Bill to prevent prize fighting—Africa among the Senators.

Wilson introduced a bill to prevent prize fighting. It provides a punishment of imprisonment not less than two years and a fine of not less than \$3,000 for engaging in a prize fight in any Territory or State, and half the penalty for aiding as seconds or surgeons, the U. S. courts to take cognizance of the offence.

Hamlin introduced a bill providing a territorial government for the District of Columbia.

The Revels case was taken up. The debate which followed took a wide range on political questions. A vote was taken, when Stockton made a motion to refer the credentials to the committee on judiciary, which was defeated by a vote of yeas 48 to nays 45. A vote to administer the oath resulted in an affirmative by the same party vote. Revels was conducted to the front of the President's desk by Wilson, when the oath was administered. He then took the seat assigned him on the Republican side, where numbers of Senators and others tendered their congratulations.

Adjourned till Monday.

Negro inferiority insisted on—Boiler explosion—Terrible railway accident.

NASHVILLE.—The Senate has concurred in the House resolution rejecting the 15th Amendment.

A fearful accident occurred on the Mississippi Central Railroad, near Oxford, yesterday afternoon. A train ran through some trestle work and smashed the baggage, express and four passenger cars; at the last accounts twelve dead bodies had been taken from the wreck. The treasurer of the company and his son were both fatally injured.

NEW YORK.

Arrival of Seward—Greenwald's murder.

NEW YORK.—Ex-Secretary Seward arrived here to-night. He accepted an invitation of the City Council to a banquet.

Havana advices say that the murderer of Greenwald is one of Derodas' guides. Private dispatches from Washington report that the debt statement for March 1st is likely to show a reduction of four or five millions.

A car capable of accommodating twenty persons, to-day, traversed the Broadway tunnel, which is now three hundred feet long and twenty-one feet below the level of the street.

One hundred and forty doctors graduated on Saturday, from the Bellevue hospital, the medical college representing twenty-four States.

WASHINGTON.

Economy in the Army—Bill for removing Political Disabilities—R. F. Butler for the next President.

WASHINGTON, 25.—On the first of March and the first of each month thereafter the Secretary of the Treasury proposes to issue a circular giving a list of all the registered bonds and created books of the department. The list will prove valuable to brokers and bankers as a protection to them from forgeries.

The War Department has issued an order requiring Generals commanding military departments to give special attention to economy in the administration of all branches of the service under their commands.

In the confusion attending the admission of Revels yesterday, Wilson withdrew his motion to reconsider the vote by which the bill to remove political disabilities from above three thousand persons in the South, was passed, and the bill now goes to the President for signature.

meeting of the friends of B. F. Butler was held at Union League Hall to-night. The orators spoke in eulogistic terms of Butler, as having by a company of Massachusetts troops begun the war and saved the government. One of them remarked that though but few persons were present, this was only the beginning of a movement to elect Butler to the Presidency. Another said that while he admired Butler, he thought the movement premature and would do him more harm than good. A few colored persons were present, and a band of the same race played during the intervals of speaking. A resolution of thanks as adopted to Butler for his services in the army and in and out of Congress after which his friends proceeded to his house for the purpose of serenading him.

Particulars of the Railway Accident.

OXFORD.—A fearful accident occurred at 4 o'clock yesterday afternoon. The Mississippi Central Railroad regular morning train, from New Orleans, broke through a trestle forty feet high, over a ravine; the engine went over safely, but the remainder of the train crashed through the trestle completely wrecking the cars. Twenty-one persons are known to be killed and a number wounded, some seriously. The special train from Louisville was only half an hour behind the wrecked train with a large party of northern and western railroad men, with ladies and a few passengers. Among them were J. W. Simonton, the general agent of the associated press, and his wife. The party are all safe and are succoring the victims of the accident.

Monster petition for closing liquor saloons on Sundays—More of the Storey assassination case.

CHICAGO.—The committee, appointed by the monster temperance meeting on the 22nd inst., will to-morrow present a petition to the Mayor, bearing twenty-two thousand signatures, for closing the liquor saloons on Sundays.

During the performance of the "blondes" last night, Storey, editor of the Times, attempted to have them arrested for an assault with an attempt to kill; but the sheriff declined to serve the writ. This morning the writ was served. After a preliminary examination the "blondes" were held to bail in five hundred dollars, to answer in the recorder's court. The troupe left this afternoon for Detroit. Prior to its departure Storey sued out a capias for the arrest of Manager Henderson, on a civil suit; but before the writ was served Henderson escaped in a carriage and left the city from another depot.

WISCONSIN.

Meeting for removal of Capital—Fatally Burned.

MILWAUKEE.—A mass meeting of the citizens last night adopted resolutions pledging themselves to furnish the State with grounds and a Capitol building, equal if not better than the present ones, provided that the Capital be removed to Milwaukee. A number of members of the Legislature were present, and spoke strongly in favor of removal. It is thought that if submitted to the vote of the people nine-tenths would vote in its favor. A committee of influential Milwaukeeans was appointed to visit Madison to labor in the cause, as nearly all the members of the Legislature must pass through Milwaukee to reach Madison, and hotel accommodations at Madison are so meagre. It is thought that the majority for removal will be large.

Two servant girls employed at the City Hall were fatally burned this morning by kindling a fire with petroleum.

MASSACHUSETTS.

Particulars of Burlingame's death.

BOSTON.—A cable dispatch states that Minister Curtin takes charge of the remains of Burlingame, in connection with the members of the Chinese Embassy. The body is to be embalmed and is to lie in state at the American legation, and is finally to be sent to America in charge of the representatives of both China and the United States. It is said that both nations had commenced treaties with the Emperor of Russia, which are to be completed by the Embassy, and that they will then return to China. It is understood that Burlingame caught a heavy cold which culminated in a congestive chill, resulting in death.

PENNSYLVANIA.

Lenient treatment of a beastly Professor.

PHILADELPHIA, 26.—Professor Jefferson Williams has been sentenced to eighteen months in the county prison for an indecent assault on two little boys.

CALIFORNIA.

Respect to Burlingame—Musical Festival over—Petition to the U. S. Government—100 days from Liverpool.

SAN FRANCISCO, 27th.—The flags on public buildings and shipping are at half mast to-day, out of respect to the memory of Minister Burlingame.

The grand musical festival closed yesterday; the gross receipts are estimated at fifty thousand dollars.

Prominent Irishmen in this city propose a monster petition to the government of the United States in respect to the cruel treatment of Irish political prisoners, in English prisons, as made public by the English and Irish press, asking the government to appoint a commission to visit the prisons in order to ascertain the real facts as to their treatment. The petition is to be signed by the whole Irish population here, and forwarded to Senator Casserly for presentation to the President.

Arrived—the Golden Gate, a hundred days from Liverpool; the quickest passage on record.

MICHIGAN.

Letters from Spain state that a fierce struggle is going on between the revolutionary and church parties.

There were demonstrations on the part of the conspirators at Lyons on Thursday, but the troubles were suppressed without bloodshed.

Archbishop Debonald, of Lyons, is dead.

Two more editors have been arrested for publishing false news.

WEST INDIES.

SPAIN.

Montpensier defines his Position, etc.

MADRID.—The struggle between the church and revolutionary parties is becoming more intensified; the debate on the proposition to prosecute the Archbishop of Santiago for treason threatens to consume the session.

The Duke de Montpensier, in reply to repeated newspaper articles demanding a definition of his position, publishes letters in the leading journals, in which he says that he has not been and is not now a pretender to the throne; that in all things he will follow the will of the Cortes; that he is in no way compromised with any political party; that he is satisfied to be a Spanish citizen; that he longs for a definite constitution for Spain.

There have been some Carlist disturbances recently at or near Albacete, but they were suppressed in all cases by the civil guards.

PORTUGAL.

News of Lopez.
