The LATERA HEAT.

The characteristic research of the continues of the second process of the continue will have present by the flane the Saker of Ulab. Their was possible situation for the continue of the Planears entered the present hundrelse of the Saker of Ulab. Theirs was possible situation at the times. The junrary raid beet long and archina, and yet sawle becoming more difficult because which as alknown more difficult because of the materal chalacte which lay in the wasy monthly as alknown for convenience for nurrying the skell; the leader of the Planears of the convenience for nurrying the skell; the leader of the Planears of the received length and you give direct items from the wasy where he is key the land before the various and of the aformous people, at that time, was with them that which to relate the locality of the continue was of the third times with them that which to relate the locality of the locality, they and of the aformous people, at that time, was much decourable, at the lines was with them that which to relate the locality of the locality, they are instituted with even of the locality of the l IN UTAR FIFTY TEARS.

PRES. WOODHUT'S CONDITION.

The News is gratified its amounted that the information today respecting Prosident Woodraft's condition of health is that it is malerially income bear sut on the purpose of the residence for a time. He stid not complain much of the health is probably affected him concerns, we have self-supported purposed part of the day while two merculy was fight. Today he is feelin, before, and it is inexpectation that he will below a carriage sitve in the scaler part of the day. Allogather, his concertion is quite concurring.

This week and next are two great weeks in the history of Ulah. The minth Trachenisesships oragines will conven this week, representing more than a core of close, and over half the arms of the great Republic. It is antisipated that from seven hundred to a thomasmid delegates will be in alternation—and a great number as far as that particular features is connected, but a very great force wires the representative character of the representative character of the colegates and the coope of their work are emissident.

congress and the super Of their work are emissioned.

The encould great week is the Protime Judice calebrates—an event in week in
which no lever of Und and the Vent
can do the take print. There will be
in take sity many three-monitor who, in
coming here, will hear musch,
not only of this dig, but of Undens, Prova, Legan, and other
phowe through which sleep per,
and of the slove in general, And
