More Indian Depredations.

CHICAGO, 18.—Almost every

hour brings news of new depredations

by the Indians upon ranchmen

located west and north of the

Chug.

On Sunday last T. Coffey and

Cuny's train, near Laramie Peak,

was run down to Kent's on Laramie

river. A saddle blanket and

vest, belonging to a man named

Sullivan, of the independent vol-

unteers, was found near that place

and he is probably killed.

Frank Sprague was attacked on

Monday on his ranch at Old Mill,

near Laramie Peak. He fought the

Indians during the whole day,

killing two. They burned his hay

and ran off all of his stock.

He escaped bare-footed to

George's Ranch, on which he

was, before the Indians fired the

Chug in which he had been concealed.

Kerr, who arrived at the Chug

to-day, saw an Indian camp within

two miles of Kerr's ranch, and

men and ammunition left here on

his order to-day.

A large body of Indians are

camped at the head of the North

Laramie, distant from Fort Laramie

fifty miles.

A party of volunteers, who went

in search of Ashcroft and the

mail carrier from Laramie city,

who was due at the Chug on Mon-

day night, returned to-night to

that place, having discovered no

trace of the missing men.

The Panic in Grains.

CHICAGO, 18.—There was an

intense excitement on change for

a portion of the day, and the anx-

ity to see what would be the

result of the close, November wheat

advanced from 11 1/2 to 12 1/2, before the

close, but from that point reced-

ed quickly to 11 1/2, and fluctuated

violently until the close, when it

was strong.

A Rummy & English, one of the

oldest houses in the grain busi-

ness, who have always done a large

Canadian business, failed to-day. Their

liabilities are not yet known.

The business transacted to-day

has been the heaviest for a long

time, perhaps since the Franco-

Prussian war, when the market

was in the hands of the lumber

traders, and for a time it was feared

the conflagration would be general.

Wool Market.

BOSTON, 18.—The demand for

wool continues good and the market

is firm. Manufacturers are still

in the market for fine fleeces

and are in few hands, and

holders are not pressing sales. Medium

and X Ohio and Pennsylvania

are selling at 40 to 42, N. X. 2 to 35,

Wichita and Michigan 35 to 40,

choice X and good medium grades

held firm at 55 to 60; super and N

and pulled in heavily at 12 to 15.

California has been arriving more

freely, and sales are mostly at from

15 to 20.

INDIANAPOLIS, 18.—The aggregate

vote on the State ticket is

223,068; Harrison 207,975; Car-

roll, Independent, 15,093. Will-

iams' majority over Harrison is

15,093. The largest Independent

vote cast was for Newcomb, can-

didate for State Treasurer, 15,093.

The legislature stands: House—

Republicans 53; Democrats 25; Inde-

pendents 25; Republicans 25.

In Relation to the Salt Lake City

Waterworks and the Supply of

Water from the Main Pipes, and

for Other Purposes.

SECTION 1.—Be it ordained by the

City Council of Salt Lake City,

that the Waterworks constructed

by the Corporation to supply Salt

Lake City with water from City

Creek Cañon, shall be designated

and known as the Salt Lake City

Waterworks; they shall be the

property of said city, and shall be

under the sole and exclusive con-

trol of the City Council, who may

from time to time direct the con-

struction of such reservoirs, water

tanks, water mains, service pipes

and fire hydrants as the necessities

of the inhabitants of the city may

require. The City Council shall

also appoint a Superintendent of

Waterworks, an Assessor of Water

Rates, and such other officers as

may be necessary to carry on the

works. All officers so appointed

shall hold office during the pleasure

of said Council.

SEC. 2.—The Superintendent of

Waterworks shall, under the direc-

tion of the City Council, have the

charge of the reservoirs, water

tanks, water mains, fire hydrants,

and all the machinery and appur-

tenances of the Salt Lake City

Waterworks. He shall have the

direction of the laying of water

main, and putting in of service pipes,

and the relation of the water supply

to fire hydrants and to all con-

sumers. Said Water Superintend-

ent, before entering upon the duties

of his office, shall take an oath of

office and give bonds, with ap-

proved security, to Salt Lake City,

in the penal sum of \$5,000, con-

ditioned for the faithful performance

of his duties. He shall report to

the City Council quarterly, or

often if required, his doings as

Superintendent, the condition of

the Waterworks, and make such

suggestions as the nature of the

service may require.

SEC. 3.—Any person who shall

willfully or carelessly run a vehicle

over a fire hydrant, or who shall

willfully or carelessly injure the

same, or draw, or attempt to

draw water therefrom, shall be

liable to a fine not exceeding

one hundred dollars, and be liable

for all damages done to said hy-

drant.

SEC. 4.—Wrenches for fire hy-

drants shall be furnished by order

of the City Council to the Fire De-

partment, for their use, and to such

other persons as may be deemed

proper by the Council, and any

officer or member of the Fire De-

partment, or other person having

charge of the same, who shall

willfully or carelessly permit the

same to be taken from their place

of deposit, or who shall willfully

or carelessly permit the same to

be used for any purpose other

than that authorized by the City

Council, shall be liable to a fine

not exceeding fifty dollars for

each offense.

SEC. 5.—Whenever any person

desires to obtain a supply of water

from the City Waterworks, he

shall make application therefor

verbally or in writing, to the Mayor

and sign an agreement that he will

be governed by such rules and regu-

lations as may be prescribed by

the Mayor for the control of the

water supply; said application must

be accompanied by a license, and

the license shall be in the name

of the person to whom the water

is to be supplied, and shall be

FOREIGN.

Must Be Left to Their Fate.

LONDON, 18.—The Times, editorially,

says the hopes we have so

long cherished for the speedy

reconciliation of the warring

parties, at length, are abandoned, and

we must recognize the fact that

negotiations are practically at an

end, and that the warring parties

will have to face in European Turkey

must be left to the consequence

of their fate. Another twenty-four

hours have brought no relief to
