

TWO CONTESTS ON FOR THIS MONTH

Jerry McCarthy vs Young Gibbs, March 16; Thompson vs Christy.

ANXIOUS FOR YOUNG CORBETT

Local Sports Hope He Will Take on Aurelio Herrera in This City—Tromble in Philadelphia.

Billy Sauer, manager of the Salt Lake Athletic club, has had a hard time of it during the last few days in arranging matches for this month, but it is believed that nothing now stands in the way of at least two good bouts before April rolls around.

Since the Gibbs-Lafontes contest at Butte, Sauer has been trying to get McCarthy to come to Salt Lake and take on Jerry McCarthy, the rugged welterweight who made a good impression here last winter.

Christy and Thompson. Jack Christy and Eugene Thompson signed articles during the week for a

20-round bout to take place on the evening of the 23rd. There is every reason to believe that the pair will draw a full house as both are well known here and have a large personal following. It will be Thompson's initial appearance in the ring as a seeker after pugilistic honors, his work heretofore being confined almost entirely to the wrestling mat.

Terry McGovern and "Young Corbett" have talked so much about arranging a meeting without doing so that people have begun to think that neither was very anxious for a contest. Now, however, all the details of a meeting except the selection of the referee, have been arranged for by telegraph.

McGovern was slated to meet Benny Yanger at the Fort Erie club March 15 but this was called off, McGovern losing the forfeit. He was also about to arrange a meeting with Ben Jordan in England, but that, too, was called off. He has given up so much that it seems certain that he will meet his conqueror.

It was mentioned here a few days ago that there was a probable chance to get Young Corbett to stop off in Salt Lake on his trip to Denver long enough to engage in a twenty-round bout with Aurelio Herrera.

A contest between this pair of featherweights would be worth going miles to see, and local fight fans are extremely anxious about the matter. If the contest took place at all it would have to be in April, as Young Corbett has an engagement on in San Francisco on the 29th, which will occupy every minute of his time from now until that date.

Philadelphia's boxing clubs are now in a row and the trouble between them threatens to kill the game in the Quaker city, just as it did in Chicago. Four clubs operate there—the Washington Sporting, Penn Art, Arco and Industrial Athletic. One of these is now threatening to hold a twenty-round bout to test the boxing law of the state, and the others fear that if such a thing is done the whole game will be killed.

JEFFRIES BAD THREAT.

Declares He Will Kill Jim Corbett in Their Contest.

A New York dispatch says: "Let Jeffries kill me, if he can. I'll give him a chance, although I know he is the most powerful fighter in the ring today. I know, too, that I can keep away from him. He could not even blacken my eye in 23 rounds at Coney island, and he won't be able to if we meet again. This threat is a big bluff."

Corbett was in Philadelphia and read the dispatch containing Jeffries' threat. "It is a big bluff," Corbett declared emphatically. "You can't make that too strong. Jeffries says that, hoping the authorities will step in, should be arranged, when I step into the ring with Jim Corbett I am going to try to kill him. I loathe and hate him to that extent. In the face of my naker, I have never used such an expression as that before."

AT CALDER'S PARK

Horse Races to be Among the Chief Attractions.

Horse racing during the coming summer months will not be confined alone to the track at Agricultural park, but many interesting meets will doubtless be pulled off at Calder's park half mile course. During the week, the street railway company, which owns the resort, secured Jacob Bergerman to manage the park this season.

Another feature which will be added to the park will be a good baseball diamond, and even if the management does not put in a ball team there to represent the resort, there will at least be a place for visiting teams to play.

ATHLETIC ASSOCIATION

One Organized by High School Students This Week.

In the future all athletic sports pertaining to the student body of the West Side High school will, in all probability, be under the control of an athletic association composed of students of the institution. If not, it will be because the great majority of the students have been thwarted in their plans.

After the scheme had been talked up some, the students got together in a body and had a rousing discussion going into the question both pro and con. It was finally decided to appoint a committee to draw up the governing rules which are to control all the school's sports, and it is expected that the committee's report will be adopted at the next meeting. The next conference will be held on Monday night when officers of the association will be elected.

The East Side High school was represented by F. Dyer, who is also a member of the committee. The question of raising the "long green" something absolutely necessary to the furtherance of the scheme, was discussed in all its ramifications, and the plan decided upon was to give a dance or entertainment. The East Side school will doubtless be interested in the movement and the result may be that a series of contests to decide the high school championship will be arranged.

A NEW DEPARTURE

A New, Effective and Convenient Cure for Catarrh.

Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of snuffing salt water through the nose would often relieve, and the washes, douches, powders and snublers in common use are very little, if any, better than the old fashioned salt water douches.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it can not be cured by local treatment any more than they can be.

To cure catarrh whishes in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablet is because it acts internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

Wm. Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position as I was clerk and my hearing was absolutely necessary."

Some of my friends recommended an inhaler, another a catarrh salve, but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the first use. I had a complete cure of catarrh although I had suffered nearly all my life from it.

They are pleasant to take and so much more convenient than any other catarrh remedies that I feel I can not say enough in favor of Stuart's Catarrh Tablets."

HANDICAP PRIZE OF \$50,000.

Fortune is Purse Proposed for New Belmont Track.

BAIT FOR THE FOREIGNER.

New Policy of Westchester Racing Association Will Be of Benefit To All Horsemen.

According to information received in Salt Lake this week from New York, a \$50,000 handicap at a mile and a half is being talked of as the opening attraction at Belmont park when that magnificent race course shall be completed. It is probable that there will be a stake of \$100 each half forfeit, starters to pay \$100 additional, with \$50,000 added, of which \$10,000 will go to the second and \$5,000 to the third.

It is understood that the Westchester Racing association will make it a point to offer the richest stakes to be run for at the new track and that the Belmont stakes, for instance, will be increased in value to at least \$25,000, with a \$50,000 handicap on the cards as an annual fixture. It is believed that many English and French turfmen would send over horses to compete, thereby making the race an international affair of unusual interest in the turf world.

By inaugurating such a policy, the Westchester association, which will probably take over the Morris park stakes to the new track, will create a spirit of rivalry among the various racing associations, which will be the means of increasing the value of stakes offered and be of vast benefit to turfmen. Such a policy will also be the means of causing a big boom in the breeding industry, which is in line with the ideas of those who have made racing in this state what it is today.

AT CALDER'S PARK

Horse Races to be Among the Chief Attractions.

Horse racing during the coming summer months will not be confined alone to the track at Agricultural park, but many interesting meets will doubtless be pulled off at Calder's park half mile course. During the week, the street railway company, which owns the resort, secured Jacob Bergerman to manage the park this season.

Another feature which will be added to the park will be a good baseball diamond, and even if the management does not put in a ball team there to represent the resort, there will at least be a place for visiting teams to play.

There appears to be a good chance for a track meet between the athletes of the University and those of the Brigham Young academy of Provo. During the week, Manager Frank Day of the Provo educational institute, sent a communication to Harvey Holmes of the University, in which he issued a deft to the local boys. Mr. Holmes referred the challenge to the athletic council of the University and it is quite likely that in the spring the two teams will come together.

A Very Bad Fall.

It remained for the young American league to administer a sharp and deserved rebuke to the autoeratic National league, which has assumed to foster a highly moral quality of baseball. Barney Dreyfuss, who is really the president of the National league, proposed a \$5,000 side bet for a series between Pittsburgh and the Athletics. Ben Shibe declined on the ground that it would have a demoralizing effect on the game at large. What a tumble from Mills and Young to Barney Dreyfuss. Truly, the old National league has troublesome times in prospect.

INTERNATIONAL HOCKEY MATCHES.

A movement is on foot to establish an international hockey league for the purpose of arranging annual hockey matches between the United States and Canada. Queen's college, the champion team of the Dominion league which recently played and won both Yale and Princeton, will probably be the permanent representatives of Canada. If the scheme is carried, the matches will take place alternately in Canada and at the St. Nicholas Rink, New York.

SURPRISED THE SHOE MAN.

"I thought I had run onto a crazy man up in Merrill last week," said J. J. McNally, who travels for a local shoe factory, in the Hotel Pfister yesterday. "I was sitting in the office of the Lincoln House when an old fellow with a broad-brimmed mouch hat, a pair of Apeley rubber boots and a Mackinaw jacket of many colors approached me and inquired: 'Be you the shoe man?'"

"Yes," I replied. "Come and have a drink." We went into the sample room, and after we had placed our orders with the bartender, he pulled a great roll of bills out of his trousers' pocket and, throwing it over to me, inquired: 'How many shoes will that buy?'"

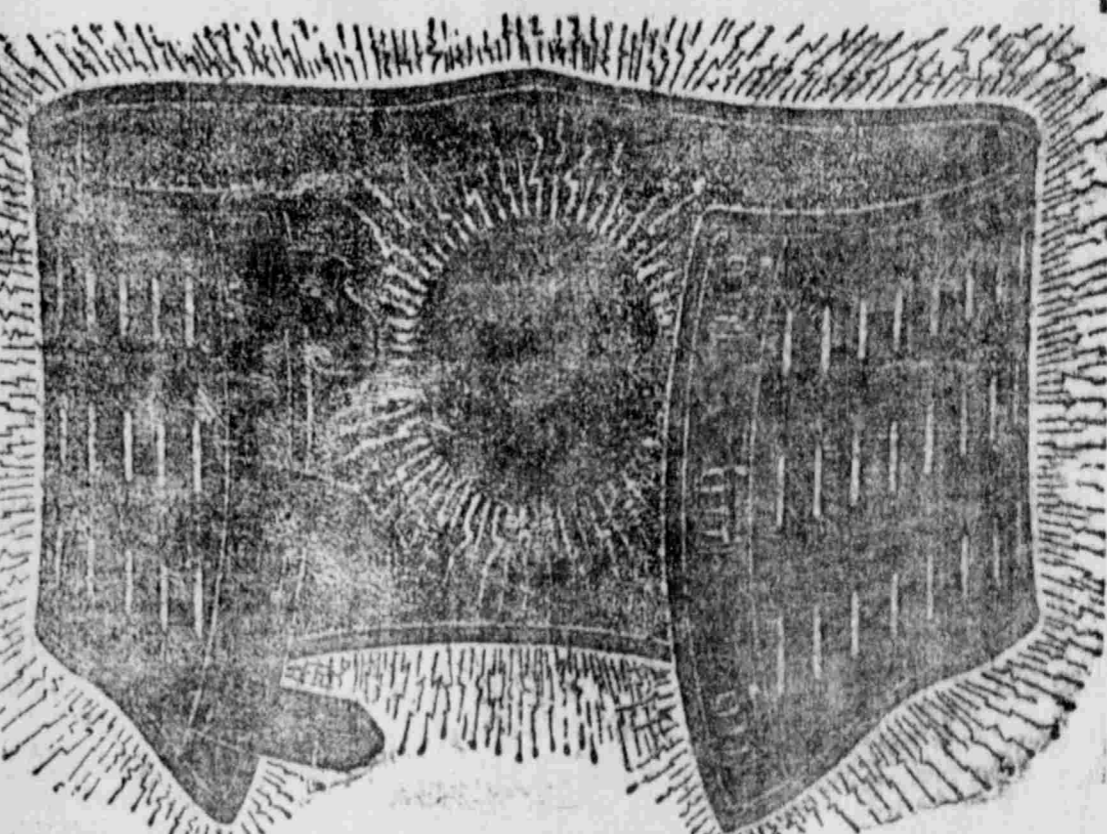

"I counted over the roll and found it amounted to \$1,500. 'Enough to start a shoe store,' I replied. 'Well, that is what I want.' We adjourned to the room where I had my samples and he selected his goods and vanished before I had time to ascertain either his name or the place to which he wanted the goods shipped. I had his money all right enough, but did not know what to do with it under the circumstances. I went on a scouting expedition and finally found my man in an uptown store."

"What is your name and where do you want your goods shipped?" I asked him. "It don't make a derned bit of difference what my name is," he replied. "You just ship them shoes to Bill Russell at Grandfather's Logging Camp—that's all you have got to do." "Say, I was mighty glad to get that order, although it caused me a great deal of anxiety, for I had had a dull week of it, and it just let me out,"—Munawakee Sentinel.

FREE MAGNO APPLIANCE FOR WEAK MEN

Nature's Remedy—A New and Successful Treatment for Weak Men—Young Men, Middle-Aged Men, Old Men. If you Really Want to Be Cured Now is Your Opportunity.

Stored Electricity. Always Charged, Ready for Use.

No burning—no blistering—no skin poisoning—no charging the batteries with dangerous acids. A dry, soothing current applied direct to the nerve centers controlling the nervous system. Even the very worst cases find a cure under our wonderful MAGNO-MEDICAL TREATMENT. All diseases that affect the nervous system or caused by impurity of the blood are speedily and permanently cured.

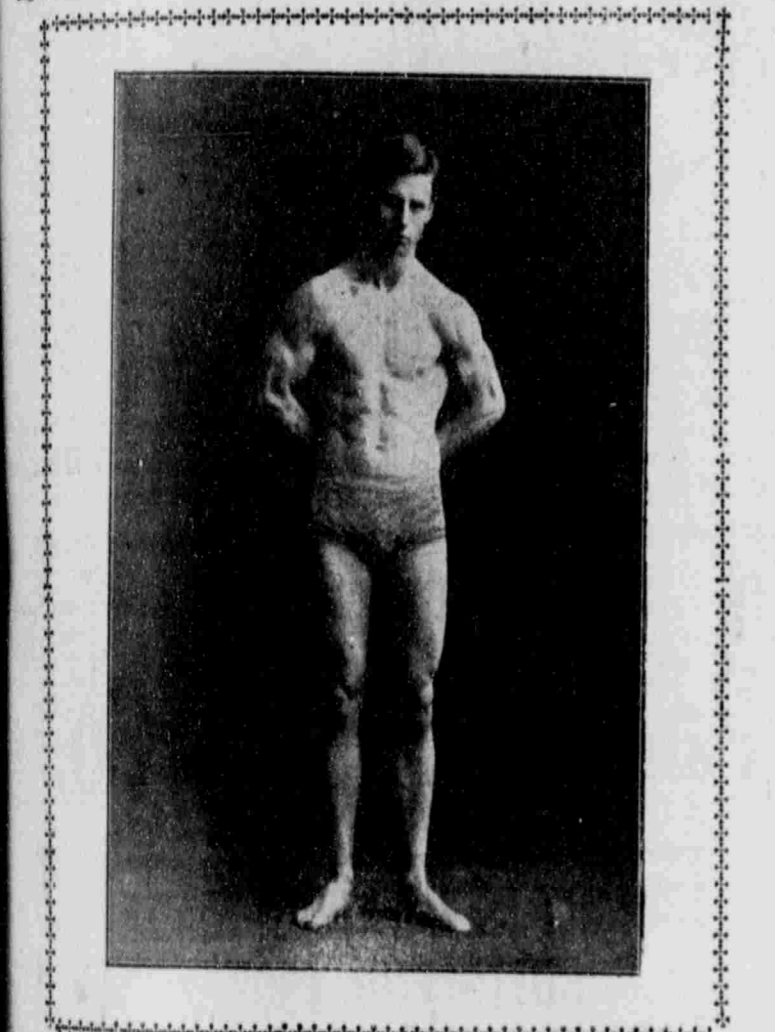

For the purpose of popularizing my wonderful MAGNO-ELECTRO treatment, I am going to send to each sufferer who writes to me at once my NEW MAGNO APPLIANCE absolutely without any cost. FREE AS THE AIR YOU BREATHE. All I ask in return is that you recommend my appliance to your friends and neighbors when you are cured.

Are you a strong, vigorous, many man? If not, write for my ELECTRO-MAGNO APPLIANCE today. Send your name and full particulars of your case. It matters not what you have tried, how many belts you have worn without relief, my new method will cure you.

Why suffer from WASTED VITALITY or any form of NERVOUS ORGANIC DISEASES when my MAGNO-ELECTRO APPLIANCE will restore the declining forces to the strength and vigor of robust manhood?

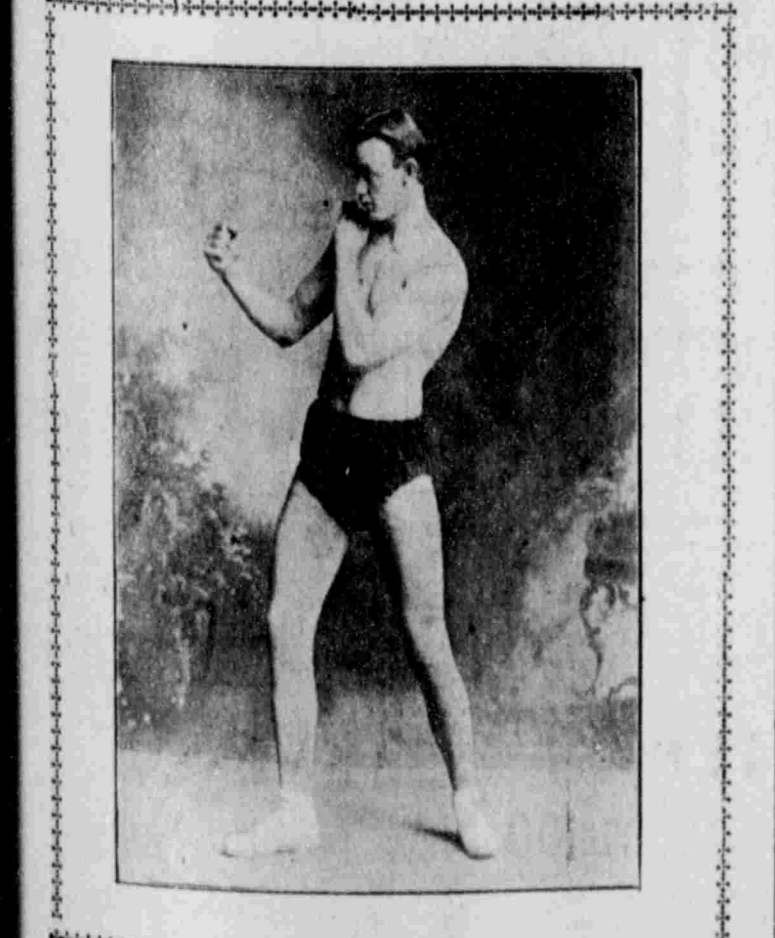

Cures permanently all NERVOUS DISEASES—LIVER, KIDNEY AND STOMACH TROUBLES, RHEUMATISM, VARICOCELE, CATARRH OF THE BLADDER, Nervous Debility, Weak Back, Skin Diseases, Blood Poison, Rheumatism, Pain in Back, Spinal Disease, Constipation, Asthma, Lack of Nerve Force and Vigor, General Debility, Insomnia (sleeplessness), Throat Troubles, Paralysis, Epileptic Fits, Neuralgia, Lumbago, Dropsy, Piles, Bright's Disease, Catarrh, Indigestion, Lung Difficulties, Weakness, Sciatica, Gout, Varicocele and Headache.

My wonderful MAGNO-ELECTRO APPLIANCE has astonished the world. Thousands of sufferers have already been cured, why not you? No tedious waiting for renewed health and strength. My appliance cures quickly, and, what is more, you stay cured. Remember, Write today and I will send the appliance absolutely free of cost. DON'T SEND ANY MONEY. Address PROF. J. S. BEECH, Dept 19, No. 40 Ellis St., San Francisco, Cal.

EUGENE THOMPSON.

This is the man who will try to wrest the title of middleweight champion from Jack Christy at the Salt Lake Athletic club on the evening of March 23. It will be Thompson's initial appearance in the ring as a professional boxer, and his friends believe he has shown very good judgment in selecting Jack Christy as his first opponent. In so doing, he certainly picked the best man as his first opponent. In so doing, he certainly picked the best man as his first opponent. In so doing, he certainly picked the best man as his first opponent.

JACK CHRISTY.

The above cut is a characteristic pose of Christy in battle. That he is "home pumping" as the fight fans say, is borne out by the fact that in three contests he has climbed to the top of the pugilistic ladder so far as the game is concerned locally. His first bout was with Jim Francis. They went 20 rounds to a draw. The following winter he met Francis again and it took him just seven rounds to take the colored pug's measure. His next contest was with Willard Bean last winter. He won from the Provo man in the 12th round. In meeting Thompson, Christy is going against a powerful, rugged man, but he believes he has enough science tucked away in his cranial vault and a punch of sufficient force concealed in that right arm, to take care of his opponent all right. Christy has greatly improved since his contest with Bean. It is claimed that he is faster, can go at a better pace and has developed a punch that will bring home the money. The men will box at about 14 pounds.
