NEWS OF THE WEST.

Robber Gets Off Easy Because He Used a Wooden Gun.

HAD A BULLET IN HIS BRAIN.

Will Shut Out Catholics—Killed by an Explosive—Crocker's New Trial.

The city jail at Prescott, Arizona, is now empty for the second time since it was built.

H. S. Crocker, convicted of the murder of Harvey Booth, at Evanston, Wyoming, has been granted a new trial.

C. H. Hubbard, mayor-elect of Sacramento, has announced that he will exclude Catholics from office as far as practicable.

St. John, Kansas, News: Elder Frank Raleigh, of the Latter-day Saints' Church, who recently came to this branch of the Church from the Indian nation, on account of his health, is confined to his bed.

A. C. Fries, who held up the Kinsman Pass stage a month ago, was sentenced to five years in the penitentiary by Judge Bellinger, at Portland, Ore., on Saturday. The light sentence, the judge said, was due to the fact that Fries did not use a real gun but an imitation one made of cedar bark, when he stopped the stage.

Private letters from Japan announce the fact that the Diet will meet on Christmas day and will adjourn for the holidays. The naval appropriation will not come up before February or March, and the bill will then be passed without amendment. It is announced that the occupation of the bill are already settled and will not be altered. It is certain that at least one of the ships will be awarded to the Union Iron Works of San Francisco.

Two years ago in Oakland, Mr. and Mrs. Benjamin F. Peckham of San Jose, Cal., were married. It was a runaway match. Saturday the wife instituted an action to force Benjamin to pay $100 a month for the support of herself and child. A divorce is not asked for nor is the particularly anxious to have him return, but she thinks she should not be left penniless, when he has a half interest in the San Jose Laundry association, valued at $15,000.

Uinta, Wyoming, Herald: The Orient Mining company has filed articles of incorporation in the office of the secretary of state. The company is capitalized at $100,000, and will carry on business in Uinta county, this state. The principal office will be in Evanston, and there will be branch offices at Cokeville, Wyoming, and Salt Lake City, Utah. The trustees for the first year are Sylvanus Collett, Nellie Collett, Peter J. McDermott and John C. Hamm.

The locomotive engineers have a grievance against the Southern Pacific company. Representatives from the brotherhoods on both the Atlantic and Pacific systems of the company are gathering in San Francisco, and some time during this week they will appear before Manager J. A. Fillmore and endeavor to secure from him some adjustment of the objectionable conditions over which they are grieved. The complaint is against the mileage system of wages.

The Sacramento Bee makes the following point on a certain class of free advertising: "A couple of strong, healthy-looking young men were in the Bee office on Wednesday, seeking a lengthy puff for themselves. They propose to beat their way across the continent—either on foot or on bicycles, we did not stop to ask them which—and wanted a big "send-off." They did not receive it. This paper objects to helping good American people to get so far out of range of home news and native wood piles."

Jas. Spellman and Chas. O'Malley, tunnelmen, lost their lives in a drift on Clarendon Heights, near San Francisco, Saturday morning, through the explosion of 1,500 pounds of powder in a parallel drift forty feet away. Daniel Sweeney and John Lilak, fellow workmen, were taken out in an unconscious condition, but will recover. All were suffocated by the poisonous fumes of burning powder, which escaped through the porous rock, the mouth of the drift in which they were working being completely choked up with falling debris.

An autopsy on the remains of Hermann Pinschke, who died at the hospital in San Francisco Thursday night, brought to light the fact that he had lived for ten years with a bullet in his brain. Pinschke attempted to commit suicide in 1885 by shooting himself through the head. The ball entered the right temple, passed through the right eye, thence beneath the left eye, lodging in the brain near the left temple. He lay for months at death's door and finally recovered, but he always said the bullet was in his brain and that his mind often left as if some one were squeezing it in a vise. He died, however, of consumption.

Horace Greeley once said: "The way to resume is to resume," speaking of again putting gold into circulation after the war. But you may say "resume" any number of times to that breath liver of yours and it won't budge until you take Simmons Liver Regulator. Many people seem to feel as if Constipation, Biliousness and Sick Headache are all caused by a sluggish liver. Keep the liver active, and

Troubled With Periodical Dysentery.
Henry P. Silvers, of Logan, Jamaica, West Indian Islands, says: "Since my recovery from an attack of dysentery, some few years ago, it comes on suddenly at times and makes me very weak. A teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy taken in a little water gives me immediate relief. I could get a dozen testimonials from people here who have been cured by this remedy."

"The Common People,"

As Abraham Lincoln called them, do not care to argue about their ailments. What they want is a medicine that will cure them. The simple, sure statement, "I know that Hood's Sarsaparilla cured me," is the best argument in favor of this medicine, and this is what many thousands voluntarily say.

Hood's Pills are the best after-dinner pills, assist digestion, cure headache, 25c.
