

IT IS FOR A RACE NEXT AUGUST.

Sir Lipton's Challenge to be Made
Public Soon.

PREPARED TO LIFT THE CUP.

B. A. Willard Thinks the Challenger
Has a Splendid Chance to Win and
America Has Much to Do.

New York, Oct. 17.—The challenge of Sir Thomas Lipton for the America's Cup will be made public at the special meeting of the New York club. It is for a race in August. The three previous international races have not been sailed until late in September or in October, and the defenders were not launched until June.

R. A. Willard, who sailed the Vigilant, when that yacht was used as a trial boat against the Defender, said: "We have got the hardest job ahead of us we have ever had and we may as well prepare for it. Sir Thomas Lipton is better prepared to lift that cup than he was last year. He has the Shamrock as a trial boat and we don't know how good that yacht is. It spurs had stood as well as it has been beaten by the Columbia so badly as she was."

William Jameson, who is to look after the Shamrock, is the best sailor on the other side, and I think him the best in the world for big boats, so that the challenger will be well managed.

"You can rest assured that if he has agreed to sail on the Shamrock he has a good chance to win and he will do everything to make his chance good."

"With him on board there will be no weak spots and many other things that were done on the Shamrock last year will not be repeated. I think that the two types of boats have been drawn so nearly together that the race will depend on management."

S. Nicholson Kane, of the New York club said at the meeting last night, a committee would be chosen which will have charge of the series of races called for by Sir Thomas. Mr. Kane said he did not think much more would be done this year. "I have seen a syndicate of yachtsmen of prominence, with this season, have generally shrewd ideas as to who will be defending syndicates seem to be wholly at sea this year. If Mr. Dorey has arranged a syndicate that intends to build, he has certainly kept his own counsel carefully, as it is certain that a number of his yachting friends are wholly ignorant as to his plans."

AMERICAN JOCKEY'S ATTACKED
The Earl of Durham Indulges in Quite a Severe Roast.

London, Oct. 17.—At the meeting of the Jockey club, October 10th, the Earl of Durham made a severe attack upon American jockeys. Referring to the importance of handicappers paying attention to the in-and-out running, he said that from his observation he thought that the turf had not been a worse state than now for many years. This condition he attributed to "the prominence of American jockeys and their followers."

"I am sorry to say," he continued, "that they are finding their way to New Market in very large numbers, and it is to be hoped that there will not be many more of them. New Market is becoming a sort of cosmopolitan dumping ground. It has been seen in race after race that some American jockeys are not very scrupulous in their riding. Unless great care is taken, English trainers, owners and jockeys will be driven from New Market. There is now no chance for English jockeys who desire to become jockeys."

BROOKLYN WINS RECORD.
Pittsburg Put up a Miserable Exhibition of Baseball Yesterday.

Pittsburg, Oct. 16.—Pittsburg put up a miserable exhibition of ball-playing in the second day's game for the world's championship, and presented the game to Brooklyn in error. Leever's base on balls, followed by a wild throw, was responsible for Brooklyn's first run. After that Leever pitched a fine game, but Williams' wild throw and O'Connor's error were good enough to throw the plate to catch Kelley were responsible for the other three runs. Pittsburg could not hit Kitzon effectively. The later presented a run in the fourth inning by making a wild pitch when Wagner was on third. The other run in the seventh was scored by O'Brien's two-bagger and his advancement by Williams' and O'Connor's error. Outside of the errors, there were no special features and the game lacked interest. The attendance, 1,800, was kept down by the cold weather.

SCORE.
R. H. E.
Pittsburg 2 4 6
Brooklyn 4 7 0
Batteries—Leever and O'Connor; Kitzon and Parnell. Umpires—Swartwood and Hurst.

JOE GANS THE VICTOR.
In Nine Rounds He Knocks Out Otto Seilhoff.

Denver, Oct. 16.—Joe Gans of Baltimore put out Otto Seilhoff of Chicago in the ninth round of what was scheduled to be a ten-round bout before the Cripple club here tonight. The bout came during a mix-up, when Joe piled right and left upper cuts to the Chicago boy's chin, which he, in his weakened condition, was unable to stand up under. Seilhoff was not a match for Gans from a standpoint of skill, though he showed a willingness to engage the Baltimore lad, and took his drubbing well. Gans forced the fighting and was fresh at the end of the fight. The fighting was clean, and 2,000 people who saw it were pleased with the result.

Miss Gans Continues.
New York, Oct. 16.—Miss Gans, who finished a record breaking 2,000 mile bicycle ride over the Valley stream, L. 1. course last night, started again at 10:30 this morning to ride another 1,000 miles. At 12:30 she had finished 100 miles of her new task.

Taylor the Champion.
San Francisco, Oct. 16.—The billiard tournament at the Olympic club for the championship of the coast in class B, was completed last night. Taylor won, but it was only after another tie had resulted. It was the fourth tie of the tournament, and in despair the players decided to change the system and play a three-handed game, which Taylor won, with Burns second.

Matthews the Winner.

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will linger in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

SSS Nature's Antidote
FOR
SSS Nature's Poisons,

is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, washes and ointments—they never cure. Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulphur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was unable to work. He bought S. S. S. and a few bottles cleared his blood of the poison, and all evidences of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.

PERISHED IN THE FLAMES.

Several Lives Lost and Many Injured in a Fire Early This Morning.

New York, Oct. 17.—Several lives were lost in a fire early this morning in the three story and attic double frame tenement on Hester street.

THE DEAD.

Mr. Fass, Samuel Fass, 12 years old.
Lena Fass, 9 years old.
Morris Fass, 9 years old.
Woman, mother of Mrs. Fass.

MISSING.

Miss Horowitz,
Manuel Strauss.

Mary Martin, back severely burned.

Six families lived in the building, three on each side.

Janitor Nathan Gatz discovered the fire in the hall way. He ran through the building shouting to the tenants. Private Watchman Sam Lazarus, stationed on the block heard him and sent an alarm. Several policemen heard him and ran to the place. They arrived with the firemen but already the place was in flames. It burned like a straw stack. Chas. Fass, a butcher, who with his family lived on the second floor heard the janitor yelling and picking up his four-year-old child Josephine, ran out and down the rickety old fire escape. He made frantic efforts to get back for his wife and his other children, but the fire was already shooting from the windows and he was cut off.

Mrs. Fass ran to the window and threw out Isaac, the five-year-old boy. A policeman caught the lad and he was unhurt.

All the rest of the Fass household were burned to death.

Henry Bernhardt, who lived in the rear, got his family out.

Mary Martin and Henry Murray lived in the attic. They escaped, but Mary Martin was severely burned. Mrs. Lewis in trying to escape, got to the second floor fire escape where her body was found by the firemen.

The fire marshal has been notified by the police to investigate as the fire is believed to have been incendiary. The firemen were searching the ruins at 5:30 o'clock. They say there is little prospect of recovering more bodies for several hours until the ruins cooled.

Sugar Refinery Company Case.

Trenton, N. J., Oct. 17.—In the case of O'Brien J. Trimble against the American Sugar Refining company, in the court of chancery before Vice Chancellor Pitney, Trimble states that he is a stockholder in the American Sugar Refining company, and he charges that the funds of the company are being dissipated in a fight being made against the Arbuckle, who are in the coffee business.

The vice chancellor has reserved his decision.

A Mexican Tragedy.

Chicago, Oct. 17.—A special to the Chronicle from El Paso, Texas, says: George C. Beveridge, of San Francisco, arrived today from Mexico. He brought news of a tragedy enacted in the vicinity of his mine near Zacatecas. He said a young woman was abducted by her lover, and before she was finally released, ten men had been killed.
