DISCUSS PURCHASE OF WATERWORKS

Chamber of Commerce Much Concerned Over Legality Of Proposition.

CLOYD WILL FIGHT REMOVAL

High School Principal Holds Board's Action Illegal—Scowcroft Would Buy Waterworks—News Notes.

Ogden, Aug. 12.—The advisability and legality of Ogden City buying the Ogden waterworks system from the corporation that now owns it was the chief topic of discussion last night at the most important meeting of the chamber of commerce held.

Mayor A. L. Brewer and City Attorney J. H. Devine attended the meeting by special invitation and answered questions were put to them. Some of the members made the city officials targets for a number of pointed questions.

The committee appointed at the recent meeting of the chamber to investigate the waterworks system, made a partial report. The committee said that it had been unable to gain any information from the company relative to the revenues of the system. The committee will continue its labors.

J. E. Bagley, former city attorney, submitted an interesting report. He expressed a grave doubt as to the legality of the city making any contract whatever to purchase the system without first obtaining the permission of the tax payers of the city. He further declared that unless the \$400,000 outstanding bonds were taken up and only the purchase price of \$155,400 paid by the city, the latter would only be interested in the system in the capacity of a controlling stockholder and not as a purchaser of the system.

Engineer W. M. Bostaph submitted a brief report upon the system. Owing to the fact the committee had had such a short time to secure data to make a report, he was unable to do so. He will submit another report at a future meeting. The committee is as follows: Mayor A. L. Brewer, George E. Maule, W. M. Bostaph, O. A. Parmley, J. E. Bagley and J. J. Brummitt.

WILL CONTEST REMOVAL

Principal David E. Cloyd of the Ogden High School, who was removed by the board of education at a recent meeting, gave out a statement yesterday afternoon to the effect that he will contest the action of the board of education upon the ground of its being illegal. According to Prof. Cloyd the meeting which was held last Tuesday evening, at which time he was ousted, there were present President H. W. Gwilliam, Dr. R. S. Joyce and T. H. Carr. Owing to the fact that some months ago Dr. Joyce moved from the Second to the Fourth ward, Prof. Cloyd says that according to the laws he lost his place on the board as a member, and should have resigned. With Joyce serving illegally there would have been two-fifths of the members of the board present, and no business could be transacted legally. The members of the board of education have not given out any statement upon the matter at all. The fact that after the meeting held last Tuesday an effort to keep the proceedings of the meeting secret is not discussed by the board. Supt. Allison says that there is nothing to give out, and that any further action by the board will not be taken until Dr. Joyce and Mr. Browning return from their vacations. The case promises to be the means of opening up a good deal of the inside workings of the school board, if a public hearing is held. Prof. Cloyd, as has been demanded.

RENOVATION OF SCHOOLS.

All the school buildings of the public school system in Ogden are in need of extensive repairs and renovating and will be in first class shape for the opening of school next month. At the high school the large study hall has been cut up into four smaller rooms to accommodate the manual training department which has been added during the past year. Other buildings are receiving a thorough overhauling and will be greatly improved when they are thrown open for school in September.

A WOMAN'S WAYS.

Cause L. S. C. Commission to Recommend Free Transportation.

Chicago, Aug. 12.—The resourcefulness of a Maywood, Ill., woman has caused the interstate commerce commission for the first time in its history to recommend the granting of free railroad transportation.

Letter from James S. Harlan, a member of the commission, came yesterday to Mrs. William Ryan Snyder, whose activities caused the formation of the Maywood Philanthropic society.

His assistance in obtaining transportation to California for Harry F. Post. Although provision for such emergencies are made in the interstate commerce law, this part of the act never has been invoked heretofore.

Until he was stricken with tuberculosis Post was a florist in Maywood. Driven to California in his fight for health, he sought to sell the greenhouses, and was lured back east by a Kansas City man who was found to have nothing to offer but \$300 in notes payable in his home town. Post was left with nothing but a broken heart, and returned to California and with no means of supporting his wife and six children.

LITIGATION OVER ESTATE OF TWENTY-SIX CENTS

New York, Aug. 12.—Twenty-six cents, representing the total estate of Simon Elegethaler, who committed suicide in October of last year, is in litigation. B. G. Hammond, the claimant's son-in-law has applied to Surrogate Noble, of Queens county, for letters of administration on his father-in-law's estate.

The estate was picked up 24 cents, a penknife, a bag of tobacco and a purse were the only articles found in the clothing. These articles passed through the hands of the coroner's office into those of Public Administrator John Robinson of Newton, and then into the hands of City Chamberlain Martin, who said the purse and knife, which had been found in the trunk, were the property of the deceased.

It was at this stage that Mr. Hammond, who is a native of South Carolina, appeared and demanded his father-in-law's estate. He declined to believe that all his father-in-law left was 26 cents so in order to compel an accounting and division of the estate he has applied to Surrogate Noble. Sixty-eight cents, he claims, is the estate of the deceased, so that if the estate of 26 cents is divided among them they will each receive 82-3 cents.

Saloonkeepers recognize fight made on them.

East Alton, Ill., Aug. 11.—Following the gift of a \$100 sidewalk, which five local saloonkeepers built for them, members of the East Alton Methodist church are raising a \$100 fund for the relief of wives and families of drunks.

The saloonkeepers recently built the sidewalk and after it was laid, announced the identity, saying that the gift was in recognition of the splendid fight which the church made on the saloons at a local option election some months before.

The church people were indignant, and at first talked of returning the money or of tearing up the sidewalk. The latter plan was voted down as wasteful and the former was abandoned because no way to make the saloonists take the money was apparent.

REGULAR REPUBLICANS TO CONTROL IN CALIFORNIA

San Francisco, Aug. 12.—Out of 629 delegates to the state convention the regular Republican forces will control 400 as a result of the primary election held yesterday. In this city 13 of the 15 assembly districts went to the regulars, Oakland and Berkeley were taken by the opposition but Alameda went to the regulars. Los Angeles both city and county also fell into line for the regular ticket. San Diego and San Joaquin county, Santa Clara county, Sonoma county and Contra Costa county in Fresno there was a tie between the regulars and the opposition.

The regulars made great gains in Sacramento county. These results are taken as an indication that the evening of a Republican victory at the polls Senator George Perkins will be returned to Washington and also practicing the renomination of Congressman Kahn and Hayes.

JUDGE PARKER WILL SPEAK.

The list of competitors includes 43 enlisted men and 15 officers and five officers and 11 enlisted men are to compete as distinguished pistol shots. Many of the officers are to shoot for medals offered, but will not take in the time competition.

REPUBLICANS DISCUSS RAISING CAMPAIGN FUNDS

New York, Aug. 11.—The subject of raising money to finance the Republican campaign was considered today by Frank H. Hitchcock, chairman of the Republican national committee, just before he left New York tonight for Hot Springs, Va., where he will confer with Mr. Taft. The question of money-raising was taken up with Cornelius Bliss, who was the Republican national treasurer four years ago. While neither of these gentlemen would discuss the situation at the close of the conference, it is practically settled that Mr. Bliss is content to accept a place on the advisory committee of nine members which is to be a ways and means committee operating in conjunction with the chairman of the national committee.

The talk between Mr. Bliss and Mr. Mr. Hitchcock was held at the former's office, and was the first exchange of views between them since the convention.

Mr. Hitchcock will go to Chicago to open western headquarters on Aug. 15. At that time there will be a conference with the heads of all the bureaus of the eastern and western headquarters present.

Conferees Form a Society—Chief Mover Was Leader Among Young Turks in Paris.

New York, Aug. 12.—As a result of the recent developments in Turkey, a number of prominent Syrians including the editors of all the Syrian papers in New York met recently in the apartments of Nakle Moutran Pasha at the Plaza hotel and at Moutran Pasha's invitation pledged themselves to espouse the cause of reform in the Ottoman empire. When the conference was ended every Syrian editor in New York had signed an agreement to work for reform in Turkey and the conferees had formed a nucleus of a society which will include Arabic-speaking peoples all over the world. This society will be known as the Syrian Ottoman society. Its headquarters will be in New York, but there will be branches in Canada, Mexico, Brazil and other Southern American countries. Egypt, Syrian and most European countries. The Syrian-Ottoman society will probably in time supersede the Young Turks, whose headquarters for years has been in Paris, but at present the new organization will aim only to work in complete sympathy with those who have accomplished the restoration of the constitution in Turkey.

Nakle Moutran Pasha, founder of the new society, is a wealthy man of noble blood, who for 17 years was the moving spirit among the Young Turks in Paris. Moutran Pasha is here on a business as well as a sight-seeing trip.
