FAIR COMMISSIONER HOME FROM SEATTLE

Senator Kuchler Says A. Y. P. Fair
Was Grand Success—Utah
Well Represented.

(Special Correspondence.)
OGDEN, Oct. 26.—Senator and Mrs. Rudolph Kuchler and Miss Ethel Orth of Ogden have returned from their summer's work at the Alaska-Yukon-Pacific exposition. They left Ogden last May and have been in Seattle since that time, and are glad to be home again.

Senator Kuchler says the fair was a grand success and Utah made as fine a showing as any other state in the Union, according to size and age. He was one of the fair commissioners for Utah, and he has spent most of his time during the season attending to the duties incumbent upon that body. The fair being practically closed, there is nothing to do now but pack the Utah belongings and ship them home.

The fair has done much toward advertising the western country, says Mr. Kuchler, and much good has come from it. Utah was not one of the states in its various displays, and because of it the state is better and more widely known than ever before.

Utah won numerous prizes and Ogden people were successful in carrying away medals in a good many instances. The Ogden winners winning medals were as follows:

State Industrial school—Silver medal, Industrial work.

Dauf and Blind school—Silver medal, Industrial work.

William Craig, Canning company—Silver medal, peaches, pears, apricots and plums.

Wassch Canning company—Gold medal, asparagus and beans.

Utah Canning company—Bronze medal, pork and beans.

Blackman & Griffin—Silver medal, canned butter.

Anty Drudge Tells How to Make Housecleaning Easy.

Mrs. Hardwork—"I certainly do detest housecleaning time. Here I've been scrubbing and scrubbing until the skin is all off my knuckles, and I just can't get the floors and paint clean."

Anty Drudge—"All the elbow grease in the world won't clean things if you use the wrong soap. Get Fels-Naptha and the grease and dirt on floors and paint-work will disappear like magic."

Fels-Naptha is better than an extra pair of hands in housecleaning. It makes dirt fly from walls, floors, woodwork, linoleum, windows, porcelain fittings and anything else that's cleanable, just as it does from clothes.

No scrub-brush or hot water is necessary, mind you.

Just Fels-Naptha, cool or lukewarm water, and a soft cloth.

Fels-Naptha dissolves the dirt in a jiffy so it can be rinsed away; it doesn't have to be scoured off.

As Fels-Naptha is also a germicide, it is a good sanitary precaution to do your housecleaning with it.

Did you ever try washing dishes with Fels-Naptha in lukewarm water?

It cuts the grease quick as a wink and makes the glasses shine.

Directions for all uses of Fels-Naptha are printed on the red and green wrapper.
