or 64 years of age, was instantly killed. From all the infor-mation that I can giean, it was a clear case of reckless nandling of loaded coal corresting the hands of a newbran. case of reckless handling of loaded coal cars—in the hands of a newly-ap-pointed boss over the top men—at the mine. The cars, when loaded, are switched off on a down grade. Brother Newbold was running the two front cars down to the switch, while the boss. Tom Curran, took off the brakeway and they got beyond his control. Seeing his danger, he jumped off and shouted to Brother Newbold to do the same, putit was too late, the shock of the ears coming together knocked the un-fortunate man under the wheels, sev-ering his head from his body, which was otherwise mangled about the leit band and right arm.
