### LAST NIGHT'S DISPATCHES.

#### EASTERN.

General Cowan on Salt Lake Affairs, etc.

WASHINGTON, 9.—General B. R. Cowan, Assistant Secretary of the Interior, returned to-day from Salt Lake, where, by direction of the President, he has recently been engaged in a personal investigation of the condition of affairs, especially of the disreputable and difficult conditions regarding federal officers. He expressed the opinion that no further changes are necessary, and that while the situation between the Mormon and Gentile elements will continue to excite controversy, and ill-feeling, the maximum trouble, so far as the government appointees are concerned, has now probably been attained.

President Grant, in an interview to-day with Dr. J. B. Miller, General Secretary of the Association for the Reform and Codification of International Law, expressed his hearty approval of the work of the association, and said that it would be a great blessing to the world if the rank and file of the standing armies could be transferred to industrial pursuits, and he declared himself strongly in favor of the settlement of questions between nations by arbitration.

#### HANGED.

ST. LOUIS, 9.—Patrick O'Shea, who murdered his wife in March, 1874, was hanged in the jail yard to-day, in presence of a large number of witnesses only; he made a speech, admitting the killing of his wife, but claimed that it was not willful, and that she was a bad woman. He was perfectly cool and collected.

#### THE KU-KLUX CASES.

MEMPHIS, 9.—Five of the alleged Klu Klux members, who were discharged, the witnesses failing to identify them; the case of the others will be given to the jury in the morning, the argument of counsel having been exhausted.

#### A TERRIFIC STORM.

LITTLE ROCK, Ark., 9.—A storm last evening prostrated the telegraph wires in all directions below this city; a number of houses were blown down, and several persons were injured. About the same hour a storm struck Texarkana, unroofed a school, fatally wounded one and slightly several persons. The water in the reservoirs and flooded the streets.

#### Washburne Withdrawn.

CHICAGO, 9.—A Washington special says, "I have a statement from high authority that Hon. E. B. Washburne has not been in Paris, informing his confidential friends here that he has positively withdrawn from the contest for the Presidential nomination. In whose favor he takes this step I am not informed positively, but rumor says that Bristow's aspirations will be speedily promoted by it."

#### Tribune Anniversary—Dead—Gone to Europe—Suicide—Founder—

NEW YORK, 9.—The Tribune celebrates its 35th anniversary to-morrow by taking possession of its new building and printing a quadruple sheet, with a picture and description of the building giving figures of its circulation, showing the average to be over 50,000, daily.

Charles Tappan, the late surviving member of the well known anti-slavery family, died at Washington yesterday, aged 90.

The President's son-in-law, Sartoris, sailed for Europe to-day.

Col. John M. Powell, of Miss., committed suicide in Brooklyn yesterday, with morphine.

The schooner *Shaw*, from Savannah for New York, has foundered off Hatteras, with all aboard, eight in all.

Rescued at Sea.

The bark *Maggie M.*, from Cork, saved the captain and eleven men from the sinking German ship *Madara*, bound from Bremen to New York; one boat with nine men had previously left the ship. One man was drowned.

#### The Mining Troubles.

HARRISBURG, Pa., 9.—The Governor, after an interview with a committee from Hazleton, telegraphed the sheriff of Luzerne Co. at Wilkesbarre, that a committee of prominent men, representing both citizens and miners, have assumed the civil authorities in maintaining order, also pledging themselves on behalf of the various miners' associations that what is known as dead work at the mines will not be inter-

### fered with, nor the parties doing such work.

The governor, therefore, asks if the sheriff will go at once to Hazleton, and investigate the condition of affairs there, and if he is satisfied that peace can be maintained without troops, to inform the Governor so that they may be withdrawn. Sheriff Kendall replied that he would go to-morrow. The adjutant General will also go by direction of the Governor to there.

#### There was a ballot, to-day, in the several mines of the Delaware, Lackawanna and Western Railway Company in this city, to decide on the question of a strike, it resulted in a decision to continue work, by a vote of five to one against a strike.

#### Emigrants Coming West.

OMAHA, Neb., 9.—The number of emigrants going west this Spring is unprecedentedly large; 9,300 have already left here since March 1st. One thousand went west to-day on a special train.

#### WESTERN.

Horse Race for \$30,000.

SAN FRANCISCO, 9.—At a meeting of the Pacific Jockey Club, in November next, a purse of thirty thousand dollars will be offered for a four mile and repeat race, open to the first horse, and six, five, and four thousand to the second, third and fourth. Horses from Europe will be allowed fifteen hundred traveling expenses, and from the east of the Rocky Mountains one thousand.

#### FOREIGN.

##### SPAIN.

More Posses Exited.

MADRID, 9.—The conflict between the government and the university is getting serious, and may cause the fall of the ministry; more professors have been expelled, and the chief physician has been offered the head position in the university, but has refused to accept it.

Conference of the ministers was held to-day, to discuss the accusations of Concha against Jovelar, but no course of action was determined on, and the other purpose of the school, and other purposes in the Second Ward. The building is not yet finished, the roof is on, and it awaits the finishing touches. The school is ready to commence operations this summer. The Fourth Ward has also a new school house in contemplation, while the Third Ward, with that exception, has no school. It is sufficiently roomy, being the last one built, and would pass muster if it were only filled up with those of the Third Ward. The Bureau is interested in disposing of it. Thus, while admitting there is room for improvement, you see we are not entirely dead to school interests. Please call again, Brother Riggs, for if the high school arrangements here did not suit you, we see no reason why you should denounce our entire school district, being so far behind this age of improvement, no doubt the Pond Town had discouraged you, but come in faster weather, and with fair prospects and still fairer views, try another episode on the school interests of Provo.

—Provo Times, April 6.
