

SIX YOUNG PEOPLE KILLED BY TRAIN

Merrymakers Returning from
Basket Ball Game Meet
Fast Express.

Spring Valley, N. Y., Feb. 23.—A four-spoked pair of horses that tore through the streets early today, dragging between them a splintered wagon pole, brought to the village the first news of a grade crossing accident in which nine members of its most prominent families were either killed outright or frightfully injured.

The runaway brought up at the livery stable of George Young, from which they had been hired the night before to take a party of men and girls to a basketball game at Nyack, N. Y. The party, consisting of nine young people, was returning by train from a West Nyack basketball game. The party was instantly killed when the train, crossing the grade at the Hudson county hospital at Hoboken, N. J., and the other three in the train, were struck by the train.

George Keith, aged 20, assistant superintendent of the telephone office and manager of the Spring Valley basketball team.

Nelson May, aged 19, who drove the team.

Edith Singer, aged 18.

Edith Singer, aged 20.

George Shenn, aged 23, a basketball player.

Jeannette Palmer, aged 21.

Warren Palmer, 22 years, condition serious.

Henry Dieteren, 23 years, basketball player; will probably recover.

Mary Edith Bird, aged 18, condition critical.

The responsibility for the accident is in dispute. The survivors cannot be questioned yet, and the only other witness was the crossing gate-tender. He declares that the train was driven through the lowered gates. The gate on the side of the approach was broken down, but the opposite gate was intact, and if properly lowered would have been closed by the frightened drivers after the wagon had been struck and torn from its pole. The animals were uninjured.

NORTH CAROLINA NEGROES BRING OUT STATE MILITIA

Fayette, N. C., Feb. 23.—Chief of Police Benton of this city was shot dead in front of his home here today, just after the churches had been let out, by a negro, Sam Murchison, crazed with drink. The man also shot two negroes a few minutes before he shot the chief. Murchison was captured an hour after the shooting and placed in jail. He is suffering with a wound in the thigh inflicted by Chief Benton's 16-year-old son, who, just after his father was shot, seized the dead officer's pistol and pursued the murderer. A crowd gathered and tried to take Murchison from the officers and lynch him, but the prisoner was landed in a cell after a hard struggle.

Another shooting occurred tonight when a drunken negro attacked several white boys and, while resisting arrest, shot a policeman, probably fatally. There is great excitement in the city and military companies are on duty by order of the governor.

A year ago Chief of Police Chason and Holyman Lickamy were killed in a bloody riot, and a third policeman was wounded. Tom Walker, who shot the policeman, was hanged on April 15.

PHILADELPHIA POLICE TRY TO PREVENT RIOTS

Philadelphia, Feb. 23.—The action of the police in preventing the meeting of a number of societies and organizations in the foreign settlement in the south section of the city has caused much excitement among the foreigners. The action followed an order by Director of Public Safety Clay in which the police were directed to stop the anarchists from holding any meetings. The order was given in consequence of the riot that followed the parading of unemployed foreigners here on Thursday.

The meeting of a Jewish benefit society was stopped, and a third policeman was wounded. Tom Walker, who shot the policeman, was hanged on April 15.

The Central Labor union today placed itself on record as opposed to parades of unemployed, by refusing to attend a labor meeting in the northern section of the city unless given assurance that there would be no parades.

"We want to keep out of such demonstrations. They won't get any one out of work and they lead to a riot, the way one of the delegates expressed it."

WATCHING HARRY THAW.

Superintendent at Mattewan Closely
Observing His Ward's Appearance.

Albany, Feb. 22.—Dr. Ferris, President of the state commission on insanity, said today that Harry Kendall Thaw, convicted of the murder of Stanford White, was being closely watched by Superintendent Lamb, who is in charge of the insane at the state hospital for the insane at Matteawan. Dr. Ferris said that the patient for the first 60 days of the confinement and at the end of that period, if he is regarded by the superintendent as sane, a report to that effect will be made to the court. It is believed by the superintendent after he has made his examinations and observations that Thaw is sane, it is unlikely that a report will be made to the court unless required by Thaw's counsel.

IMPORTANT RULING WILL HIT PORTLAND.

Chicago, Feb. 23.—It was announced today that the Interstate Commerce commission has entered a ruling compelling the Chicago, Milwaukee & St. Paul, Chicago & Northwestern, Missouri Pacific and other railroads to cancel all tickets on file to the far northwest through Portland, Oregon, which have not been consumed by the Northern Pacific. The order means that all one-way business from Chicago and other points which has heretofore been routed to Seattle via Granger, thence over the Oregon Short Line to Huntington, and thence to Seattle over the Northern Pacific, must hereafter be routed by way of St. Paul or over the Chicago, Burlington & Quincy through Billings, Montana.

LONG TERM FOR BANKERS.

Bloom, Miss., Feb. 22.—W. E. Smith and J. W. Harper, charged with embezzling \$22,000 from the First National bank of Hattiesburg, Miss., were sentenced to serve six years in the federal prison at McAlester, Okla., here today. The men recently were arrested in the state of Washington.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nerve, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over six weeks at the most. I brought her home, and then I thought, probably Dr. Miles' Heart Cure and Nerve might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 4 years."

ENTIRE FAMILY DEAD.

Mother, Daughter and Son of Latter
Found With Sponges Over Mouths.

Denver, Feb. 22.—Late this afternoon the bodies of Mrs. Mary E. Dixon, aged 50, her daughter, Mrs. E. N. Carter, aged 35, and the 12-year-old son of the latter were found lying in the cottage which had been their home in this city. Each had a sponge tied over the mouth and nose and death evidently caused by chloroform or other poison. Mrs. Carter is known to have been mentally deranged and the police believe she was the prime author of the deed, either inducing her mother to commit suicide with her or chloroforming her son and mother before administering the drug to herself. The three had been dead about a week when their bodies were discovered. There were no other members of the family.

S. P. PRESSES BIG CLAIM.

Washington, Feb. 22.—President Roosevelt today considered with Chairman Miller of the house committee a claim of the Southern Railway company to the extent of \$1,600,000, the amount expended in repairing the break in the Colorado river. Hearings regarding his claim are to be begun by the committee Monday.

The trial was spent by the railroad company pursuant to what is regarded as an understanding that the government should bear the expense.

WU TING FANG GUEST AT BRILLIANT AFFAIR.

Honolulu, Feb. 2.—Wu Ting-fang, the Chinese minister to the United States, arrived here today with a large retinue on the Pacific Mail liner Sibzell, en route to Washington. He was given a military reception by the territorial and federal officers and exchanged calls with Gov. Peary.

A delegation of Chinese called on Minister Wu and urged the hardships of exclusion and the need in Hawaii of Chinese as reasons for modifying the present exclusion law.

Mr. Wu expressed the hope that some modifications can be secured, promised to make the effort, and asked the co-operation of the local Chinese in the matter.

The local Chinese colony is celebrating the arrival of the minister, and that part of the city is decorated in his honor.

DOG PUTS CRIME AT INDIAN'S DOOR

Intelligent Animal Responsible for
Arrest of Buck Who
Killed His Squaw.

Tonopah, Nev., Feb. 22.—Frank Kawlich, an Indian, today confessed to the murder of his squaw, for which crime he has been confined in the county jail pending his hearing. The crime of the Indian was traced by a dog owned by Justice of the Peace Brissell of this city. Kawlich, who was drunk, beat the squaw over the head, breaking two or three whiskey bottles on her skull, and then with a companion dragged the body from a gulch where the murder had taken place, to her tent, and then set fire to the tent, but the fire went out.

This happened on last Wednesday night just outside of Tonopah, and next morning Kawlich came into Justice Brissell, who is the acting coroner, and wanted to make arrangements for the funeral, stating that the squaw had been frozen to death. Judge Brissell has a dog, half setter and half pointer, and the animal sniffed the clothing of the Indian suspiciously, and then continued barking at him until the attention of the judge's wife was attracted, when she detected blood on the Indian's clothing. This led to an investigation, with the result that the husband was arrested. Kawlich today confessed to District Attorney McCarran, Chief of Police Malley and Deputy Sheriff Swaney that the old woman bottle killed her in self-defense. She pulled his hair, he said, and dragged him to the ground. Then he grabbed the whiskey bottle that she had emptied and swung it on her head, killing her.

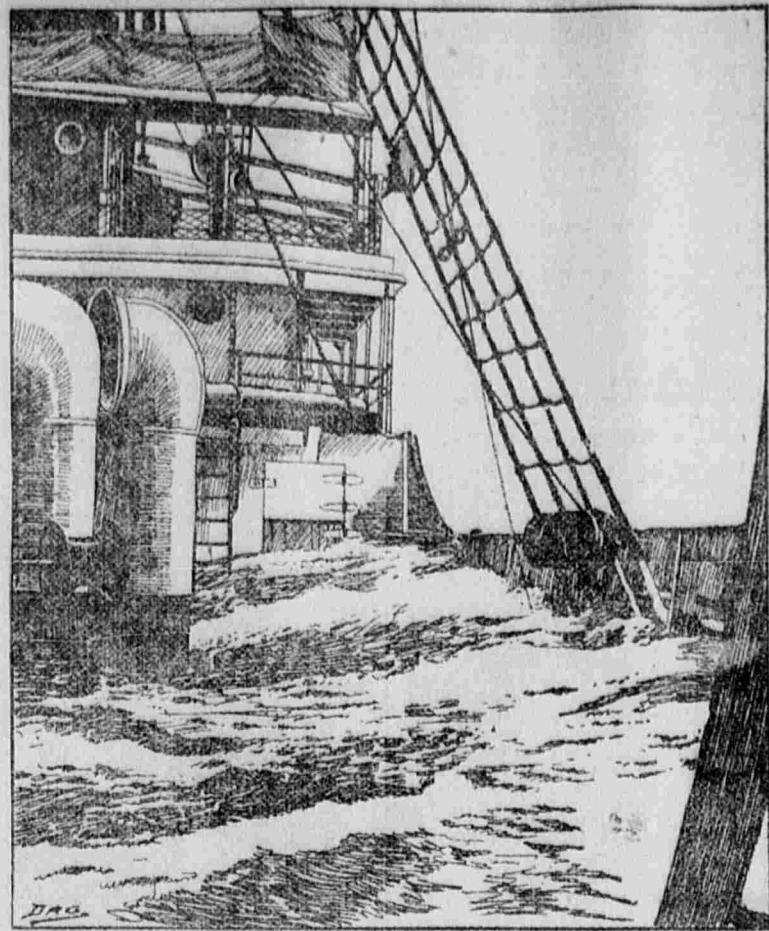

Some people try to prove that coffee doesn't harm any one.

The best way to know the facts, is to stop coffee and note the difference in your condition. If the headaches, palpitation, nervousness, disappear, you'll know why.

It's easy to get along without coffee if Postum is used as a regular beverage. It is a wholesome food drink made of wheat—no coffee or drugs.

TERRIBLE STORM STRIKES ENGLAND

Hurricane Sweeps Northwest
Portion of Isle, Carrying
Death and Destruction.

London, Feb. 22.—The northwest of England and the north of Ireland were swept suddenly this afternoon by a wind of hurricane force, accompanied by blinding storms of hail, which left death and destruction in its wake. In the Mersey river a schooner was capsized, and eight men were drowned. Several small steamers are reported in distress off Holy Head, while many small craft have been driven ashore.

No less than one dozen grandstands in the designated area have been blown down, with resultant injury at several points to the people who had gathered to witness local football matches. A collision between Burton Port and Donegal was blown off the rails by the wind while crossing a viaduct, and nearly crashed into a bog beneath the viaduct. Passengers were rescued uninjured. The launching at Belfast of the new 25,000-ton steamer Rotterdam for the New York service of the Holland-America line had to be postponed on account of the gale.

TAFT SAYS WE SHOULD PREPARE FOR CONFLICT

Buffalo, Feb. 22.—William H. Taft, secretary of war, was the guest of honor at the Elbow club's thirteenth anniversary celebration of Washington's birthday tonight. In his address Secy. Taft had a word to say as to the nation's unpreparedness for war.

New York, Feb. 23.—Thomas A. Edison, the famous inventor, who submitted to an operation for the removal of an abscess in the ear last night, was reported today as resting easy.

BLACK HAND NOTE FOLLOWED BY BOMB

Music Dealer in Brooklyn Victim
Of An Explosion Which
Wrecks His Store.

REFUSED TO BUY IMMUNITY.

Several Threats Made Against Him
Were Disregarded—Family Escapes Injury—No Arrests.

New York, Feb. 24.—An Italian bomb explosion similar in character to many which have taken place in this city within a year, occurred in Brooklyn today when Peter Locaso's music store in Morgan avenue was wrecked. Locaso had received many so-called black hand letters but, having refused to pay for immunity, his store was first blown up last spring. In December last another bomb was left on the steps and the windows and doors demolished. Since then he has received several letters demanding money but has ignored them, which resulted in the third mysterious attack today. The lives of Locaso, his wife and his three children, who occupied rooms in the rear of the store, were endangered by the last explosion but they escaped with slight injuries.

HINT AT FORMER ATTEMPT.

A few months ago, the body of an Italian was found in the street near Locaso's store. There was a bomb in the pocket of the dead man and it was believed that he had been delegated to commit some outrage, had failed, and had been murdered by his associates for his failure to carry out his instructions. Immediately following the murder of Giuseppe Celli, a well known Italian merchant, last night, today's crime is regarded by the police as evidence that the blackhanders and murderers whose crimes have been aimed chiefly at Italians, have been made bolder by the continued inability of the police to detect and punish them.

WIFE CHARGES HUSBAND WITH INDIANA MURDER.

Los Angeles, Feb. 22.—Following a heated quarrel which took the place in their room at the Hotel Catalina, Mrs. E. Frazier today denounced her husband as a murderer and surrendered him into the hands of the police.

According to the woman, Frazier, alias Boyd, committed a murder in Indianapolis four years ago. The detectives who were called in during the disturbance handcuffed Frazier and took him to jail. All efforts to secure details of the alleged crime from either the woman or the police have been unavailing. The woman stated that they had been bound from place to place over the country and she had grown weary of it.

AMATRICE

Since the world was new, pride in local achievements and products has been a prominent factor in the "make up" of man.

A tourist visiting any community is shown first the points of interest that nature has given the locality and then the curio shop keepers jeopardize their eternal salvation by showing rocks and imitation rocks, claiming them to be NATIVE GEMS.

All this leads up to the fact that every community is proud of its natural resources, and if a locality can boast the production of an actual gem or semi-precious stone, its citizens are justly proud and usually very zealous in exploiting its merits.

Amatrice is a Utah gem, and not only a Utah gem, but undoubtedly the most beautiful semi-precious stone in existence.

There may be other deposits of amatrice in the world, but as yet they have not been discovered, which adds interest and value to this wonderful Utah stone.

The color is blue and green and brown and yellow, combined in artistic ensemble only possible to produce by the hand of nature. It costs from 50c to \$4.00 a carat, according to the size and color of the piece, it is harder than turquoise, the matrix polishes as lustrous as the stone itself, it never fades, and it is not so abundant that it will ever be common.

People travel over the world paying fancy prices for fake Scarabs from Egypt, Scientific Rubies from Ceylon, cracked Jade from China, Rubber Coral from Naples, Chewing Gum Pearls from Rome, Plate Glass Opals from Mexico, and Gotta Percha Cameos from Florence.

Now, Why not buy a piece of Amatrice and add a real gem to the collection—one that is genuinely real and beautiful, and produced from our own mountain sides? It is worth the admiration of the world, and we want the world to see it this week at our store, where, as usual, we have the exclusive sale on the only line of cut and polished Amatrice in the world.

We mount Amatrice and other stones in rings, brooches, scarf pins, sleeve links, belt buckles, lavaliers, bracelets, and all sorts of special jewelry. Our Shop is the best and most skillfully manned of any in the west, and we want orders for a piece of genuine Amatrice, or Jade or Malachite or Azurite or Turquoise or Tourmaline mounted to order in some artistic form.
