

DESERET EVENING NEWS

WEATHER REPORT.

Today's record at the local office of the weather bureau for 24 hours ending 6 a. m.:

Salt Lake City—Barometer, 35.62; temperature at 6 a. m., 28; maximum temperature, 40; minimum temperature, 25; mean temperature, 27, which is 6 degrees below the normal.

Total excess of daily mean temperature since the first of month, 24 degrees. Accumulated excess of daily mean temperature since January 1st, 259 degrees.

Total precipitation for the 24 hours ending 6 a. m., trace.

Total precipitation since first of month, 1.86 inch, which is .15 inch above the normal.

Accumulated excess in precipitation since January 1st, 25.15 inch.

FORECASTS TILL 6 P. M. TUESDAY.

Local forecast for Salt Lake City and vicinity:

Cloudy and warmer tonight; probably light showers Tuesday.

Forecast for Utah, made at San Francisco:

Cloudy tonight and Tuesday. Rain in north portion tonight. Warmer to-morrow.

WEATHER CONDITIONS.

The storm that has been under observation for several days has moved every slowly and is now central over Iowa. Another storm of considerable energy is central just east of British Columbia. An area of high pressure extends from the California coast eastward to Colorado.

Precipitation has occurred over Washington, Oregon, northern Idaho, the northern and middle Rocky Mountain slope, the Missouri and Mississippi valleys.

Temperature is several degrees below freezing over the Great Basin, the Rocky Mountain and Rocky Mountain slope regions.

L. H. MURDOCH, Section Director.

TODAY'S TEMPERATURE.

LOCAL BRIEFS.

A. S. Watson, the undertaker, has purchased a handsome \$25,000 residence at 661 east Second south street. The purchase was made from the Anderson Investment company.

Rev. Elmer I. Goshen of Ogden will lecture on Martin Luther at Gordon academy, Third East and Third South streets, this evening, at 7 o'clock. The public is cordially invited.

A petition is being circulated in Ogden for the appointment of M. M. Steele, Jr., as state statistician. Steele was the chief clerk of the House in the last Legislature. F. J. Henderson is the mover of the petition.

The congregation of the Third Presbyterian church has called Rev. Josiah McClain to the pastorate of the church. He has been the pastor of that church for the past few weeks, and the congregation seems to be highly pleased with him.

The employees of the Sanitarium last night presented a gold watch and chain to their former employer, Jeremiah Schenck, as a token of their esteem. The gift was presented by Mrs. E. Hartman in a happy little speech. Mr. Schenck responded with feelings, thanking them for their good wishes and their faithful service under him.

At the close of his sermon at the Theater yesterday Rev. Philip S. Thacher announced that a gentleman had pledged himself to see that the full church would be erected in Salt Lake within two years. Mr. Thacher's news was received joyfully by the members of the local assembly. Mr. Thacher has gone to Los Angeles, where he will remain in time to preach on Easter Sunday.

The county jailers have come to the conclusion that they were imposed on shamefully in the case of Dan Leary, who has been cared for at the county hospital at Second South and Second West for the last few days. Leary was picked up on the street some days ago suffering from a delusion that he was pursued by assassins. He was released Saturday, clothed and in his right mind. The jailer thinks that "snakes" the result of a long delusion, was all that was the matter with Leary.

Judge Jerome B. Fisher of Jamestown, N. Y., the Grand Exalted Ruler of the order of Elks, in company with his wife will arrive in Salt Lake tomorrow on his way to Hawaii. The local Elks will entertain them royally while here. The judge and his wife have been entertained by the Elks wherever they have gone, and when they embark for Honolulu from San Francisco 100 Elks of that city will accompany them.

The Rapid Transit company is going to try a 4-cent rate on its East Fourth South street line, and a barrel of pennies have been sent for to make the change. This rate has been in vogue where 34 tickets were bought, they being good for 100 rides, but many people could not afford to spend \$4 altogether, and thinking that a line where the car runs every fifteen minutes can be conducted cheaper than the thirty-minute line, President Cameron will try the experiment. If it is a success the reduction may be extended to all of the shorter lines.

The city was again in partial darkness last night until 10:30 when the trouble was in Ogden canyon. The work was needed to finish the work on the wood stove pipe which was put in last Sunday. It was not known here that the trouble was as those in the local office thought that the work could easily be accomplished before night. But when night came on and there was no light only that furnished by the Cottonwood plant, there was some fear

THE "NEWS" DURING CONFERENCE WEEK.

All indications point to an immense attendance at the coming conference, the first week in April. ADVERTISERS DESIRING TO REACH THE PEOPLE IN THEIR HOMES can do so effectively by using the Semi-Weekly News (printed Mondays and Thursdays) before the conference season, and the Daily News DURING that week. All subscribers of the Semi-Weekly News who visit the city receive the DAILY FREE during their stay.

that there was a more serious defect. The return of the light at 10:30, however, settled the fears. A force of men was at work in the Ogden tunnel under Electrician Howard all day from 5 o'clock in the morning.

ZION'S SAVINGS BANK & TRUST CO. has half a million dollars to loan in sums to suit borrower on first class collateral at lowest market rates.

SAD DISCOVERY. College Student Found in an Opium Den—Officers Make Arrests.

Early this morning Officer Williams raided an opium joint on Plum Alley, kept by a Chinaman known as "Chinese Charley," and found stretched on a dirty bunk, his senses benumbed by opium, a young white man, who gave his name as Charley Gilbert. When Williams broke into the room the Chinaman was in the act of rolling a pipe and to greet him with a look of alarm. Both were taken to the station and locked up, one on the charge of keeping an opium den and the other with resorting to the same.

Young Gilbert claimed to be a business college student and had some of his books with him at the time of the arrest. He was well dressed and appeared to be quite intelligent.

GAMBLING JOINT RAIDED. Police Effect a Clever Capture With Williams' Grip and Other Things.

A little game of "Fan Tan" on Plum Alley was rudely broken up last night by Officers Jim Williams and Eddington, and the proprietor of the joint, Ye Sang, was arrested on the charge of running a gambling house. The capture and raid of the place was cleverly done and as the game was raided while in full blast, there was little or no chance for escape.

The little comedy was enacted in a dingy room on the third floor of a building at the head of the alley. The wily celestials had two "look-outs" placed on the outside of the joint to give the alarm of the approach of blue-coats, but the officers were "on" to the game and laid their plans accordingly. The officers succeeded in passing one of the "look-outs" but the other was about to give an alarm when Williams seized him effectively and silenced any sound which might escape him, by the simple expedient of choking him. On the third floor a third watcher was encountered, and he was also disposed of for the time being by means of Williams' terrible grip. The officers were not long in locating the room where the gambling was going on. They tried the door but it was locked. Williams climbed to the transom and peering through, saw Ye Sang in the act of clearing from the table all evidence of the game. The door was forced in and Eddington seized the Mongolian and marched him over to the police station, followed by Williams, who secured some of the gambling paraphernalia. Ye Sang was allowed to go pending an examination.

HOME IN JUNE. Senator Kearns Expects to Return in Time to Welcome McKinley.

Senator Kearns' local secretary said today that he had not heard direct from the senator for over two weeks, and as a consequence knew little concerning his trip abroad. The last time he heard from him he received the impression that the senator might be in Ireland and France and return to the United States. Since that time, however, the senator seems to have extended his itinerary somewhat though he will be home in June to extend a warm welcome to President McKinley who will be his special guest.

Senator Kearns and family sailed from New York on Saturday on board the steamship Allen of the North German Lloyd line and will go direct to Gibraltar and the principal Mediterranean ports: Rome, Naples, England, Ireland, France and possibly the Holy Land are scheduled in the list of travels.

W. H. H. SPAFFORD DEAD. Well Known Citizen Passes Away After Very Severe Suffering.

W. H. H. Spafford, the well known real estate dealer and ex-inspector of sewer work, died yesterday at his home 320 east Fourth South street. His demise was caused by sarcoma of the liver, from which he had been suffering severely for several weeks. The deceased has lived in Salt Lake for twelve years, and has amassed quite a fortune in that time. He was born in Indiana sixty years ago, and served in the Union army all through the civil war. The funeral will be held from the late residence Tuesday afternoon at 2 o'clock under the auspices of the McKean post G. A. R. Deceased leaves a wife, two sons and a daughter.

A Good Cough Medicine for Children. "I have no hesitancy in recommending Chamberlain's Cough Remedy," says P. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug."

UNION PACIFIC FIGHTS THE SNOW

Traffic Demoralized on Wyoming, Nebraska and Colorado Lines.

TRAINS STALLED IN DRIFTS

President Burt and Party Were Delayed for Several Hours—Burial—Tons and Rock Island Affected.

Omaha, Neb., March 25.—The Union Pacific railroad reports this morning that the four passenger trains that were snow-bound most of the day yesterday and last night in the vicinity of Ogallala, Neb., have been relieved and are making headway in both directions. Several snow plows last night cleared the tracks between North Platte and Julesburg. The storm has abated and danger of further blockade is believed to be passed. President Burt and party, whose car was attached to one of the east-bound trains which was stopped by the blizzard, were freed shortly after midnight. The storm center was apparently at Ogallala, where the temperature has risen and live stock interests will not suffer.

Five freight trains are still stalled about North Platte. Union Pacific people say that this is by far the heaviest snow of the season.

The Elkhorn expects to have its tracks open this afternoon. The passenger train which left Omaha yesterday afternoon is still at Long Pine. The train leaving Deadwood this morning is expected to get through without hindrance.

The Burlington line to Billings will be open by the middle of the afternoon and trains running as usual.

The Rock Island train from Denver to avoid snow banks has gone east via part of the Kansas City line of the Union Pacific and St. Joseph. A train has been made up at Fairbury to come via Omaha and run to Chicago.

WRECK ON R. G. W. Freight Train Goes Through a Burning Bridge Near Thompson's.

Freight train No. 18 on the Rio Grande Western yesterday afternoon came to grief by running on to a burning bridge near Thompson's Springs. Owing to the bad dust storm which was in progress the engineer could not see his danger until it was too late to stop. Four cars were derailed and the train burned. There were none of the train crew injured, and within a few hours the track was cleared for traffic.

WOOL SEASON. Outlook for This Year's Business Not Encouraging.

With the opening of next month the wool season will be here with its attendant crops of buyers from the East and a correspondingly large influx of railroad men from outside. Already the advance guard of the railroad men has been in the city for some time, and every man that comes into Salt Lake from contiguous States is anxious to get into touch with the status here. With the opening of the wool season the supreme test in the matter of the sheep and the wool will be in order. Up to this time the rates in Salt Lake have been a marvelous state of affairs. There has been no cutting since the first of the year, and it is said there will be no break when the shipments of wool commence. Every railroad man is too anxious to keep up the present status and leave it to the other fellow to commence the cutting.

So that the blame cannot be thrown upon the railroad men, a vote is sent out from headquarters regarding the matter.

In speaking in regard to the outlook for the wool season a prominent railroad man said this morning: "I do not look for any demoralization of the rates this season as has been the custom heretofore. Rates have been kept up splendidly to date, and the merchants and shippers are beginning to realize that they cannot succeed in bringing about a break, consequently they are ordering their goods in the East and figuring upon the regular published tariff. We have these big consolidations which have been perfect during the last few months to thank for this welcome state of affairs; the fact of the matter is that no one dare start shaving the schedule this year. If it once started it is no knowing where it would end. I look for a very low wool season this year, and it may possibly extend over a period of six months as the prices are way down in the neighborhood of from 8 to 10 cents. I do not think that there will be much cut during the winter, but the majority of shipments to be sent on consignment."

UNION PACIFIC LANDS. Syndicate Makes a Gigantic Proposition to Purchase 6,000,000 Acres.

An inquiry has been received at the Union Pacific land office in Omaha which looks like business. A broker in behalf of a syndicate of investors, has made the preliminary proposition which, if put through according to its plan, would involve the transfer of about 6,000,000 acres of land.

The inquiry appears to be the agent for a company of men who are desirous of purchasing all of the Union Pacific lands west of the Nebraska line. He asks whether such a proposition would be considered by the company, requests a list of all the lands west of Nebraska, and the description of the lands, whether grazing, mineral or timber.

The land company officials believe that the proposition is genuine and that a syndicate is really anxious to secure the property, but they can see no likelihood of the deal being consummated for the officials are too fully aware of the value of the property to negotiate such a wholesale transfer of terms likely to be acceptable to the syndicate.

As an instance of the way the lands in Cheyenne county, Neb., are selling, it is stated that the number of home-stead filings at Sidney, the county seat, was unusually large during the month of February. In fact, it is said that the entries during that month were more numerous than they have been in any one month for seven years.

The Burlington has a line running the entire length of the county, about seventy miles, and the Union Pacific crosses the southern part of this county, a distance of about forty miles.

CHEAP RATES. Rock Island Proposes to Bring Many Tourists to Utah This Summer.

The following announcement will be welcome news to the residents of this State: The Chicago, Rock Island & Pacific Railway company has asked Illinois commissioners in the Western and Southern Passenger associations to agree upon a series of cheap excursion rates to and from Denver, Colorado Springs and Pueblo, for the approaching season on the following basis: Tickets to be sold from Chicago and all territory up to the Missouri river on June 15 and 25, July 15, 25 and 30, Aug. 15, 25 and 30, and Sept. 15, 25 and 30, at a rate of \$25 to be made from Chicago, and \$15 from Missouri river points for the round trip, intermediate territory to carry proportionate rates and tickets to be sold from Missouri river points one day later than the dates given above. Proportionate rates will be made to and from Glenwood Springs, Salt Lake City and Ogden.

A series of eastbound excursions are also proposed, tickets to be sold from Colorado common points every Thursday, commencing with June 20, at a rate of one dollar and 25 cents for return passage to Oct. 21. These rates will be tendered connecting lines for basing purposes, which will probably insure a very low basis of rates throughout the United States for these excursions. The Chicago, Rock Island and Pacific will make these rates and arrangements effective, regardless of the action of its competitors, and will run special trains on the dates named.

CREATED A PANIC. Small Boy Calls Up the O. S. L. Employees in a Hurry.

The incident wherein Senator Beveridge sat on the key board in the war office at Washington and inadvertently turning up every employee in the building recently, was duplicated this morning. A shipper entered the freight department and inquired for Assistant General Freight Agent Reeves. He was ushered into the sanctum sanctorum and closely followed by a bright son and his school bag. Then for the space of five minutes the conversation was solely devoted to the topic of rates. Presently Taggart appeared and stood respectfully at attention waiting until the conversation had terminated. He was closely followed by Orvin Morris; then in quick succession Clark, Pascoe, Randolph, Calhoun also entered and fell into line. Finally when the supernumeraries began to hasten to the platform of alchemy his chubby little thumb on the push button and sending calls all over the office. He was having lots of fun, and if he had only been given time he would have probably rung in a riot call to police headquarters and also brought out the fire department in all its pomp and glory.

It cost papa a dollar-and-a-half for cigars.

SPIKE AND RAIL. All westbound through trains on both lines are late today.

W. J. Caverley, general agent of the Western with headquarters at Denver, was in town yesterday.

The Denver & Rio Grande shipped seventeen cars of cattle from Price to South Omaha on Saturday.

F. A. Miller, general passenger and ticket agent of the Chicago, Milwaukee & St. Paul, is in town today.

Edward H. Harriman is expected to pass through Ogden on his way to Chicago to Oglethorpe, within the next ten days.

Work on the grading of the extension of the California Eastern has commenced. Bright & Granda are the contractors.

Over 200 cars on the Wyoming division of the Union Pacific are to be dismantled of their sides, reducing them to flat cars.

Rio Grande Western earnings for the third week of March were \$92,500, an increase of \$12,400. For three weeks, \$232,100, an increase of \$20,300.

After filing the amended articles of the Standard Cattle Co., President H. C. Burt, and the rest of the Union Pacific officials left for the East.

The Burlington is now running a train out of Denver which represents the investment of \$101,500. It leaves Denver at 4 p. m. for Chicago.

CHURCH NOTICES.

HOME MISSIONARIES. The regular monthly meeting of the home missionaries of the Salt Lake Stake of Zion will convene in the assembly hall of the Latter-day Saints' College, Temple avenue, Salt Lake City, on Wednesday, March 27, 1901, at 7:30 p. m. JAMES D. STELLING, Clerk of Stake.
